EXPLANATION: The Chancellor’s University Report consists of standard resolutions and actions of a non-policy nature which require approval by the Board of Trustees.

NO. 2. APPROVAL OF MINUTES: RESOLVED, That the minutes of the regular Board meeting of March 2, 2015 be approved.

NO. 3. COMMITTEE ON FISCAL AFFAIRS: RESOLVED, That the following items be approved:

A. BOROUGH OF MANHATTAN COMMUNITY COLLEGE - PURCHASE OF CHILLER AND FAN COIL UNITS:

RESOLVED, That the Board of Trustees of The City University of New York authorize Borough of Manhattan Community College to issue purchase orders to Trane US, Inc. for the main building chiller and fan coil units at 199 Chambers Street against Schedule 84, GSA Federal Government Contract No.GS-07F-0248k for the term of the contract, which expires September 30, 2015, pursuant to law and University regulations. Such purchase shall not exceed a total estimated cost of $2,630,000 with the chiller cost ($630,000) and the window fan coils ($2 million) chargeable to CUNYfirst expense code 55004, budget code 80073.

EXPLANATION: Borough of Manhattan Community College will use this contract to replace the original 30+ year old 350-ton Carrier chiller and the window fan coil units (65 low boy units and 258 vertical and overhead fan coils) with more energy-efficient units as part of BMCC’s commitment to EO88 and sustainability. The new chiller has a 1.73 year payback. The new window fan coils have multiple settings allowing the units to be turned off during periods of non-use. They have a 20-year useful life. This purchase will result in an annual energy cost savings of over $308,000 arising from the 1356 kWh electricity and 9316 Mlbs of steam conserved.

B. BOROUGH OF MANHATTAN COMMUNITY COLLEGE - HVAC SYSTEM UPGRADE:

RESOLVED, That the Board of Trustees of The City University of New York authorize Borough of Manhattan Community College to issue purchase orders to Honeywell Building Solutions for the HVAC System upgrade at 199 Chambers Street against Schedule 84, GSA Federal Government Contract No.GS-07F-0063H for the term of the contract which expires July 29, 2018, pursuant to law and University regulations. Such purchase shall not exceed a total estimated cost of $966,750 chargeable to CUNYfirst expense code 51006, budget code 80061.

EXPLANATION: Borough of Manhattan Community College plans to install variable frequency drives (VFDs) on all of its large air handling units and pumps at 199 Chambers Street as part of its sustainability efforts. Instead of having these industrial motors run continuously 24-hours at full speed, the frequency drives will allow engineering staff to reduce, stagger or even turn off the motors. In
addition to the $606,982 annual cost savings arising from the 3,746,800 kWh electricity conserved, there is also a significant reduction in wear and tear of equipment and the need for costly, hard to find replacements.

C. BOROUGH OF MANHATTAN COMMUNITY COLLEGE - LED LIGHTING UPGRADE - 199 CHAMBERS STREET:

RESOLVED, That the Board of Trustees of The City University of New York authorize Borough of Manhattan Community College to issue purchase orders to Graybar Electric Company Inc. for the purchase of LED lights, lighting controls, sensors, and ballasts against New York State OGS Contract #PC66664 for the term of the contract, which expires March 31, 2016, pursuant to law and University regulations. Such purchase shall not exceed a total estimated cost of $780,000 chargeable to CUNYfirst expense code 51006, budget code 80061.

EXPLANATION: Borough of Manhattan Community College will install energy-efficient LED lights, lighting controls, sensors, and ballasts to replace current lighting systems at 199 Chambers Street as part of its commitment to EO88 and sustainability efforts. The new LED lights will have occupancy sensors, customizable settings depending on room use, daylighting harvesting controls, and connectivity to the Building Management System that allows for the remote shut down of lights during periods of inactivity. The annual estimated savings is $128,300 per year resulting from an estimated 792,000 kWh electricity conserved.

D. BOROUGH OF MANHATTAN COMMUNITY COLLEGE - LIGHTING CONVERSION PROJECT - MURRAY STREET CAMPUS:

RESOLVED, That the Board of Trustees of The City University of New York authorize Borough of Manhattan Community College to issue purchase orders to Fastenal Company for the purchase of LED lighting fixtures, motion sensors, controls and energy management package against New York City DCAS Contract No. 20121203256 for the term of the contract which expires May 31, 2017, pursuant to law and University regulations. Such purchase shall not exceed a total estimated cost of $900,900 chargeable to CUNYfirst expense code 51002, budget code 80061.

EXPLANATION: Borough of Manhattan Community College will install LED lighting fixtures with motion sensors to replace the existing lighting system and install the energy management package to integrate the LED fixtures with the existing Building Management System that will then be able to use the sensors to monitor occupancy/vacancy, daylight harvesting, and temperature as part of its commitment to EO88 and sustainability efforts. The LED fixtures to be installed use 40-65% less energy and have a longer useful life than the current fluorescent fixtures, and integration of the LED fixtures with the Building Management System will allow the college to improve its control of its electrical consumption, resulting in an estimated savings of $117,209 per year.

E. BOROUGH OF MANHATTAN COMMUNITY COLLEGE - INSTRUCTIONAL TELEVISION STUDIO EQUIPMENT UPGRADE AND REHABILITATION - 199 CHAMBERS STREET CAMPUS:

RESOLVED, That the Board of Trustees of The City University of New York authorize Borough of Manhattan Community College to issue purchase orders for the purchase and installation of studio equipment against New York State OGS Contracts, pursuant to law and University regulations. Such purchase shall not exceed a total estimated cost of $1,500,000 chargeable to CUNY first expense code 55006, budget code 80075.

EXPLANATION: Borough of Manhattan Community College will replace obsolete, end-of-life production equipment in its main instructional television studio at 199 Chambers Street Campus with professional grade equipment found in today’s television and multi-media studios to better prepare students in The
Video Arts and Technology Program and the Media Arts Department to enter the broadcasting, film and television workforce.

F. BROOKLYN COLLEGE – RELEASE OF RESTRICTIONS ON VARIOUS FUNDS TO BE USED FOR SPECIFIED PURPOSES:

RESOLVED, That the Board of Trustees of the City University of New York authorizes the release of restrictions on various funds at Brooklyn College (as listed on Schedule A annexed hereto) and further authorizes those funds to be used for the purposes indicated on Schedule A, upon prior notice to the New York State Attorney General, as and if required by the New York Prudent Management of Investment Funds Act. The General Counsel is authorized to sign any documents necessary in connection with the authorizations granted hereby.

EXPLANATION: The New York Prudent Management of Investment Funds Act (NYPMIFA), enacted in 2010 as part of the New York Not-for-Profit Corporation Law, provides for the release or modification of donor-imposed restrictions on gifts under certain circumstances. Under NYPMIFA, funds that are more than 20 years old and have balances of less than $100,000 may be repurposed by CUNY without the need for court approval. The funds listed on Schedule A meet that criteria. All of the funds are being proposed for alternative uses because the current uses are either unlawful, impractical, wasteful, or their current purposes are impossible to comply with.

The CUNY Office of the General Counsel has worked closely with the College in this repurposing effort, and has reviewed the available donation instruments and other materials in support of the proposed changes.

An earlier version of Section A was approved by the Board on May 5, 2014. The Office of the Attorney General requested certain changes to that version. The annexed Schedule A has been approved by the Office of the Attorney General.

G. LEHMAN COLLEGE – RELEASE OF RESTRICTIONS ON VARIOUS FUNDS TO BE USED FOR SPECIFIED PURPOSES:

RESOLVED, That the Board of Trustees of the City University of New York authorizes the release of restrictions on various funds at Lehman College (as listed on Schedule A annexed hereto) and further authorizes those funds to be used for the purposes indicated on Schedule A, upon prior notice to the New York State Attorney General, as and if required by the New York Prudent Management of Investment Funds Act. The General Counsel is authorized to sign any documents necessary in connection with the authorizations granted hereby.

EXPLANATION: The New York Prudent Management of Investment Funds Act (NYPMIFA), enacted in 2010 as part of the New York Not-for-Profit Corporation Law, provides for the release or modification of donor-imposed restrictions on gifts under certain circumstances. Under NYPMIFA, funds that are more than 20 years old and have balances of less than $100,000 may be repurposed by CUNY without the need for court approval. The funds listed on Schedule A meet that criteria. All of the funds are being proposed for alternative uses because the current uses are either unlawful, impractical, wasteful, or their current purposes are impossible to comply with.

The CUNY Office of the General Counsel has worked closely with the College in this repurposing effort, and has reviewed the available donation instruments and other materials in support of the proposed changes.

An earlier version of Section A was approved by the Board on May 5, 2014. The Office of the Attorney General requested certain changes to that version. The annexed Schedule A has been approved by the Office of the Attorney General.
H. THE CITY UNIVERSITY OF NEW YORK - INVESTMENT PORTFOLIO EXPENDITURE APPROPRIATION:

RESOLVED, That the Board of Trustees has determined, in accordance with CUNY’s Spending Policy (which is Exhibit B to the Investment Policy), that it is prudent and appropriate to maintain an appropriation of 4.5% for the funds in the Portfolio for the fiscal year ended June 30, 2016.

NOTE: A copy of the Investment Policy is on file in the Office of the Secretary of the Board, along with the disposition of summaries of the meetings of the Fiscal Affairs Committee and the Subcommittee on Investment on April 6, 2015.

EXPLANATION: The CUNY Portfolio is a pooled investment vehicle for multiple individual accounts that include both endowed and non-endowed funds received by CUNY for its general purposes, funds received by CUNY for the benefit of a specific CUNY College and funds belonging to one or more of the College Foundations that have chosen to invest in the Portfolio. CUNY’s policies and procedures with respect to spending from the Portfolio shall comply with the New York Prudent Management of Institutional Funds Act [NYPMIFA]. Decisions with respect to spending from CUNY Funds in the Portfolio shall be made by CUNY’s Board of Trustees on recommendation from the CUNY Subcommittee on Investments (the "Subcommittee"). Decisions with respect to spending from College Foundations invested in the Portfolio must be made by the respective foundation boards, though each is asked to consider, to the extent possible and prudent, the spending rate of the Portfolio in order to preserve the long-term value of the funds in the Portfolio.

In making any recommendation or decision to appropriate funds, the Subcommittee and Board must act in good faith with the care that an ordinarily prudent person in a like position would exercise under similar circumstances. Also, to ensure compliance with NYPMIFA, CUNY Funds in the Portfolio are categorized into groups of similarly situated funds according to purpose. The Subcommittee reviews the categories and the composition of each group to ensure the Funds are properly classified. It then deliberates on the prudence of the spending rate for each of the categories based upon the eight prudence factors mandated by NYPMIFA, and listed in Exhibit B Subsection 1A of this Policy, prior to making its recommendation to the Board for the next fiscal year. The Subcommittee on Investment and the Fiscal Affairs Committee have both reviewed and approved the proposed expenditure appropriation.

I. THE CITY UNIVERSITY OF NEW YORK - AMENDMENT TO THE 2013 INVESTMENT POLICY - APPENDIX A:

RESOLVED, That the Board of Trustees approve an amendment to the University’s Investment Policy ["Policy"] adopted in June 2013, revising the Asset Allocation [which is Exhibit A] as follows: the target asset allocation for U.S. Equity is changed from 26% to 21% and the range is unchanged at 15%-30%; the target asset allocation for Global ex U.S. Equity is changed from 21% to 18% and the range is unchanged at 10%-25%; the target asset allocation for Emerging Market Equity is changed from 10% to 8% and the range is unchanged at 5%-12%; the target asset allocation for Hedge Funds is changed from 13% to 18% and the range is 10%-25%; and the target asset allocation for Fixed Income is changed from 15% to 10% and the range is 5%-15%. The real asset target is unchanged and the range therefore also unchanged. A new 10% target for Private Equity has been added with a range of 0%-15%

NOTE: A copy of the Amended Investment Policy is on file in the Office of the Secretary of the Board, along with the disposition of summaries of the Fiscal Affairs Committee and the Subcommittee on Investment on April 6, 2015.

EXPLANATION: The Fiscal Affairs Committee and the Subcommittee on Investments met for the annual review of Policy. In consultation with CUNY’s investment consultant, Cambridge Associates, it was determined that the allocations for U.S. Equity, Non-U.S. Equity, Emerging Market Equity, Hedge Funds
and Fixed Income should be revised. The Subcommittee on Investment and the Fiscal Affairs Committee have both reviewed and approved the proposed amended Investment Policy.

**NO. 4. COMMITTEE ON ACADEMIC POLICY, PROGRAMS AND RESEARCH:** RESOLVED, That the following items be approved:

**A. BOROUGH OF MANHATTAN COMMUNITY COLLEGE - A.A. IN SOCIOLOGY, A.A. IN ART HISTORY, A.A. IN MODERN LANGUAGES, AND A.S. IN STUDIO ART:**

RESOLVED, That the programs in Sociology, Art History and Modern Languages leading to the Associate of Arts and the program in Studio Art leading to the Associate of Science at Borough of Manhattan Community College be approved, effective May 4, 2015, subject to financial ability.

**EXPLANATION:** BMCC is proposing transfer majors in specific traditional academic fields already taught at the College. This move away from having all students in one major named “Liberal Arts” will allow the college to align students earlier with faculty advisors in the students’ intended area of study and facilitate articulation agreements with CUNY senior colleges. Since the courses in these programs already exist, this is a low cost initiative that is expected to improve retention and graduation rates.

**B. YORK COLLEGE - M.S. IN PHARMACEUTICAL SCIENCE AND BUSINESS:**

RESOLVED, That the program in Pharmaceutical Science and Business leading to the Master of Science at York College be approved, effective May 4, 2015, subject to financial ability.

**EXPLANATION:** Responding to the educational and professional needs of graduates of its own and other Pharmaceutical Science undergraduate programs as well as the human resource needs of the pharmaceutical and related industries and the government regulating agencies, York College is proposing a graduate program leading to the M.S. in Pharmaceutical Science and Business. This professional master’s degree combines the science of pharmaceuticals with coursework in regulatory affairs, intellectual property and the business of the pharmaceutical industry. The college intends to build upon its existing collaborations with the Northeast Regional Laboratory of the U.S. Food and Drug Administration located on the college’s campus.

**C. JOHN JAY COLLEGE - B.A. IN SPANISH:**

RESOLVED, That the program in Spanish leading to the Bachelor of Arts at John Jay College be approved, effective May 4, 2015, subject to financial ability.

**EXPLANATION:** As part of its strategic agenda to offer a full array of liberal arts majors, John Jay College is proposing a B.A. in Spanish. Students will specialize in either the more traditional option, literature and culture of Spanish speaking peoples, or a more professional option on translation and interpretation. Forty-one percent of John Jay students are from heritages in which Spanish is the dominant language, the highest percentage of all of the senior colleges. The Department of Modern Languages and Literature does not anticipate needing to hire any additional faculty members and very few new courses will need to be created for this program, making this a low cost program with an anticipation of strong enrollment.

**D. LAGUARDIA COMMUNITY COLLEGE - A.A.S. IN ENERGY TECHNICIAN:**

RESOLVED, That the program in Energy Technician leading to the Associate of Applied Science at LaGuardia Community College be approved, effective May 4, 2015, subject to financial ability.

**EXPLANATION:** Graduates of the AAS in Energy Technician will be qualified for entry level positions in research and development of high-tech products, aerospace product and parts development, and
manufacturing of navigational, measuring, electromedical and control instruments, to mention only a few. This proposal is a product of partnerships. First, it is a partnership with the New York City Department of Education. In addition to the program being offered to students admitted directly to LaGuardia, it will be offered at the new Energy Tech High School in Long Island City, Queens, not far from LaGuardia. Second, industry partners, Con Edison and National Grid supported the development of this program, both at LGCC and at Energy Tech, and will provide internships with the possibly of direct employment upon graduation.

E. MEDGAR EVERS COLLEGE - B.S. IN FINANCIAL ECONOMICS:

RESOLVED, That the program in Financial Economics leading to the Bachelor of Science at Medgar Evers College be approved, effective May 4, 2015, subject to financial ability.

EXPLANATION: Graduates of this proposed program will be well versed in the highly quantitative areas of finance and economics. Specialized coursework in micro and macroeconomics will prepare students for private sector careers in real estate, financial services and banking as well as public sector careers in public finance, compliance and regulatory practices in addition to graduate study in business, economics and law. Enrollment in courses in economics and finance have increased steadily over the past few years and it is therefore expected that this program will be a welcome addition to the college’s offering.

F. COLLEGE OF STATEN ISLAND - B.S. IN EARTH AND ENVIRONMENTAL SCIENCE, AND B.S. IN EARTH SCIENCE/ADOLESCENT EDUCATION (7-12):

RESOLVED, That the program in Earth and Environmental Science and the program in Earth Science/Adolescent Education (7-12) both leading to the Bachelor of Science at the College of Staten Island be approved, effective May 4, 2015, subject to financial ability.

EXPLANATION: The growing local job market in the fields of geology and environmental science will provide good opportunities for graduates of this program. Currently available jobs include geologists, geoscientists, environmental scientists, environmental technicians and engineers, many of which require only a bachelor’s degree. There is also currently a shortage of Earth Science teachers in New York City and the program in Earth Science for teachers of grades 7 – 12 would help to fill this need.

G. THE CITY UNIVERSITY OF NEW YORK - INDEPENDENT STANDING AND DEGREE AUTHORITY FOR THE CUNY SCHOOL OF PROFESSIONAL STUDIES:

RESOLVED, That the CUNY School of Professional Studies (“SPS”), established and currently operating within the CUNY Graduate School and University Center (“GSUC”), be allowed to seek an independent registration as an institution of Higher Education with the New York State Department Education, with an independent degree authority for its academic programs as well as an independent accreditation status with the Middle States Commission on Higher Education. A corresponding request will be filed with NYSED, including a Master Plan Amendment as necessary. The academic programs currently being offered by the SPS and registered to the GSUC will be transferred to the SPS following its establishment as a stand-alone institution.

EXPLANATION: The CUNY School of Professional Studies (SPS) was created in 2003 by CUNY’s Board of Trustees with the purpose of meeting the educational needs of working adults, organizations, and employers. Since then, SPS has developed into a well-established school serving New York City through the provision of innovative, and academically rigorous programs of study designed to address new or unmet needs. Home to CUNY’s first fully online undergraduate degrees, groundbreaking master’s degree programs, customized programs for city and state agencies, and the nationally renowned Joseph S. Murphy Institute, SPS has found new ways of fulfilling CUNY’s mission of access.
Similar to other cross-campus initiatives, SPS was initially established within the GSUC. However, SPS has been operating with a high degree of independence from the beginning. SPS has its own local governance body which is independent from the governance body of the Graduate School as well as other entities comprising the University Center. SPS provides student support and most administrative services independently of the GSUC. In addition, there is no overlap between academic programs at the SPS and the GSUC.

After the formal separation of SPS from the GSUC, all faculty and administrative staff are expected to remain in place. The main campus of SPS will continue to be at 119 West 31st Street, where the University is currently leasing 68,000 square feet of space on five floors. This space is complemented by two floors of administrative space leased by the University at 101 West 31st Street, and the Murphy Institute’s facility located at 25 West 43rd Street.

The proposed action brings the formal organizational structure up to date with the operational and academic procedures currently in place. SPS has reached the point of institutional maturity at which it is ready to be registered as a stand-alone institution. This action will simplify a number of administrative matters and allow greater visibility for SPS programs, which are meant to attract students not only locally, but nationally and internationally.

Dr. Muyskens has made a pledge to the Queens College Foundation in the amount of $250,000 to establish the “James Muyskens Summit Scholarship Endowment Fund.” Dr. Muyskens’ gift will provide awards to students of modest means to reside in the College’s Summit Residence Hall.

In further recognition of the generosity of this contribution from Dr. Muyskens, as well as his years of service to Queens College, the College requests the Board’s approval to name the “James L. Muyskens College Conference Center,” located within Summit Residence Hall at Queens College.

EXPLANATION: Students at the Graduate School of Journalism held a referendum to formally establish the continuation of a $50.00 student activity fee, effective Fall 2015.

A special referendum was held February 24 through March 1, 2015, in accordance with University Bylaw Section 16.12, at a time other than in conjunction with student government elections. The vote on the referendum was 38 in favor and 1 opposed, with 31% of the eligible students voting on the referendum. The Dean supports this fee.

The $36.55 fee allocated by Student Government funds a variety of extracurricular activities, programs, student clubs, social events and educational conference attendance for graduate journalism students. Through an arrangement with the CUNY Graduate Center, Graduate Journalism students pay a $12.00 fee for Health Care Services that provides them access to Health and Wellness Services that are available to students at the Graduate Center.
The earmarkings set forth in this resolution may only be changed by further Board action.

B. NOTICE OF AMENDMENTS TO THE BOARD OF TRUSTEES BYLAWS:

Notice is served of proposed amendments to the Board Bylaws, Article XVI, regarding Student Activity Fees and Auxiliary Enterprises of the Bylaws:

SECTION 16.5. COLLEGE ASSOCIATION.

a. The college association shall have responsibility for the supervision and review over college student activity fee supported budgets. All budgets of college student activity fees, except where earmarked by the board to be allocated by another body, should be developed by a college association budget committee and recommended to the college association for review by the college association prior to expenditure. The college association shall review all college student activity fee, including student government fee allocations and expenditures for conformance with the expenditure categories defined in Section 16.2. of this article and the college association shall disapprove any allocation or expenditure it finds does not so conform, or is inappropriate, improper, or inequitable.

b. A college association shall be considered approved for purposes of this article if it consists of thirteen (13) regular, voting members and up to six (6) alternates, its governing documents are approved by the college president and the following requirements are met. Notwithstanding the foregoing, a college association that is not separately-incorporated may have a governing board of thirteen (13) members consisting of the individuals listed in 1(i) through 1(iv) below, plus one additional administrative member and one additional faculty member, and is not required to have the audit committee referenced in 3 below:

1. The governing board of the college association is composed of:

(i) The college president or his/her designee as chair.
(ii) Two administrative members and one administrative alternate, appointed by the college president.
(iii) Two faculty members and up to two faculty alternates appointed by the college president from a panel whose size is twice the number of seats (including the alternates) to be filled and the panel is elected by the appropriate college faculty governance body.
(iv) Six student members and up to three student alternates comprised of the student government president(s) and other elected students with the student seats allocated on a basis which will provide representation to each government, where more than one exists, as nearly as practicable in proportion to the student activity fees provided by the students from the respective constituencies.
(v) Two independent directors appointed by the college president. An independent director shall be a former employee of the college or the association, a college alum, a community member, or any other individual, who, pursuant to Section 102 of the Not-for-Profit Corporations Law: (A) has not been within three years of his or her appointment to the governing board of the association, an employee of the association, CUNY or the Research Foundation of CUNY; and (B) does not have a relative who is, or has been within three years of the individual’s appointment to the governing board, a key employee of the association, CUNY or the Research Foundation of CUNY; and (C) has not received, and does not have a relative who has received, in any of the three fiscal years prior to the individual’s appointment to the governing board, more than $10,000 in direct compensation from the association, CUNY or the Research Foundation of CUNY (other than reimbursement for expenses reasonably incurred as a director or reasonable compensation for service as a director as permitted by the Not-for-Profit Corporations Law); and (D) is not a current employee of or does not have a substantial financial interest in, and does not have relative who is a current officer of or has a substantial financial interest in, any entity that has made payments to, or received payments from, the association, CUNY or the Research Foundation of CUNY for property or services in an amount which, in any of the three fiscal years prior to the individual’s appointment to the governing board, exceeds the lesser of $25,000 or 2% of such
entity’s consolidated gross revenues. For purposes of this definition, “payment” does not include charitable contributions.

(vi) The alternates may attend meetings of the governing board, and each shall be entitled to vote on such matters that come before the governing board to the extent that the alternate is substituting for an member of the same constituency.

2. The college association structure provides a budget committee composed of members of the governing board, at least a majority of whom are students selected in accordance with section 16.5.(b)(1)(iv) of these bylaws. The budget committee shall be empowered to receive and review student activity fee budget requests and to develop a budget subject to the review of the college association. The college association may choose to not approve the budget or portions of the budget if in their opinion such items are inappropriate, improper, or inequitable. The budget shall be returned to the budget committee with the specific concerns of the college association noted for further deliberation by the budget committee and subsequent resubmittal to the college association. If the budget is not approved within thirty (30) days those portions of the budget voted upon and approved by the college association board will be allocated. The remainder shall be held until the college association and the budget committee agree.

3. Every separately-incorporated college association shall have an audit committee consisting of the two independent directors and one student member elected by the governing board who meets the criteria for independence set forth in 16.5.(b)(1)(v)(A) through (D). The audit committee shall oversee the accounting and financial reporting processes of the association and the audit of the association’s financial statements and shall have such other duties as set forth in Section 712-a of the Not-for-Profit Corporations Law.

All budgets of auxiliary enterprise funds and all contracts for auxiliary enterprises shall be developed by the auxiliary enterprise budget and contract committee and reviewed by the auxiliary enterprises corporation board prior to expenditure or execution.

b. The auxiliary enterprises corporation board shall be considered approved for the purposes of this article if it consists of at least eleven (11) members, its governing documents are approved by the college president and the following requirements are met:

1. The governing board is composed of the college president or his/her designee as chair, plus an equal number of students and the combined total of faculty and administrative members, and two independent directors.

2. The administrative members are appointed by the college president.

3. The faculty members are appointed by the college president from a panel whose size is twice the number of seats to be filled and the panel is elected by the appropriate college faculty governance body.

4. The student members are the student government president(s) and other elected students and the student seats are allocated on a basis which will provide representation to each government, where more than one exists, as nearly as practicable, in proportion to the student enrollment by headcount from the respective constituencies.
5. The independent directors are appointed by the college president. An independent director shall be a former employee of the college or the auxiliary enterprises corporation, a college alum, a community member, or any other individual, who, pursuant to Section 102 of the Not-for-Profit Corporations Law: (A) has not been within three years of his or her appointment to the governing board of the auxiliary enterprises corporation, an employee of the auxiliary enterprises corporation, CUNY or the Research Foundation of CUNY; and (B) does not have a relative who is, or has been within three years of the individual’s appointment to the governing board, a key employee of the auxiliary enterprises corporation, CUNY or the Research Foundation of CUNY; and (C) has not received, and does not have a relative who has received, in any of the three fiscal years prior to the individual’s appointment to the governing board, more than $10,000 in direct compensation from the auxiliary enterprises corporation, CUNY or the Research Foundation of CUNY (other than reimbursement for expenses reasonably incurred as a director or reasonable compensation for service as a director as permitted by the Not-for-Profit Corporations Law); and (D) is not a current employee of or does not have a substantial financial interest in, and does not have relative who is a current officer of or has a substantial financial interest in, any entity that has made payments to, or received payments from, the auxiliary enterprises corporation, CUNY or the Research Foundation of CUNY for property or services in an amount which, in any of the three fiscal years prior to the individual’s appointment to the governing board, exceeds the lesser of $25,000 or 2% of such entity’s consolidated gross revenues. For purposes of this definition, “payment” does not include charitable contributions.

5. The auxiliary enterprise board structure provides for a budget and contract committee composed of a combined total of faculty and administrative members that is one more than the number of student members. The budget and contract committee shall be empowered to develop all contract and budget allocation proposals subject to the review and approval of the auxiliary enterprise board.

6. The auxiliary enterprises corporation shall have an audit committee consisting of the two independent directors and one student member elected by the governing board who meets the criteria for independence set forth in 16.10.(b)(5)(A) through (D). The audit committee shall oversee the accounting and financial reporting processes of the auxiliary enterprises corporation and the audit of the auxiliary enterprises corporation’s financial statements and shall have such other duties as set forth in Section 712-a of the Not-for-Profit Corporations Law.

76. The governing documents of the auxiliary enterprises corporation board have been reviewed by the board’s general counsel and approved by the board.

SECTION 16.11. THE REVIEW AUTHORITY OF COLLEGE PRESIDENTS OVER STUDENT ACTIVITY FEE ALLOCATING BODIES AND AUXILIARY ENTERPRISES CORPORATIONS BOARDS.

a. The president of the college shall have the authority to disapprove any student activity fee, including student government fee, or auxiliary enterprise allocation or expenditure, which in his or her opinion contravenes the laws of the city, state, or nation or any bylaw or policy of the university or any policy, regulation, or order of the college. If the college president chooses to disapprove an allocation or expenditure, he or she shall consult with the general counsel and vice chancellor for legal affairs and thereafter communicate his/her decision to the allocating body or auxiliary enterprise board.

b. The president of the college shall have the authority to suspend and send back for further review any student activity fee, including student government fee, allocation or expenditure which in his or her opinion is not within the expenditure categories defined in section 16.2. of this article. The college association shall, within ten (10) days of receiving a proposed allocation or expenditure for further review, study it and make a recommendation to the president with respect to it. The college president shall thereafter consider the recommendation, shall consult with the general counsel and vice chancellor
for legal affairs, and thereafter communicate his/her final decision to the allocating body as to whether the allocation or expenditure is disapproved.

c. The chancellor or his/her designee shall have the same review authority with respect to university student activity fees that the college president has with respect to college student activity fees.

d. All disapprovals exercised under this section shall be filed with the general counsel and vice chancellor for legal affairs.

e. Recipients of extramural student activity fees shall present an annual report to the chancellor for the appropriate board committee detailing the activities, benefits and finances of the extramural body as they pertain to the colleges where students are paying an extramural fee.

* * *

SECTION 16.13. DISCLOSURE.

a. The college president shall be responsible for the full disclosure to each of the student governments of the college of all financial information with respect to student activity fees.

b. The student governments shall be responsible for the full disclosure to their constituents of all financial information with respect to student government fees.

c. The student activity fee allocating bodies shall be responsible for the full disclosure of all financial information to its membership, to the college and to the student governments with respect to all of its activities.

d. The auxiliary enterprises corporation board shall be responsible for the full disclosure of all financial information to its membership, to the college and to the student governments with respect to auxiliary enterprises.

e. For purposes of the foregoing paragraphs, full disclosure shall mean the presentation each semester of written financial statements which shall include, but need not be limited to, the source of all fee income by constituency, income from other sources creditable to student activity fee accounts, disbursements, transfers, past reserves, surplus accounts, contingency and stabilization funds. Certified independent audits performed by a public auditing firm shall be conducted at least once each year.

NOTE: Matter underlined is new; matter struck through is to be deleted.

EXPLANATION: Effective July 1, 2014, New York State adopted the Not-for-Profit Revitalization Act of 2013 (NPRA), an act that amends the Not-for-Profit Corporations Law. On September 29, 2014, the Board approved a resolution permitting CUNY’s college associations and auxiliary enterprise corporations to make necessary changes to their bylaws in order to meet requirements under NPRA. One requirement of NPRA is that certain types of non-profits, including CUNY’s college associations and auxiliary enterprise corporations, have an audit committee comprised of “independent directors.” Article XVI of the Board’s bylaws mandates the composition of the boards of the college associations and auxiliary enterprise corporations. Under the current composition, the only “independent directors”--as that term is defined in NPRA--are students. The audit committee has significant responsibility regarding the corporation’s annual financial audit and also has the authority to bind the board. In order to avoid having an audit committee composed solely of students, this resolution amends Article XVI to include two independent directors on the college association and auxiliary enterprise corporation boards. These two directors, along with one student director, shall comprise the audit committee. In order to maintain the proportionate representation of students on the boards of the college associations, the number of administrative and faculty representatives serving on the college association boards has been reduced. This resolution also changes all references in Article XVI to the “auxiliary enterprise
boards” to the “auxiliary enterprises corporations,” which is a more accurate description. It also deletes the Article XVI requirement that an auxiliary enterprise corporation have a budget and contract committee to develop all contract and budget allocation proposals for review and approval by the corporation’s board, because it adds an unnecessary administrative step to the budget and contracting process.

NO. 7. EXECUTIVE COMMITTEE:

* Notice of Actions Taken by the Board of Trustees’ Executive Committee on March 26, 2015; included for informational purposes:

A. THE CITY UNIVERSITY OF NEW YORK - APPROVAL OF START-UP NY PARTICIPATING BUSINESS:

RESOLVED, That the Executive Committee of the Board of Trustees of The City University of New York approve the selection of OnForce Solar, Inc. (“OnForce”) to participate in the Start-Up NY program (the “Program”) through Bronx Community College. The President of Bronx Community College and the General Counsel are each authorized to execute and submit all documents that are necessary or useful to effectuate OnForce’s participation in the Program. OnForce’s participation in the Program shall be subject to all University and New York State requirements. All Program documents to be executed for the University shall be subject to approval as to form by the University Office of General Counsel.

EXPLANATION: The Program authorizes the creation of tax-free zones on eligible university campuses in New York State for new and expanding businesses. Under New York State law five CUNY campuses, including Bronx Community College, have been designated by the Board to participate in the Program. CUNY campuses other than the five designated by the Board may apply to host tax-free zones in competition with other universities.

Tax-free zones may be located within eligible College campuses, affiliated business incubators, and certain off-campus space affiliated with participating Colleges. Businesses locating within these tax-free zones will be generally exempt from State taxes, and the income paid to new employees of such businesses will be fully or partially exempt from State and local income taxes, for a period of ten years. In order to participate in the Program, businesses must be either a start-up or a high-tech business, must create new jobs, must not compete with any existing business within the immediate community but outside the tax-free zone, must be aligned with or further the academic mission of the host campus, and must provide positive community and economic benefits. Businesses applying to participate in the Program are subject to approval by CUNY and the NYS Commissioner of Economic Development.

The five campuses designated by the Board are permitted to include an unlimited amount of campus and affiliated space in the Program. CUNY has worked with New York State Empire State Development, which administers the Program, to solicit potential businesses on an ongoing basis, and the College identified OnForce as offering a particularly strong fit for its academic programs. Pursuant to University policy, OnForce was evaluated and recommended for selection into the Program by a committee of College and Central Office staff, and by the College President and the Vice Chancellor for Facilities Planning, Construction and Management (or their designees).

B. THE CITY UNIVERSITY OF NEW YORK - TRANSFER OF BROOKDALE PROPERTY TO CITY OF NEW YORK:

RESOLVED, That the Executive Committee of the Board of Trustees of The City University of New York (the “Executive Committee”) authorizes The City University of New York (“CUNY”) to cause the transfer (the “Transfer”) of the Brookdale Campus (identified as Block 962, part of Lot 100) (the “Brookdale Campus”) to the City of New York (the “City”); and be it further
RESOLVED, That the Executive Committee authorizes CUNY, in connection with the Transfer, to amend those certain master agreements dated as of July 15, 1986, May 25, 1994, August 16, 2000 and January 22, 2003 among the Dormitory Authority of the State of New York ("DASNY"), City University Construction Fund ("CUCF") and CUNY (collectively and as amended, the "Master Lease") to withdraw the Brookdale Campus from same, and to procure any necessary approvals for such amendment; and be it further

RESOLVED, That the Executive Committee authorizes CUNY, in connection with the Transfer, to notify and certify to the Commissioner of General Services of the State of New York (the "Commissioner") and the Director of the Office of Management and Budget of the City of New York (the "Director") that the Brookdale Campus has ceased to be used for senior college purposes; and be it further

RESOLVED, That the Executive Committee authorizes the execution by CUNY of all agreements, notices and certifications, and the taking of all actions, in connection with the Transfer, subject to their approval by the Office of General Counsel; and be it further

RESOLVED, That the Executive Committee authorizes CUNY to request that DASNY transfer the Brookdale Campus to New York State (the "State") and the State transfer the Brookdale Campus to the City pursuant to a confirmatory deed; and be it further

RESOLVED, That the Executive Committee authorizes the execution by CUNY of all agreements, notices and certifications, and the taking of all actions, in connection with the Transfer, subject to their approval by the Office of General Counsel; and be it further

RESOLVED, That the Executive Committee requests CUCF to authorize and execute any documents related to the Transfer, if necessary or desired by CUNY, including those in connection with the withdrawal of the Brookdale Campus from the Master Lease.

EXPLANATION: CUNY has entered into a public-private project (the "Project") with Memorial Sloan-Kettering Cancer Center ("MSKCC") to acquire that certain vacant land at 525 East 73rd Street (Manhattan Block 1485, Lots 15 and 115) (the "73rd Street Property") from the New York City Economic Development Corporation ("NYCEDC") and jointly develop the 73rd Street Property. The Project was approved by the Board on June 25, 2012 pursuant to Cal. No. 6.D. The Project provides that CUNY’s contribution to the acquisition of its portion of the 73rd Street Property will be the transfer of the Brookdale Campus to the City. This resolution authorizes and implements that transfer.

NO. 9. THE CITY UNIVERSITY OF NEW YORK – PLAN FOR EXPERIENTIAL OR APPLIED LEARNING ACTIVITIES:

RESOLVED, That the Board of Trustees of The City University of New York hereby directs that the University shall develop a plan to make available to students enrolled in an academic program of the University, beginning in the 2016-17 academic year, approved experiential or applied learning activities, as required by State law. Such experiential or applied learning activities may include completion of activities related to students’ program of study, including, but not limited to, service-learning activities completed as part of a course, paid or unpaid internships, faculty-supervised undergraduate projects and activities leading to publication of research in journals or similar publications, production or performance of creative works, and iterative “co-op” partnerships that explicitly link the curricula to temporary, paid position in industry or the public sector. Such plan, to be completed by June 1, 2016, shall be developed in consultation with the University Faculty Senate, the University Student Senate and other stakeholders. Such plan shall define approved experiential or applied learning activities, methods of faculty oversight and assessment, responsibilities of business, corporate, non-profit or other entities hosting students, and shall include a requirement for collecting and reporting data associated with such experiential or applied learning activities. Such plan shall examine the feasibility of including such experiential or applied learning activities as a degree requirement. In developing such plan, the University shall examine its ability to administer and provide such opportunities to students, the local community’s capacity to support such experiential or applied learning activities, the impact such requirement would have on the local workforce, if any, the potential for such a requirement to enhance learning outcomes for students, and whether adding such a requirement would cause potential delays in graduation for students.

EXPLANATION: The 2015-16 adopted New York State Budget requires the adoption of a plan for experiential or applied learning activities by amending Section 6206 of the Education Law to add a new subdivision 18. This resolution complies with that requirement.

625 ROSENBERG, ARTHUR, AWARD
students, alumni and colleagues of Dr. Rosenberg
1943 5/17/43 $18,733.51 Award
An award of approximately $5 in cash, to be known as the Arthur Rosenberg Award, to be awarded to that student of the graduating class (Feb or June) who in the judgment of the Department of History is most outstanding in curricular and extra-curricular work in history. (Source: 1943 BHE reso)

In 1956 the BHE approved change of award from cash to books. In 1958 the BHE approved a change in description of the award to a $25 annual award to that member of the graduating class who, in the judgment of the Department of History, is most outstanding in scholarship and in extra-curricular work in history.

Impaginable: Dollar amount should be removed to permit flexibility and to take inflation into account.

New restriction: "An award to a graduating senior for outstanding work in history."
