**EXPLANATION:** The President of the College with the support of the six student government presidents recommends that the Board increase the Student Activity fee due to the expanded number of activities funded, the contraction of the tax levy budget which might normally fund some of these activities, inflation over the ten years since the present rate was instituted, and planned new activities such as student scholarly journals, the purchase of equipment for the Marine Biology Club and the creation of a textbook library.

ADDED ITEM

B. BUDGET:

Deputy Chancellor Brenner and Vice-Chancellor Posman gave a brief review of the proposed City and State budget cuts for the University. On January 16 the Mayor released his financial plan for the next two years. Six days later the Governor issued his Executive Budget for 1980-81.

The Governor's is the most austere State budget since the senior colleges began to come under the State in 1976. Besides programmatic reductions, the Governor's budget includes a 2% cut in local assistance. The $6 million increase in the budget over the current year is illusory since it covers mandatory costs such as pensions, social security, other fringe benefits, energy costs, etc. A $2.4 million programmatic increase is more than offset by $10 million of programmatic reductions, amounting to a net cut of $7.5 million. This would result in a loss of 450 positions or 5% of the total staff in the senior colleges.

The City's financial plan is not a budget but a plan on the basis of which the Mayor will prepare his budget in the next two months. The Mayor's financial plan includes $2.7 million in programmatic reductions in addition to a $1.3 million reduction in State aid. This would mean an increase in the student-faculty ratio to 24 to 1, which is 25%
greater than the average student-faculty ratio of the State University community colleges. In 1981-82 the Mayor proposes an additional reduction of $1.8 million, making a total cut of $4.2 million. He also proposes a 10% increase in tuition for all students, full-time and part-time. This would increase full-time tuition from $925 to $1015, making it the highest community college tuition rate in the United States. The $5.1 million estimated revenue increase from tuition would replace a like amount of City funds.

Upon motions duly made, seconded and carried, the following resolution was adopted:

RESOLVED, That the Chair of the Board after consultation with the Chancellor be empowered to meet with officials of the City and State in respect to the University’s budget for 1980-81.

EXPLANATION: The Board of Trustees has expressed strong concern about the serious ramifications of the current budget proposals of the City and State. Discussions are now being conducted with City and State officials to explore options to improve the planned budgets for the next two fiscal years. After these conversations, the Board, after consultation with the Chancellor, will extend the discussion to assure that the needs of the University are met.

NO. 8. COMMITTEE ON FACILITIES PLANNING AND MANAGEMENT: RESOLVED, That the following item be approved:

A. BRONX COMMUNITY COLLEGE - SALE OF NORTH HALL/SEDGWICK DORMITORY:

Upon motions duly made, seconded and carried, the following resolution was adopted:

RESOLVED, That the Board of Trustees hereby request the Dormitory Authority of the State of New York to sell the parcels of property located at 123-127 West 183 Street, Bronx, New York (also known as North Hall/Sedgwick Dormitory); and be it further

RESOLVED, That the Secretary be authorized and directed to communicate this request to the Dormitory Authority.

EXPLANATION: The subject properties comprise the former North Hall/Sedgwick Dormitory of New York University, which was acquired as a part of the University Heights Campus purchased in 1973 from New York University for use as the campus for Bronx Community College.

The subject parcels, although included in the sale, were deemed to be unsuitable or unnecessary for Bronx Community College and were subsequently withdrawn from the project by formal Agreement among the Board, City University Construction Fund and Dormitory Authority (Supplemental Agreement H, dated February 19, 1976). The North Hall/Sedgwick Dormitory has been vacant for a number of years and has been a target of vandalism and a cause of concern to the adjacent community.

The Dormitory Authority has for sometime been attempting to negotiate a lease of the facility with the University Heights Development Corporation (a not-for-profit corporation) which intends to convert the facility (with a 100% HUD mortgage) to a Senior Citizen Housing and Service Center. However, no lease was consummated because of a question of the Authority’s legal authority to enter into a lease for the period of time required by the Department of Housing and Urban Development. The Authority now proposes to sell the property to the Sedgwick and North Hall’s Housing Development Fund Company, Inc. (a not-for-profit subsidiary of the University Heights Development Corporation).

Although the Authority already had the ability to consummate a lease (subject to the duration limitation described above), in order for it to sell the property, the Public Authorities Law (Section 1680, para. 2d (3)) provides that such a sale must be at the request of the Board and the City University Construction Fund and have the prior written approval of the Director of the Budget of the State of New York.

The State Director of the Budget has indicated that he is prepared to grant his approval at a price that would cover the Authority’s out-of-pocket cost during the period of its ownership (approximately $52,500). The Authority at its January 17, 1980 meeting approved the sale subject to receipt of a formal request from the Board and the City University Construction Fund.

In order to permit the final disposition of this matter, it is recommended that the Board adopt this resolution which will formally request the Dormitory Authority to sell the parcel.
NO. 9. APPRECIATION OF SERVICES: Dr. Jacobs expressed his appreciation and that of the Chancellor to all the members of the Board for their sincere, devoted and tireless efforts on behalf of CUNY as well as their help and support of the Chair, and awarded each one a testimonial scroll "in recognition of outstanding service to The City University of New York as a member of the Board of Trustees whose efforts have significantly advanced its academic missions and helped to preserve the University as the prime resource for quality higher education opportunity for the people of New York City."

Upon motions duly made, seconded and carried, the Board went into executive session to discuss a personnel matter.
