Chairperson Benno Schmidt called the meeting to order, and read the following notice into the record of the meeting:

“The meetings of the Board of Trustees of The City University of New York are open to the public, and the Board welcomes the interest of those who attend. The public has ample opportunity to communicate with the Board. Public hearings on the Board’s policy calendar are scheduled one week prior to the Board’s regular meetings and members of the public who wish to communicate with the Board are invited to express their views at such public hearings.

Furthermore, the Board holds additional public hearings each year in all of the five boroughs at which members of the public may also speak. In addition, written communications to the Board are distributed to all Trustees.

The Board must carry out the functions assigned to it by law and therefore will not tolerate conduct by members of the public that disrupts its meetings. In the event of disruptions, including noise which interferes with Board discussion, after appropriate warning, the Chairman will ask the security staff to remove persons engaging in disruptive conduct.

The University may seek disciplinary and/or criminal sanctions against persons who engage in conduct that violates the University’s rules or State laws which prohibit interference with the work of public bodies.”

A. VIDEO TAPING OF BOARD MEETING: Chairperson Schmidt announced that as usual CUNY-TV is making available this important community service by transmitting the Public Session of this afternoon’s meeting of the Board of Trustees live on cable Channel 75. The meeting is also being webcast live at www.cuny.edu/livestream providing service worldwide through personal computers and mobile devices. The Public Session of this afternoon’s Board meeting will be available as a podcast within 24 hours and can be accessed through the CUNY website.

Chairperson Schmidt stated that he would like to congratulate Trustee Wellington Chen for being honored by the New York Chinatown Lions Club at their 60th Annual Charter Night celebration Chinese Lunar New Year banquet on Friday, February 21st.

Chairperson Schmidt stated that he would also like to congratulate Trustee Valerie Beal who will be honored this Friday, February 28th, along with prominent business executives at the Pinnacle Awards and Scholarships Luncheon coordinated by Medgar Evers College.

Chairperson Schmidt stated that he would like to thank the Trustees, Presidents, members of the Chancellery, students and faculty who attended the New York State Black, Puerto Rican, Hispanic and Asian Legislative Caucus during the weekend of February 14th through 16th. The Board was represented by Vice Chairperson Philip Berry who presented a CUNY Educational Leadership Award to New York State Commissioner of Labor Peter Rivera at the CUNY luncheon; and, Trustee Frieda Foster who presented the first Terrence Tolbert Internship to Crystal Joseph, a Masters candidate in Urban Affairs at the CUNY School of Professional Studies/Joseph S. Murphy Institute at the luncheon. They were joined by Trustees Rita DiMartino, Hugo Morales and Muhammad Arshad.

Vice Chairperson Philip Berry stated that CUNY’s participation at the Caucus is more than just a luncheon event; it is an intervention that the University makes to continue to demonstrate CUNY’s presence throughout the state, especially with the number of new legislators and commissioners who were in place. CUNY was well represented.
Chairperson Schmidt stated that he would also like to thank Trustee Peter Pantaleo who has agreed to serve as Chair of The Graduate Center Presidential Search Committee and, Trustees Rita DiMartino, Joseph Lhota, Brian Obergfell, and Charles Shorter for agreeing to serve as members of this important committee. The other members are being appointed consistent with Board guidelines.

Chairperson Schmidt stated that he charged The Graduate Center Presidential Search Committee earlier this afternoon along with Interim Chancellor William Kelly. Interim Chancellor Kelly has decided—rather than returning to The Graduate Center after fifteen years as Provost and President—to take a well-earned study leave to finish a book that he has been working on for some time and to return to The Graduate Center faculty. The Board of Trustees will later on in the semester have the opportunity to express its deepest appreciation for Interim Chancellor Kelly's great service, not only as Interim Chancellor, but as President and Provost of The Graduate Center.

Chairperson Schmidt stated that on behalf of the Board, he has indicated that the search committee may consider the Interim President of The Graduate Center among the candidates it reviews. Interim Chancellor Kelly and Chancellor-Designate James Milliken will be participating in the work of the committee. Dr. Jonathan Cole will be serving as a consultant.

E. ORAL REPORT OF THE INTERIM CHANCELLOR: Interim Chancellor William P. Kelly presented the following report:

I would like to begin my report this afternoon by offering an update on the Performance Management Process (PMP). The PMP has served the University very well as an accountability framework since 2000 when it was introduced. It links planning and goal setting by the University and its colleges and measures annual progress toward the achievement of those goals.

Each spring, the chancellor sets the University's performance targets guided by the University's master plan. CUNY presidents, working with their executive teams and college communities, then map out performance goals and targets in alignment with those of the University. This year, CUNY embarked on streamlining the PMP in an effort to make the process more efficient and meaningful. Last Friday, I issued the new PMP framework, which will be implemented in the 2014-15 academic year. It comprises eight University goals, several sector-specific goals, and a small selection of additional college focus area goals that college presidents and deans will identify in consultation with their college constituencies.

The new framework reflects the University’s collective desire to eliminate redundancy, reduce burdensome demands, and foster greater focus on University and college priorities. I would like to thank the college presidents, members of the chancellery and, in particular, University PMP Director Cheryl Littman, for the feedback and for their work in this effort.

I am also pleased to provide a brief update on CUNY’s Cross-Campus Initiative, which I had introduced to the Board a couple of meetings ago, and has made some significant progress. Through the Community College Research Fellowship Program, the University will award release time of two courses each to faculty members who have applied and compiled a promising record of scholarly achievement. Award recipients will meet during the semester collectively to discuss their research projects. The intent is two-fold: to support community college presidents in their efforts to encourage faculty research, and second, to encourage collaboration across colleges. This is consistent with the intentions of the integrated university and the belief that the whole is greater than sum of the parts.

This spring, the University will also launch a Faculty Leadership Academy as part of the Cross-Campus Initiative to offer faculty members who are interested in academic administration a series of five seminars on the “nuts and bolts” of higher education administration at public universities. The seminars will feature selected senior administrators and managers from the CUNY Central Office and the CUNY colleges on topics of importance in higher education management. Presidents and deans, the University Faculty Senate (UFS), and the Professional Staff Congress (PSC) have been asked to nominate faculty members to participate in the academy.

The CUNY Artists-in Residence Program is taking shape as well. There have been meetings with chairs of the art, music, dance and drama departments from various colleges and there appears to be a broad agreement for the parameters of the program, which should be in place by the fall. In that regard, I am pleased to note that Queens College received a two-year, $100,000 per year, grant from The New York Community Trust to support the CUNY-Dance Initiative, which will allow New York City-based dance companies to do residencies at CUNY campuses throughout the city. Again, this is part of sharing resources to produce a greater good for the participating colleges. I want to thank particularly Distinguished Professor David Nasaw for coordinating these and the other prongs of this initiative.

On the student side, I am pleased to report that this year CUNY received a record number of applications for the Macaulay Honors College—more than 5,700, attributable to the extraordinary good work that Dean Ann Kirschner and her colleagues have done and again a source of great pride and success for the University. University-wide, thus far CUNY has admitted about 20 percent more freshmen and transfer students compared to the same time last year, but I hasten to add it would appear that the great growth primarily has to do with an earlier acceptance of applicants than last year.
The University also has some promising news on the student award front. CUNY has 10 finalists for the Jack Kent Cook Foundation Transfer Scholarship (up to $30,000 each year for two years); 13 Barry M. Goldwater scholarship nominees; and 27 Fulbright Grants applicants recommended to host countries by the Institute for International Education. I want to take the opportunity to congratulate the college presidents and their staff, salute Senior Vice Chancellor and Secretary Jay Hershenson and his staff for pressing this initiative and, most important, to salute the high achieving students who have done so well at this great University.

With respect to legislative matters, the University is in a very active period on the city, state and federal levels. On Thursday, February 6, I testified at a joint hearing of a New York State Senate Finance and Assembly Ways and Means Committees, focusing on the 2014-2015 State Executive Budget. Copies of my testimony are on the table, along with the “gold sheet,” which provides a comprehensive list of CUNY’s operating and capital budget priorities. In my testimony, I focused on the importance of the budget stability that both CUNY and SUNY have enjoyed. I talked as well about the ongoing needs, particularly community-college base aid and mandatory costs, especially step raises and operating costs for such facilities as the Advanced Science Research Center (ASRC). I spoke as well about the capital needs in general with particular attention to critical maintenance projects. Efforts to promote these interests are ongoing—the email campaign to facilitate communication between members of the CUNY community and state government has thus far resulted in 216,000 emails. Legislative meetings in each borough have taken place or are scheduled, and I thank the presidents who have coordinated those efforts. I would also like to thank all of the college presidents for coordinating efforts to bring students, faculty and others to Albany and district offices.

On February 16, Governor Cuomo announced a new statewide initiative to give incarcerated individuals the opportunity to earn a college degree through funding college classes in prisons across New York State. Studies—many of them conducted at this University—have shown that investing in college education for prisoners dramatically decreased recidivism rates while lowering incarceration costs. Those who earn a college degree while in prison are less likely to end up behind bars again. CUNY has been a longtime supporter of this idea, particularly the good work that has been done at John Jay College, The Graduate Center and a number of other colleges. At John Jay College, the Prison to College Pipeline program has generated a great deal of public and private interest and support. The University is emboldened by the governor’s initiative. I want to salute President Jeremy Travis’ efforts in that regard.

On the city side, Mayor Bill de Blasio delivered his state of the city address at LaGuardia Community College on February 10. I want to take a moment to offer my thanks and my congratulations to President Gail Mellow and her staff. The mayor announced a comprehensive jobs program, one which will no doubt call upon the University’s resources to enact. He also pledged to expand investment in STEM efforts and health care training. CUNY looks forward to supporting those initiatives and to working with the mayor to achieve common goals.

On February 12, the mayor issued his preliminary budget for FY2015 and updates to the city’s financial plan for 2014-18. CUNY’s revenue appropriation for community colleges was increased by $24.2 million in order to accommodate the $300 tuition annual increase. There will be a joint hearing of the city council higher education finance committees on March 7. CUNY will, of course, be testifying and speaking of the budget priorities on the city side at that time.

Federally, I remind you of CUNY’s ongoing efforts to support President Obama’s request for a rating system. Based on the modeling that has been done, CUNY’s 11 four-year colleges rank in the top 36 of 555 public four-year institutions based on the criteria of affordability, access and outcomes. All of CUNY’s two-year colleges rank in the top one-half nationally and I want to thank President Ricardo Fernández and the members of the Council of Presidents ad hoc committee for their guidance in this project, and David Crook and his staff for modeling and creating documents that will be shared with the Department of Education.
Finally, Mr. Chairman, I am pleased to announce that the second installment of the “Chancellor's Conversations with CUNY Faculty” series takes place next week. The inaugural conversation featured two resident economic experts on the topic of income inequality. The second event, which is scheduled for March 4 at The Graduate Center, is entitled “Art and Craft: Teaching Writing” and it will feature Colum McCann from Hunter College and André Aciman from The Graduate Center.

University Faculty Senate Chair and Trustee Terrence Martell stated that there were a number of positive things in that report, and he would like to comment on the community college research initiative, a hugely positive signal to many hard-working men and women who in addition to having a very serious teaching load, take the time and make the extra effort to publish books and articles. This is a signal to them from the Chancellor and the Board that their research is important and the University will find a way to support it. I thank you for them.

Chairperson Schmidt stated that there was nothing like the performance review system before Chancellor Emeritus Matthew Goldstein and he inaugurated it back in 2000. It was the goal that CUNY should have the most constructive accountability framework of any university. There is no university that has anything approaching the performance review structure. He added that he would like to thank all the Presidents, the Deans and everyone in the Chancellery who put that together and then improved it over the years. It is a remarkably successful piece of work as it has had a clear impact on faculty recruitment, on student success, on raising student standards, graduation rates and the rest of the things that are critically important for CUNY to focus on.

Upon motions duly made, seconded and carried, the following resolutions were adopted: (Calendar Nos. 1 through 7)

**NO. 2. APPROVAL OF MINUTES:** RESOLVED, That the minutes of the regular Board meetings and Executive Session of January 27, 2014 be approved.
NO. 3. COMMITTEE ON FISCAL AFFAIRS: RESOLVED, That the following item be approved:

A. JOHN JAY COLLEGE - IN-STATE TUITION RATE FOR ONLINE DEGREE PROGRAMS:

RESOLVED, That the Board of Trustees of The City University of New York adopt a revised schedule of tuition and fee charges for students enrolling in the online degree and certificate programs offered by John Jay College effective Fall 2014 to charge all students the graduate in-state tuition rates regardless of residency and to charge a $75 Online Infrastructure Fee each term in lieu of the Student Activity Fee.

EXPLANATION: On April 27, 2009, the Board of Trustees of The City University of New York adopted a revised schedule of tuition and fee charges so that students enrolling in the John Jay College’s first online program, Master of Public Administration Inspector General (MPA-IG), pay the prevailing in-state tuition for graduate students effective Fall 2009. Since then, John Jay College has received approval, from the Board and the State of New York, of a new online Master of Science in Security Management program that will be offered to students starting in 2014. The in-state tuition rate has proven crucial to the competitiveness of the online MPA-IG program in the national and international online education market. It is critical to follow this precedent and charge the in-state tuition rate for the online Master of Science in Security Management program and for all future online graduate degree and advanced certificate programs. The College estimates an initial enrollment of 20 students per cohort in the Master of Science in Security Management in the Fall 2014 and anticipates enrollment will grow to 200 students by Spring 2017.

The new Online Infrastructure Fee will be charged in lieu of the Student Activity Fee for all online students. This new fee will provide online students with key student services, such as access to student service coordinators dedicated to online students, online orientation, online tutoring, and an online student portal, that are critical to ensure a high retention rate in online programs of John Jay College.

Report of Fiscal Affairs Committee Chair Joseph J. Lhota:
Following the approval of the action item, the Subcommittee on Audit was convened, and after the approval of the minutes of its meeting of December 4, 2013, Shelly Masi and John Eusenio from KPMG gave a clean report on the A-133 audit. After adjourning the Subcommittee on Audit meeting, the Subcommittee on Investment was convened, and following the approval of the minutes of its meeting of November 4, 2013, the Subcommittee on Investment was adjourned to go into Executive Session. In Executive Session, Cambridge Associates provided a performance update on the CUNY Investment Pool. Following a discussion, the Committee approved that State Street Global Advisors shall be the sole investment manager for CUNY’s domestic equity mandate.

NO. 4. COMMITTEE ON FACULTY, STAFF, AND ADMINISTRATION: RESOLVED, That the following items be approved:

A. THE CITY UNIVERSITY OF NEW YORK - CONTINUATION OF MILITARY LEAVE AND EMPLOYER-PAID HEALTH AND WELFARE BENEFITS COVERAGE FOR UNIVERSITY EMPLOYEES RECALLED FROM THE RESERVES TO ACTIVE MILITARY SERVICE:

RESOLVED, That the Board of Trustees of The City University of New York, in response to the continuing need for employees in the National Guard and Reserves to be activated for Military Service in response to the events of September 11, 2001, and in light of the continuing evolution of the response to September 11, 2001 into a wider campaign against terror, including military action in Afghanistan, hereby authorizes the continuation of Military Leave and Health & Welfare benefits for University employees in accordance with the following policies. These policies apply to employees of The City University of New York who are members of the National Guard, Reserve forces, or Reserve components of the Armed Forces of the United States.
1. **Supplemental Military Leave**

   (a) The City University of New York will provide a temporary leave category called Supplemental Military Leave at full pay. Employees of The City University of New York who have been federally activated or activated by the Governor of New York State for military service between September 11, 2001 and December 31, 2014 will be granted Supplemental Military Leave with full pay after the exhaustion of military leave with full pay pursuant to Section 242 of the New York State Military Law. While on such Supplemental Military Leave, the eligible employee will be in full pay status for a period not exceeding 30 work days, in addition to the leave that had been granted pursuant to Section 242 of the New York State Military Law. The Statutory Entitlement period is 30 work days for all Public Servant Soldiers of the City of New York in compliance with Chapter 238 of the laws of 2008.

   (b) Employees shall be eligible to receive Supplemental Military Leave through December 31, 2014. Supplemental Military Leave shall not be granted for military service performed after December 31, 2014. In no event shall more than one such grant of Supplemental Military Leave be credited to any employee for activation related to the war on terror regardless of the number of times the employee is activated between September 11, 2001 and December 31, 2014.

2. **Military Leave at Reduced Pay**

   (a) Employees shall be eligible to receive Military Leave at Reduced Pay through December 31, 2014. Military Leave at Reduced Pay status commences after the employee has exhausted Military Leave pursuant to Section 242 of the New York State Military Law, Supplemental Military Leave as set forth in paragraph 1 above, and any leave credits, other than temporary disability leave or sick leave, which the employee elects to use.

   (b) Employees in Military Leave at Reduced Pay status will be paid their regular City University of New York salary (base pay) reduced by military pay (base pay plus housing and food allowances). The determination of rate of payment for the Military Leave at Reduced Pay will be based upon the employee's regular City University of New York salary as of his/her last day in full pay status and the employee's military pay on the first day of his/her activation, and shall not be subject to adjustment during the period of leave at reduced pay.

   (c) Employees eligible for Military Leave at Reduced Pay will not be eligible to earn annual and temporary disability leave/sick leave accruals or to receive credit for holidays.

   (d) In no event shall Military Leave at Reduced Pay be granted for military service performed after December 31, 2014.

3. **Continued Health Insurance Coverage**

   Covered dependents of eligible employees of The City University of New York, who are currently enrolled in a health plan with family coverage through The City University of New York and who have been federally activated or activated by the Governor of New York State for military service related to the war on terror shall continue to receive health insurance coverage with no employee contribution for a period not to exceed 12 months from the date of activation, less any period in which the employee remains in full-pay status. Contribution-free health insurance coverage will end at such time as the employee’s active duty is terminated or the employee returns to City University of New York employment or December 31, 2014, whichever occurs first.
4. Other Provisions

The provisions of this resolution shall not apply to those employees who have voluntarily separated from City University of New York service or who are terminated for cause. Furthermore, the provisions of this resolution shall apply only for the period of time that the employee has an appointment with The City University of New York.

This resolution, consistent with the policies being followed by the State of New York for its employees, authorizes, under certain conditions, the continuation of Supplemental Military Leave at full pay for 30 work days, in addition to the Military Leave provided pursuant to Section 242 of the New York State Military Law. Further, after exhaustion of the Supplemental Military Leave, this resolution authorizes a Military Leave at Reduced Pay for military service performed through December 31, 2014, whereby the employee will receive salary from The City University of New York equal to the difference between the employee's regular CUNY salary and the military pay he/she is receiving. Finally, this resolution authorizes the continuation (through December 31, 2014) of dependent health care coverage, under certain conditions, for employees recalled to active service related to the war on terrorism (less any period in which the employee remains in full-pay status).
