MINUTES OF THE MEETING OF THE BOARD OF HIGHER EDUCATION OF THE CITY OF NEW YORK

HELD

SEPTEMBER 24, 1956

AT THE CONFERENCE ROOM, HUNTER COLLEGE

695 PARK AVENUE—BOROUGH OF MANHATTAN

The chairman called the meeting to order at 8:45 P. M.

There were present:

Joseph B. Cavallaro, Chairman
Ruth S. Shoup, Secretary
Harry J. Carman
Gladys M. Dorman
A. Joseph Geist
Mary S. Ingraham
John J. Morris
Simon H. Rifkind
Gustave G. Rosenberg
Arthur Rosencrans
Joseph Schlossberg
Henry E. Schultz
Ella S. Streator
Charles H. Tuttle
Arleigh B. Williamson

President Buell G. Gallagher, City College
President Harry D. Gideonse, Brooklyn College
President George N. Shuster, Hunter College
Provost Thomas V. Garvey, Queens College
President Walter L. Willig, Staten Island Community College
Dean Joseph G. Cohen, Division of Teacher Education
Mrs. Pearl Max, Administrator

The absence of Mr. Adikes, Dr. Chandler, Dr. Conboy and Dr. Tead was excused.

A. Chairman's 1956 Summer Report: For the information of the members of the board Dr. Cavallaro presented the following report of activities during the summer months.

At the outset, I want to say that I am very happy to greet all of you. I sincerely trust that each of you has had a very pleasant and restful summer and that you now are ready for some hard work. We still have many things to accomplish now in order to be ready to meet the bulge in enrollments expected during the 1960-1970 period. In accordance with my previous practice, I am presenting to you a report of the activities throughout the summer months when we did not hold regular meetings of the board. While many matters required my attention I shall mention only those which I believe most important in order to keep you informed. The chairmen of the various committees will give more detailed reports, so I shall cover these matters briefly.

I want to take this opportunity to extend to the chairmen and the members of these committees our deep gratitude for their services. In particular, I want to mention Mrs. Streator, Mr. Rosenberg and Professor Williamson, who gave much of their time during the summer months to carry on our affairs. Without their help and that of the members of their committees we would not have been able to accomplish all that was done during the summer months. On behalf of the board I should like to extend to them and to the members of their committees our sincere appreciation for their valued work.

1. EVALUATION OF THE BOARD AND COLLEGES BY THE MIDDLE STATES ASSOCIATION

On July 12, 1956, I received and immediately sent each of you a copy of the evaluation report of the Board of Higher Education made by the Commission on Institutions of Higher Education, Middle States Association of Colleges and Secondary Schools. Prior to that time the evaluation reports for each of the colleges were forwarded to you. I know that you share my gratification and the gratification of the college presidents that our colleges have been evaluated as outstanding institutions of higher education rendering distinguished service to the City and the larger community.

The evaluation reports provide valuable insights into the operations of our board and our colleges, and I am sure that all of you have read them with the utmost care. Each of the colleges is setting up procedures to have the college faculties review the recommendations made in the reports and to take such steps as may be necessary or desirable to follow through with appropriate action.

In addition, to implement the suggestions in my letter of transmittal, I have asked the chairman of each Administrative Committee to arrange for a special meeting to discuss the reports. To
facilitate such discussion, in accordance with the suggestions of members of the Queens College Administrative Committee, I have asked Mrs. Max to prepare summaries or outlines of the major recommendations in the reports. Mrs. Max hopes that these summaries will be completed before November 1 so that they may be in the hands of the Administrative Committees prior to the November Administrative Committee meetings.

I know that the presidents and faculties of each college are considering these reports and that they will study the reports carefully and take appropriate action, so that we may profit from the recommendations and strengthen the effectiveness of each college as an educational institution. We shall await with interest the reports of the presidents on the steps that are being taken to implement the evaluation reports. Needless to say, these reports should serve as a challenge and stimulus not only to the board but to the colleges as well.

2. AS TO THE APPOINTMENT OF A CHANCELLOR

Immediately after our June meeting, I had several conferences with Mayor Wagner, Commissioner Seitel and Mr. Preusse, City Administrator, with reference to our resolution which is presently before the Board of Estimate requesting the establishment of the position of Chancellor of the Municipal College System of the City of New York. Despite my efforts, I was requested to await the filing of the report by the “New York State-New York City Fiscal Relations Committee.” However, after I received the report of the evaluation of our board by the Middle States Association and noted its contents I was considerably encouraged in pursuing the matter further, as the report is in full agreement with our action in approving the establishment of the position of Chancellor and stated that this position was necessary “to help the board develop overall policy and to serve as the effective educational leader of the entire enterprise.” I sent the Mayor and the members of his official family a copy of the report with a letter calling attention to the strong recommendation made by the evaluation committee for the establishment of the position of Chancellor and I urged that our resolution be adopted by the Board of Estimate.

Fortified by the evaluation report, I resumed my conferences with the Mayor and the members of his official family and urged them to assist us in complying with our resolution requesting the establishment of the position of Chancellor. I am happy to report that serious consideration is being given by the Mayor and his official family to the establishment of the position of Chancellor. Believing strongly that a Chancellor is needed to perform the duties and assume the responsibilities described in our resolution, I shall continue to pursue the matter with the hope that we may have a Chancellor by the time we move into our new board building.

3. NEW BOARD OFFICE BUILDING

During the summer months we took possession of our new board office building located on the corner of East 80th Street and East End Avenue. On August 1, 1956 our Division of Teacher Education moved into temporary quarters prepared for it on the first floor of the building. On July 10, together with Mr. Schiller, our chief architect, I appeared before the Board of Standards and Appeals and urged the immediate approval of the building for board purposes; and I am happy to report that the chairman and members of the board gave prompt approval of our plans to convert the building for our use. I also communicated with the Borough President with reference to the number assigned to our building as 535 East 80th Street, as I thought it better to have an address on East End Avenue. After a few discussions, Borough President Jack advised me that the new board office building was designated as No. 20 East End Avenue.

I am very glad to report that the Administrative Council made funds available to us to secure the advice of Cudlipp Associates with respect to the plans to furnish and decorate our new board building. Several meetings were had with representatives of Cudlipp Associates to prepare plans so that we would have not only dignified but beautiful surroundings in our new headquarters building. We are quite sure that these will meet with your approval and we will be very glad to go over these plans and describe them to any of the board members who may be interested. Latest information from Mr. Schiller indicates that we should be ready to move into the building in the Spring of 1957. In passing, I might report that, to my knowledge, those employed in the Division of Teacher Education are satisfied with the location of our new board quarters and the building itself. I am quite sure that they will be much happier when they are installed in their permanent offices in the building.

4. SALARIES

Though you undoubtedly know that the Board of Estimate approved the revised salary schedules for the members of our instructional staffs as proposed by our board at its meeting on June 18, the action is reported in order to make this summary complete. Board of Estimate approval made the new schedules effective July 1, 1956, for the Officers of Administration and the Instructional Staffs of the Colleges. These schedules are now found in our bylaws, pages 58 to 64 inclusive. Board members will remember that they provide basic salary increases of $350 and $650 and reduce the number of steps between minimum and maximum for instructors and all professorial ranks. I am confident that the new salary schedules will assist the presidents in finding and keeping outstanding and able members for their faculties.

I am mindful of the fact that certain inequities still exist especially in the salary increases to the members of the Instructional Staffs in the Evening Sessions, as well as to our College Physicians and others. I will continue my efforts to iron out as speedily as possible the inequities that still exist.
I am glad to report that one of the inequities has been resolved in our favor. As a result of our appeal to the Career and Salary Board of Appeals, Mr. Kahn's title was changed and his salary increased. His title was changed from Law Assistant to Supervising Attorney with a salary range of $10,300 to $12,700. I am still making a strong appeal to reclassify the title and increase the salaries of Mr. Schiller, the Director of our Architectural and Engineering Unit and that of Mr. Sylvers, tentatively classified as Senior Accountant (Group Chief). The position formerly occupied by Mr. Cain as College Accountant has been given a salary range of $9,850 to $12,250.

With respect to the latter, after my discussions with Commissioner Seitel and Dr. Theobald in which I informed them of our difficulties in filling Mr. Cain's job, I made the suggestion that this position should carry the title of "Comptroller" which is the title used by many colleges. I will again discuss the matter with Dr. Theobald and Commissioner Seitel and set up a conference with the Budget Director to approve the new title and a salary commensurate with the job. In connection with this, it will be desirable to consider the Haskins and Sells recommendations for the Board's Financial and Accounting Office.

5. SPECIAL COMMITTEE ON SECTION 903, FEINBERG LAW AND RELATED MATTERS

While this Committee has not met during the summer months, Mr. Rosenberg, Chairman, Mr. Castaldi, and his Assistant, Mr. Hartnett, have been busily engaged with the litigation before the courts and the Commissioner of Education. I referred the letter which I received from Osmond K. Fraenkel, Esq., Attorney for the so-called "stipulants" and the unsuccessful litigants in the 903 cases, to Mr. Rosenberg for his attention. Mr. Fraenkel suggested that something be done for them by way of their reinstatement with back pay. He also suggested that their claims for reinstatement could be adjusted merely by a cash settlement without their returning to the colleges from which they were dismissed. Mr. Rosenberg was requested to notify Mr. Fraenkel pursuant to instructions received from the Corporation Counsel that his clients would not be reinstated without a court order.

As I thought that you would be interested in seeing the decisions handed down by the Commissioner of Education on August 7, a copy of each decision was mailed to you, together with copies of the editorials in our daily papers commenting thereon which you may have missed if you were on vacation. Mr. Rosenberg will give you a full report of all these matters. In the meantime, and until our new board building is ready, the unit is continuing its operations at 16 West 40th Street, New York. I have also called the attention of the presidents to the fact that in December we will be required to file our Annual Report with the Commissioner of Education pursuant to the Feinberg Law and we must take the necessary steps for us to make the certification under the law.

I want to acknowledge our appreciation and thanks to Mr. Rosenberg, Chairman, to the members of his committee and to Mr. Castaldi and his Assistant, Mr. Hartnett, of the Special Investigating Unit for their painstaking work. In all of their services, they have been most careful and meticulous in protecting and safeguarding the rights of all involved.

6. MISCELLANEOUS ITEMS

A. CAPITAL BUDGET REQUESTS

On August 28 a hearing was held before the City Planning Commission at which our Capital Budget requests were presented by Mrs. Streator, Dr. Glover and me and the representatives from the five colleges. As usual, we were accorded a most cordial meeting. I pointed out to the Members of the Planning Commission that in its current Annual Report it had made the following statement: "In anticipation of the expected bulge in future college enrollments, the Board of Higher Education Capital Program has been accelerated." Assurances were given to the Members of the Planning Commission, that, in keeping with their report, we had kept our demands at a minimum and that all of our requests were important and should be granted if we are to meet the increased enrollments. It might be well to emphasize that my studies and discussions indicate that it will be necessary to extend and expand our existing plants and staffs in order to meet the demands that will be made for admission to our City Colleges. Our presidents will tell you of the thousands of applicants that had to be turned away this year, particularly in our Evening Sessions.

Because of our large building program I stressed the need to increase the salaries and personnel of our Architectural and Engineering Unit. We pointed out that this was necessary in order to have adequate supervision over our building program and avert any possible disaster because of insufficient or inexperienced personnel to supervise our construction. We are hopeful that the Planning Commission will listen to our plea which we will again emphasize when our Capital Budget requests are heard by the Board of Estimate.

B. GENERAL

We are indebted to Mrs. Max, Mr. Kahn and the Board Office Staff for completing and issuing a new book containing all of the amendments which we recently made to our Bylaws. A copy has been sent to each of you and I am sure that you will agree that our Bylaws are now in good shape. I recommend your earnest study and reading of our Bylaws in order to acquaint yourselves with the many changes. You will better understand our proceedings if you have a knowledge of our Bylaws.

I am glad to report the progress made by the Faculty Committees to study the problems involved in attempting to reduce the teacher-hour load at the colleges. Hunter College has not
only canvassed the practices of other institutions but prepared and sent to the chairman of each department a questionnaire upon which to indicate the consensus of departmental opinion on the reduction of teaching programs from fifteen to twelve hours a week. I am glad to note this progress and I am sure that Professor Williamson, Dr. Carman and Mrs. Shoup will add to this report.

During the summer I received two very important opinions from the Corporation Counsel. One had to do with our Administrative Staffs and the other with the question as to whether a board member who is an attorney may represent a client in litigation against the City, the Board of Education or any of the Public Authorities functioning in the City. Professor Powell is implementing the opinion having to do with our Administrative Staffs.

I am glad to report that the Corporation Counsel after a careful examination of the applicable Law and Statutes advised us that a member of our board who is an attorney may represent clients in litigation against the City, the Board of Education or any of the Public Authorities functioning in the City, provided such litigation does not involve the assertion of any claim against our board or adverse to its interests. This opinion should settle any questions in the minds of the Public Authority which raised the question and the lawyer members of our board.

A few weeks ago I received another communication from the New York Television Productions, Inc., in which it proposed to televise some of the work done by the City Colleges. I have referred the matter to Judge Rifkind, together with the announcement of the Metropolitan Educational Television Association, Inc. that it will construct and operate this City's first Educational Television Production Center. This will be a fully equipped television studio and supporting facilities for the production and recording of programs for release here and elsewhere. It is hoped to add transmitting facilities later. The board and City College are members of this Association.

I am hopeful that our Committee on television will take advantage of the opportunities afforded by educational TV and determine whether radio and television programs can be used to assist us in meeting the increased enrollments. In my opinion, we will not have sufficient facilities and faculties ready in time to meet the expected increase, and radio and television programs may assist in alleviating this condition. Over the past years I have received many reports indicating the use of radio and television facilities, in a limited way, in giving educational courses for credit. We would like to have the Administrative Council and the Board's Committee on television study this problem and report to us what we can do about this situation.

A communication from the Association of Governing Boards requested our representation at the Annual Meeting held on September 7-11. All of you were invited to attend this meeting. We were represented by Mrs. Streator and Professor Williamson who, I am sure, will tell you of the great advantages derived by attendance at the meeting.

You will be interested to know that I received an invitation from Dr. Grayson Kirk to the meeting of the Coordinating Committee of Private and Public Higher Education Institutions in New York City. I informed Dr. Kirk that it would be most desirable to secure the support of a foundation to study Graduate and Professional Education in the City of New York and the relationships between the two-year and four-year programs in our colleges. I am hopeful that something will be done to solve these problems and will keep you informed of the progress of this Committee.

I discussed with the Mayor the possibility of a visit to Hunter—Park Avenue, Hunter in the Bronx, and City College uptown, which were not covered in our last tour. The Mayor stated that he would be glad to do so and would give me a date when he would be available. Those of you who were present at the Mayor's visit will agree that it was a most helpful and fruitful occasion. The Mayor not only saw the colleges but learned of our needs and future plans. I am hopeful that as a result of our last visit we will get a new building to replace the City College Building Downtown. I am quite sure that as a result of the Mayor's visit to that building and the plants at Brooklyn, Queens and Staten Island, he has a better understanding of our problems.

You will recall that at our June Meeting I brought up for discussion the 1956-1957 appointments to our standing and special committees. You were asked to signify the committees on which you would like to serve. I have given this matter very careful consideration with a view to securing quorums at our meetings. The list of committee appointments was sent you, together with my letter explaining the reasons for making the appointments. I sincerely trust that you will cooperate so that we will have full attendance at all of our committee meetings. In order to assist you in planning your affairs I had Mrs. Max prepare and send you a calendar of the events of our committees and board so that you may note the dates and reserve them in your diary. As I have said heretofore, it is only by faithful attendance at committee meetings that we will be able to understand and solve the many problems of our board. —"A working board is an informed board."

I am sorry that it was not possible to make this report shorter but I wanted to give you all of the facts in order to bring you up to date on the matters affecting our board. I shall be glad to answer any questions that you might have.

I have asked the presidents and Dean Cohen to give you a brief summary of enrollments, new courses, problems, and procedures set up or contemplated for college study of the Middle States Report. These topics, I am sure, are of interest to all of us.
B. Reports of the Presidents and Dean Cohen: The presidents and Dean Cohen reported briefly on enrollments, administration and matters of interest to their individual institutions, as follows:

DR. HARRY D. GIDEONSE, PRESIDENT, BROOKLYN COLLEGE

Our overall enrollment figure is slightly over 24,534. The School of General Studies is down from last year's figure of 9,000 to 8,500. We have turned down 2,500 students. I am sending all of you a copy of the report of the School of General Studies with marked pages and a covering letter. I believe the marked pages will give you a good view of what is ahead for several years.

The liberal arts college has 100 more students than we aimed at. This is the absolute maximum that we can carry in the present buildings.

I think the most interesting thing at the college is that we currently have three evaluations in process: Faculty response to the Middle States Report; an Improvement of Teaching Report by a Faculty Committee; and then, one of the most fruitful projects, a survey on the use of student records. This latter report I hope to have available in the near future.

We have had two changes in departments: Classical Languages to Classics and World Literature; and Romance Languages to Modern Languages.

The Juvenile Delinquency Workshop in the summer session had an enrollment of 100 students. We had a potential enrollment of 190 this summer but turned down 90. Professor Herbert A. Bloch is the key person in this subject.

The Hillel Foundation building is now coming up at Brooklyn, and will probably be in operation in the middle of this academic year. The building will be used by all religious groups for activities on the campus.

Instructional salaries, apart from some peculiarities in specific increments, are impressively good now but I have had several disappointments crowded into a short period in inducing people to join our faculty. Our disappointments are not due to salary. The reason is the teaching schedule. The fifteen hour schedule is a severe hurdle. The good are hard to get with fifteen hour schedules. The salary scale is very good now but the hours of instruction and the totally inadequate office space are serious obstacles. I hope that the board committee working on this will push along because this is now a major difficulty in maintaining the quality of our college staff.

DR. BUCELL G. GALLAGHER, PRESIDENT, CITY COLLEGE

At City College enrollment in Technology is burgeoning. 379 new enrollments in the school for a total of 3,200. Liberal Arts and Education are down by 130 and the Business School shows a drop of 279, 2,699 to 2,420. This last figure is all the more interesting because of our efforts to maintain the enrollment by lowering the standards. By this device we admitted 75 more students. Thus the drop of 95 in the entering class would have been 75 more if we had not had this differential. You actually have a drop of 95 plus 75. It seems to me that this may be the point in time at which a study of business education newly introduced in our sister colleges could now be examined. I do not know if there is any causal relationship between this drop at the Baruch School and the opening of similar courses in the other colleges; but I believe a study is now in order.

The following are figures on admission of entering freshmen: Liberal Arts up 94; Technology up 193; Business down 95. Overall figures show: Liberal Arts up 110; Technology up 79 and Business down 279.

In our graduate work things are going very well. Overall enrollment is standing at approximately the same as it did last year. The increased interest in the New York Area Studies has a good solid group of 40 students who are exclusively in that area.

With reference to the IBT Program, this was on the first of July quietly brought to its end. It served during its period forty to fifty thousand people. It was an enterprise which in one way or another served a commendable purpose.

The library building construction is proceeding on schedule and should be ready next summer for full occupancy in September 1957. There have been recent successful negotiations with the City Planning Commission together with members of the budget bureau on the capital budget for funds for the new technology building in 1958 and for the demolition of other buildings in the fall of 1957.

Middle States Report: Procedures have been set up for discussion in which all of the faculties will participate. We look forward to a fairly large and intensive effort in implementing the meanings of the Middle States report for our college.

School of General Studies: Enrollment is estimated at about 1,000 above last year's total. Undergraduate full-time matriculated students are estimated at about the same as last year. Adult Education figures are not in yet. The grand total will be about 31,800.

DR. GEORGE N. SHUSTER, PRESIDENT, HUNTER COLLEGE

As Chairman of the Administrative Council:

We were recently invited to meet with the Commissioner of Education. The topic was the relationship between the State and the State colleges. It was reported to us by Dr. Theobald that the City of New York was now open of mind on how it plans to use money from the State, if they apply the recognized formula of meeting one-third of the costs of our colleges. This money would be free for the development of a community college program. But by community college program the Commissioner of Education does not mean merely the two-year separate community college but seems quite willing to recognize the operations of our evening sessions. There is considerable open-
ness of mind about the development of a School of General Studies on the Bronx Campus. This means that you, Mr. Chairman, and the members of your special committee will have to give some thought to this in the very near future. This is a moment which we cherish. This is really a step forward of a character none of my colleagues anticipated.

As President of Hunter College:

Our admission status is a little more disturbing. The number of entering freshmen is larger. This is the first year that we have not had a lower entrance requirement. Day Session student enrollment is 5,800; enrollment in the School of General Studies is 800 higher. We are straining every facility that we possess to house these students. The Rubinowitz School of Social Work has actually opened and has a satisfactory enrollment. I want to say one other thing about overall administration. We have assembled our comments on the auditor's report and I think that significant steps have been taken to straighten things out. There are many things in the report which have helped us.

Middle States Report: We have asked the Dean of Faculty to summarize this report, which will be discussed by pertinent faculty groups. In a few weeks we will report on it to the Administrative Committee.

Concert Series: May I say that we shall be glad to invite every member of our board as a guest upon one occasion except the Serkin Concert. This is completely sold out.

It is desirable that the special education program, primarily for the training of teachers for the physically handicapped, have a permanent status and not be conducted only in the summer session. During the summer session it was an extraordinary success. We have added to that a program of the training of rehabilitation counselors with the assurance that if we can recruit enough students the grant presently provided will be renewed.

A group of interested citizens have proposed to me the purchase of a private residence in the neighborhood which it wishes to present to the Board of Higher Education for the uses of special education. This raises a number of questions. The only requirement that the Board would have would be to include these premises in the overall maintenance program of the college. Now I say that if the chairman will be good enough to tell me that the Executive Committee could meet to discuss this question, this will solve the problem for the immediate future. This is all there is to report this evening.

I never did believe that just because you raise salaries you would get the type of person you want. The other problems are residence, a great handicap, and the lack of opportunity for scholarly work. It will be difficult to compete with institutions that do provide that opportunity.

In conclusion may I say that the college president should bow his head in prayer to hope his members stay.

DR. THOMAS V. GARVEY, PROVOST, QUEENS COLLEGE

Registration at Queens College last year was 3,853, currently it is 3,946. This is consistent with a small but regular growth in our college. In the graduate division last year we had 687, this year it is 732. In the School of General Studies registration last year was 567, this year it is 852. This shows a marked increase in our matriculated students in the Associate in Arts and Associate in Applied Sciences. Non-matriculated student registration last year was 3,197. To date 3,150 have been recorded through last Friday, with late registration still in process. The Nursing Science Program enrolled 109 last year and 120 this year. One important feature in our Nursing Science Program is that we are negotiating with private hospitals to use their facilities since the public hospitals are no longer able to take care of our student enrollment.

We have added a special program in the preparation of helping qualified graduates to teach in the junior high schools. There are presently 22 students in this program. These students are with us from 9 to 12 daily which gives them an opportunity to work with junior high school classes. This work is being conducted in conjunction with Junior High School 218 and Public School 201.

Changes in our student activities programs are also taking place. There are now two main student organizations on the campus.

We are presently using nine wooden buildings at the college but we have been informed that recent renewal for use of these buildings will be the last. We should be working for more new buildings. In our 1957 request we have asked for planning for an academic building.

In conjunction with the Middle States Association report, we have active committees working on it and shall be able to answer any questions on recommendations.

Revised figures submitted at a later date by the registrar indicate a slightly reduced total of matriculated day session students. Other registration figures have been increased by late registration.

DR. JOSEPH G. COHEN, DEAN OF TEACHER EDUCATION

Mr. Chairman, as you mentioned in our report, we have had three addresses: 535 East 80th Street, 10 East End Avenue and 20 East End Avenue. Notification that I would be called on to report on enrollments at this meeting may have been sent to the last address. In any case, I regret that the notice did not reach me.

I cannot, therefore, give you exact figures on teacher education enrollments. They will be made available, however, to the members of the board as soon as we complete our semi-annual census. I can, however, give you some estimates.
There are no fewer than 13,000 matriculated students in the undergraduate colleges who will be preparing for teaching, an increase of over 1,000 above last year. There are more than 3,000 Fifth-Year matriculated students, an increase of almost 500. On the basis of these figures we should be graduating more than 2,000 teachers from the undergraduate schools and about 600 teachers from the Fifth-Year program this academic year.

We are presently housed in temporary quarters. In the middle of October we should be ready to move into our temporary quarters. I am happy to report that the morale of the staff is good. I think that our efficiency has dropped by 20 or 30 percent because we operate in a large open space. However, I think things are going to be very much better and will right themselves when we get to our temporary quarters in October.

The graduate summer sessions in teacher education in three colleges have operated well during this past summer. There has been a rise of 20 percent in enrollments in the graduate summer session work in teacher education. There are, moreover, clear indications of readiness on the part of the colleges to experiment with new types of programs.

Curriculumwise, as has been reported by Dr. Garvey and Dr. Shuster, our colleges are developing programs for the preparation of teachers, designed specifically for graduates of liberal arts colleges who have had no previous professional preparation for teaching. A determination to make wider use of liberal arts college graduates in teaching is now the concern of many colleges. In the latter part of this week there will be a conference at Princeton University which will deal with this problem. We shall also have to face more seriously than in the past the question of what the municipal colleges should be doing in graduate work in the liberal arts. If what we do in teacher education is sound and if the Middle States report thinks it is sound then we should be doing something in the liberal arts as well.

State support this year, it is estimated, will be about $6,600,000. This, I have been told, will probably rise to seven and one-half million dollars next year.

In response to a question raised by Mrs. Ingraham, the chairman stated that perhaps the Executive Committee might be asked to consider the Middle States Association report on the Board of Higher Education.

The chairman stated there was some possibility that a building to house a demonstration school for handicapped students might be offered to the board and that, if it were offered, he would ask the Executive Committee to consider the possible acceptance of such a building.

Dr. Tuttle suggested in connection with the discussion on the possible reduction in hours from fifteen to twelve, that the Administrative Council is entirely qualified to give this matter serious thought.

No. 1. Approval of Minutes: Upon motion duly made, seconded and carried, the minutes of the board meetings held May 21, 1956 and June 18, 1956 and of the Executive Committee meeting held June 22, 1956, were approved.

EXECUTIVE COMMITTEE

Upon motion duly made, seconded and carried, the following resolutions approved by the members of the Executive Committee on July 10, 16, 27, 1956 and August 24, 1956 (Cal. Nos. 2 through 7) were adopted:

No. 2. Contracts—Queens College: (a) RESOLVED, That the board award a contract to the low bidder, Broadway Maintenance Corporation, in the amount of $3,491.00, payable from Code 46-408, for labor and materials required for new lighting of the main entrance gate—Queens College, and be it further RESOLVED, That the treasurer and the comptroller of the City of New York be instructed to release the bid deposit of the unsuccessful bidder.

(b) RESOLVED, That the board approve a supplemental agreement in a sum not to exceed $32,000, as recommended by the Architectural and Engineering Unit, on Contract No. 172570, dated 12/23/53, with Fellheimer and Wagner, architects for the Music and Arts Building, Queens College, to provide for necessary changes in the plans, in view of the request for increased seating capacity of the auditorium, involving an architect's fee not to exceed $20,000; and to provide for air cooling by means of wells in the auditorium, theater, and radio
studio, involving $12,000; and authorize the necessary request to the Board of Estimate for an appropriation from capital budget funds to cover the cost of the aforesaid supplementary architectural agreement. (Approved 7/10/56)

No. 3. Transfer of Funds—Hunter College: RESOLVED, That the board approve the transfer of $1,500 from non-instructional fees to the president’s emergency fund effective 6/1/56. (Approved 7/10/56)

No. 4. Stadium Concerts Tickets—City College: RESOLVED, That the board request the director of the budget for a transfer of funds of $25,000 to Board of Higher Education—City College—43-130—Educational and Recreational Supplies, from such funds as may be available, and be it further
RESOLVED, That the said monies be expended for the purpose of purchasing tickets of admission for college students to concerts given at the Stadium Concerts by Stadium Concerts, Inc. during 1957.
The necessary funds were made available by the City. (Approved 7/16/56)

No. 5. Use of P. S. 76 by Hunter College: WHEREAS, The premises known as P. S. 76, on the southeastern corner of Lexington Avenue and 68 Street, have been used by Hunter College since 1943, with the consent of the Board of Education and the City of New York; and
WHEREAS, Since the development of the Teacher Education Program, these premises have housed important units of that program, including the Division of Guidance, the Education Clinic, and the Program for the Training of Teachers of Handicapped Children; be it therefore
RESOLVED, That the board petition the Board of Estimate to continue the assignment of the premises known as P. S. 76 to Hunter College, at least until such time as the offices of the Board of Higher Education cease to be housed in the Hunter College Building and are transferred to the new headquarters. (Approved 7/27/56)

No. 6. Nursing Science Program Contracts—Queens College: (a) RESOLVED, That the chairman of the Board of Higher Education and the provost of Queens College be authorized to sign a contract with the Department of Hospitals and Queens General Hospital for the use of Queens General Hospital for the training of students in the Queens College Nursing Science Program in accordance with arrangements mutually agreed upon by the authorities of Queens College and Queens General Hospital, and be it further
RESOLVED, That the Board of Higher Education assume any and all obligations, if any are imposed by the Workmen’s Compensation Law of the State of New York, imposed upon the parties to this agreement insofar as any student may sustain any injury or disability by reason of accident or occupational disease arising out of, or in the course of, instruction of any such student at the Queens General Hospital.
(b) RESOLVED, That the chairman of the Board of Higher Education and the provost of Queens College be authorized to sign a contract with The Long Island Jewish Hospital, New Hyde Park, Long Island, for the use of The Long Island Jewish Hospital for the training of students in the Queens College Nursing Science Program in accordance with arrangements mutually agreed upon by the authorities of Queens College and The Long Island Jewish Hospital, and be it further
RESOLVED, That the Board of Higher Education—Queens College will indemnify The Long Island Jewish Hospital against any loss, damage, and or liability
arising out of the application of the rules of negligence law by reason of the acts of commission or omission by students or instructors in the Nursing Science Program, and be it further.

RESOLVED, That this contract may be modified upon the request of either party and with the agreement of the other at any time, or that it may be modified or terminated by one party only upon one year's written notice to the other. (Any such change will be submitted to the board for approval.)

(c) RESOLVED, That the provost of Queens College be authorized to carry on negotiations with Hillside Hospital, 75-59 263 Street, Glen Oaks, New York, for a contract along the lines of the contract presently being arranged with the Long Island Jewish Hospital for the training of students in the Queens College Nursing Science Program, details to be reported to the Board of Higher Education in the fall.

(d) RESOLVED, That the provost of Queens College be authorized to carry on negotiations with the Francis Delafield Hospital, 164 Street and Ft. Washington Avenue, New York City, for a contract along the lines of the contract presently being arranged with Queens General Hospital for the training of students in the Queens College Nursing Science Program, details to be reported to the Board of Higher Education in the fall.

(Approved 8/24/56)

No. 7. Transfer of Funds—Administrative Office: RESOLVED, That the board request the Board of Estimate to transfer the sum of $1,000 from Code 42-421-01-57 (Cleaning Services) to Code 42-306-01-57 (Laundry and Cleaning Equipment). (Approved 8/24/56)

Judge Rifkind asked to be excused from the meeting at this point.

No. 8. Association of Governing Boards of State Universities and Allied Institutions: The report of Mrs. Ella S. Streator, who with Prof. Arleigh B. Williamson attended the conference held at Amherst College from September 7 to September 10, as representatives of the board, was noted.

B. The following decisions of the Commissioner of Education rendered 8/7/56 were noted:

(1) Dudley David Straus (Queens College)—Appeal dismissed on the ground that any public employee is under an absolute duty to answer questions relating to his past or present membership in the Communist Party. Mr. Straus had been dismissed after his trial on charges stemming from his refusal to answer such questions.

(2) V. Jerold McGill (Hunter College)—Appeal dismissed on the ground that Prof. McGill was guilty of conduct unbecoming a teacher in that he wilfully and knowingly falsely testified before the Rapp-Coudert Committee. Prof. McGill had been dismissed after his trial on several charges of which the above was one of the specifications.

(3) Charles W. Hughes (Hunter College)—Appeal sustained to the extent of setting aside the dismissal of Prof. Hughes and the matter remanded to the board so that the board could question Hughes along lines designed to elicit statistical information which might be helpful to the board in its investigation of subversive activities but which would not have the effect of disclosing the identity of any of Prof. Hughes' associates who might have been members of the Communist Party. Mr. Hughes had been dismissed after his trial on charges which, among other specifications, charged that he failed to cooperate with the board's Special Committee on Section 903 of the City Charter, the Feinberg Law and Related Matters by refusing to name his associates in the Communist Party during the period of his membership in the Communist Party. The Commissioner held he was not required to name fellow members but he directed Mr. Hughes to answer other questions which Mr. Hughes had refused to answer, not involving the naming of associates.

Dr. Tuttle moved and Mrs. Streator seconded the motion that the following resolution be adopted:
RESOLVED, That the Corporation Counsel be asked to take such further action as he deems justifiable to sustain the board's decision in the Hughes case.

The motion was carried, Miss Dorman, Mrs. Shoup and Mr. Rosenberg voting No and Mr. Schlossberg not voting.

Mr. Schultz requested that the following statement be spread upon the minutes:

"I am voting in favor of the resolution which I understand is limited to the prosecution of the Hughes Case. I am not voting on the broad question of policy which is not now before us as to whether it should be required of staff members that they answer questions naming people who attended meetings, etc."

C. The report of the chairman, the Honorable Gustave G. Rosenberg, was noted.

No. 10. Capital Budget for 1957: (a) The Chairman's report was noted that a hearing was held on August 28, 1956 on the capital budget requests of the board and the colleges for the year 1957.

(b) In accordance with action taken by the board on 5/21/56, the Administrator's report was noted that the following changes were made in the capital budget requests for 1957 since the budget was approved by the board. These changes reflect adjustments in the amounts required for renewal of 1956 allocations and for amounts requested for 1957:

The revised requests for the colleges for 1957, including the Staten Island Community College, are:

No. 11. Report on Procedures for Registering Degrees and Curricula with the State Department of Education: The following report, prepared by the Administrator's Office in cooperation with the colleges in order to bring up to date and codify the procedures for registering degrees and curricula with the State Department of Education, was noted:

**HISTORY:**

Section 6202 of the Education Law provides that the "board shall, on the recommendation of its faculty or faculties, grant the certificates, diplomas and degrees which were announced in the bulletins of the existing public institutions of higher learning published for the term beginning immediately prior to the taking effect of this article (April 16, 1926), and also such other degrees and honors as the regents may hereafter specifically authorize them or any included board of trustees to grant."

At the time of the establishment of the Board of Higher Education, as announced in the bulletins published for the term commencing in February, 1926, the degrees granted by the College of the City of New York and Hunter College of the City of New York, were the following:

**CITY COLLEGE**
- Bachelor of Arts
- Bachelor of Science
- Bachelor of Science in Social Science
- Bachelor of Science in Education
- Bachelor of Science in Engineering
- Bachelor of Business Administration
- Master of Science in Education
- Master of Business Administration
- Chemical Engineer
- Civil Engineer
- Electrical Engineer
- Mechanical Engineer

**HUNTER COLLEGE**
- Bachelor of Arts
- Bachelor of Science in Education
- Master of Arts

**PROCEDURES FOR REGISTERING DEGREES, CURRICULA, AND CHANGES IN REGISTERED PROGRAMS:**

*The Colleges*: It is understood that proposals for new degrees and curricula, and revisions of previously registered programs clear through the appropriate college channels before submission to the Board.

*The Board of Higher Education*: Such proposals are then submitted to the Administrative Committees for consideration and referral to the Committee on Program and Personnel which, in turn, recommends them to the Board for action.

*The State Department of Education*: Four copies of the resolution of the Board of Higher Education requesting authority from the Board of Regents to award a specific degree shall be transmitted by the president of the college to the State Department of Education. This resolution shall be accompanied by a statement giving the reasons for requesting the degree together with the proposed curriculum.

**A. REGISTRATION**: There are three categories under which programs are registered:

1. **Registration for General Purposes**: When a program is registered under this category, the students who graduate from the particular program involved have certain privileges accruing to them. For example, their college work is accredited for admission to professional schools in New York State, as far as the State Department of Education is concerned.
2. Registration for **Professional (Licensing) Purposes**: When a program is registered under this category, students who graduate from the particular program involved are eligible for admission to the licensing examination for a particular profession, i.e., engineering, etc.

3. Registration for **Teacher Education Purposes**: When a program is registered under this category, students who graduate from the program involved can be certified by the State Department of Education for teaching in the public schools, provided the specific requirements of the field in which they wish to teach have been satisfied.

Curricula for programs under an authorized degree must be submitted to the State Department of Education for accreditation and registration. It is possible for a program to be registered for general purposes but not for Teacher Education certification.

B. **REVISION OF REGISTERED PROGRAMS**: If a major revision is made in any registered curricula (including A.A. and A.A.S. programs), such information should be filed with the—

with the exception of programs registered for—

**Professional (Licensing) Purposes**: Changes in curricula registered under this category should be filed with the—

Asst. Commissioner for Professional Education
23 Pearl Street
Albany 7, New York

C. **GRADUATE PROGRAMS**: It is not necessary to register graduate courses of study, except those for Teacher Education.

D. **GRADUATE AND OTHER DEGREES**: It is necessary for City and Hunter Colleges to have Board of Regents' approval of all degrees not listed in their catalogs for the term beginning February, 1926, and for all four colleges to have Board of Regents' approval for all degrees issued after that date. (See page 466 for procedures.)

E. **HONORARY DEGREES**: Authorization to confer honorary degrees must be obtained from the Board of Regents.

*The Central File*: Copies of final correspondence embodying action by the State Department of Education on authority to grant degrees, the registration of new programs, and the revision of registered programs, shall be sent to the Board office for the central file.

**DEGREES GRANTED BY THE MUNICIPAL COLLEGES**

**AND**

**AUTHORIZED BY THE BOARD OF REGENTS**

**OF NEW YORK STATE AS OF JUNE 1, 1956**

In the following table, G means curricula registered if required for General purposes; P for Professional purposes and T for Teacher Education purposes. (Masters programs do not require registration, except for Teacher Education purposes.)

(See Cal. No. 20, 5/21/56)

No. 21. Student Scholarship: The president's report was noted that the following action was adopted by the Faculty of the School of Technology at its meeting held June 11, 1956:

The Committee on Course and Standing shall have authority in its discretion to require students who do not have a combined average grade of C or better in Chemistry, Drafting, Mathematics and Physics courses prescribed for degrees in the School of Technology to withdraw from the School after the completion of forty-five (45) credits.

The Committee will make regular checks of each student's scholarship with respect to a C average cumulative grade in courses in his major field of study. It shall have authority to require the student to withdraw if he does not maintain at least this average.

This action supersedes the action of the Faculty of the School of Technology taken in June, 1939, on the same subject.

No. 22. Amendment—Instructional Fee Budget: Resolved, that the instructional fee budget be amended by providing for appropriations in the total amount of $60,000, as follows:

**F. MODIFICATION OF APPOINTMENTS:**

In order to conform to the restrictions of the budget line structure, it is necessary to convert a small number of monthly salaried appointments as Lecturers in the department of Accountancy from a five month basis to a six month basis or from a ten month basis to a twelve month basis, as follows:

<table>
<thead>
<tr>
<th>Name</th>
<th>From</th>
<th>To</th>
</tr>
</thead>
<tbody>
<tr>
<td>Blankenship, Donald J.</td>
<td>$685./mo. 9/1/56 6/30/57</td>

No. 75. Change in Contract: Resolved, That the cost of purchasing twenty tape recorders for the Language Laboratories at an estimated cost of $4,000 be changed from “Instructional Fees (Code 45-1-12)” to Code SBC-2 (Non-instructional Fees). (Approved by the board 6/18/56, Cal. No. 41.)

No. 76. Reports: The president’s report was noted of the following:

(a) REMOVAL OF CONTINGENCIES: (1) Margaret L. Munn, whose appointment as an Instructor in the Department of Education was approved by the board at its meeting of 6/18/56, contingent upon meeting the Ph.D. requirement by 9/1/56, has not met this requirement and her appointment will therefore not go into effect.

(2) Two Tutors in the Department of English, Maurice Eastmond and Robert Cosgrove, whose reappointments involving tenure were approved by the board at its meeting on 3/21/56 contingent upon meeting the Ph.D. requirement by 9/1/56. Robert Cosgrove did not meet the requirement and his services will be discontinued. Maurice Eastmond has met the requirement, although the degree will not be conferred upon him until later this semester and his reappointment with tenure will therefore go into effect.
