RESOLVED, That the Board of Trustees of The City University of New York appoint Jay Rosen as Distinguished Professor of Mathematics at The College of Staten Island effective February 1, 2014, with compensation of $28,594 per annum in addition to his regular academic salary, subject to financial ability.

EXPLANATION: One of the world’s leading theorists of probability, Professor Rosen was educated at Harvard University, where he earned his undergraduate degree, and at Princeton University, where he received his doctorate. Professor Rosen joined The College of Staten Island in 1986 and became a member of The Graduate Center’s doctoral faculty the following year.

Professor Rosen is the author of two monographs published by the American Mathematical Society, a book published by the Cambridge Studies in Advanced Mathematics, and over 100 refereed articles. His research has been supported repeatedly by the National Science Foundation, and in 2005, he became a Fellow of the Institute of Mathematical Statistics.

The College of Staten Island and The City University of New York will be well-served by Professor Rosen’s appointment as Distinguished Professor.
