1. **Nature of Action**
   Request for permission to execute a contract on behalf of Baruch College to purchase services and equipment to install a fire alarm system in the Information and Technology Building at Baruch College.

2. **Related Trustee Actions**
   $900,000 was approved by the Board on June 24, 2013 for both design and construction of this project. Subsequent to the completion of the design, it was determined that an additional $200,000 will be required to undertake the fire alarm installation.

3. **Project History**
   The fire alarm system in the Information and Technology Building is in need of replacement. The existing fire alarm system is not functional and component parts are no longer available to maintain the system in working order. Due to the inability to obtain necessary parts, the systems cannot be repaired and cannot be approved by FDNY.

4. **Project Scope**
   The scope of work includes:
   - Preparation of plans and specifications for the installation of the fire alarm system, which is complete;
   - Obtaining plan approval from NYC DOB and Fire Department;
   - Labor and materials required for the complete installation of the fire alarm system.

5. **Net-to-Gross Efficiency**
   Not Applicable

6. **Schedule**
   - Design Start: July 2013
   - Installation Start: July 2014

7. **Project Funding**
   - **Source:** DASNY Bonded Funds
   - **Amounts:** Design, Equipment, and Installation $ 1,100,000

8. **Cost**
   Per Engineering, Equipment, Installation with construction contingency included in Resolution amount.

9. **Cost per Square Foot**
   Not Applicable
