RESOLUTION FOR BARUCH COLLEGE FIELD BUILDING FIRE ALARM SYSTEM UPGRADE

RESOLVED: That the Board of Trustees of The City University of New York authorize the City University Construction Fund to execute a contract with the firm of Siemens Industry, Inc. to modify the existing fire alarm system as required to upgrade the system to meet new code requirements by the New York City Fire Department. The total cost of the installation of the modifications shall be chargeable to the State Capital Construction Fund, Project No. 2807909999 for an amount not to exceed $2,000,000. The contract shall be subject to approval by the University Office of the General Counsel; and be it further

RESOLVED: That the City University Construction Fund be and hereby is authorized to execute a contract with the selected bidder for construction services.

EXPLANATION: The Field Building at Baruch College is being renovated in several phases which will take at least ten years, due to funding limitations and to the need of Baruch to use the building throughout the renovation because of severe space constraints. Because of the duration of the renovation, the New York City Fire Department requires that the existing fire alarm be modified in order for the Fire Department to approve the new fire alarm installation of the total building renovation. The Fund on behalf of the City University of New York intends to upgrade the existing Field Building Fire Alarm system to meet new code requirements as required by the New York City Fire Department. The proposed vendor will undertake the work under a New York State Office of General Services Contract.
