Chairperson Benno Schmidt called the meeting to order, and stated that on behalf of the Board of Trustees and the entire CUNY community, he would like to welcome Chancellor James B. Milliken to his first Board meeting. Most of you attended the superb and inspiring welcome reception on June 16th, hosted in honor of the Chancellor’s appointment and in celebration of CUNY’s 2014 Valedictorians.

Chairperson Schmidt stated that the Board will go into Executive Session to discuss personnel matters after the conclusion of the Public meeting. The Board will then reconvene in Public Session following Executive Session. He read the following notice into the record of the meeting:

“The meetings of the Board of Trustees of The City University of New York are open to the public, and the Board welcomes the interest of those who attend. The public has ample opportunity to communicate with the Board. Public hearings on the Board’s policy calendar are scheduled one week prior to the Board’s regular meetings and members of the public who wish to communicate with the Board are invited to express their views at such public hearings.

Furthermore, the Board holds additional public hearings each year in all of the five boroughs at which members of the public may also speak. In addition, written communications to the Board are distributed to all Trustees.

The Board must carry out the functions assigned to it by law and therefore will not tolerate conduct by members of the public that disrupts its meetings. In the event of disruptions, including noise which interferes with Board discussion, after appropriate warning, the Chairman will ask the security staff to remove persons engaging in disruptive conduct.

The University may seek disciplinary and/or criminal sanctions against persons who engage in conduct that violates the University’s rules or State laws which prohibit interference with the work of public bodies.”

A. VIDEO TAPING OF BOARD MEETING: Chairperson Schmidt announced that as usual CUNY-TV is making available this important community service by transmitting the Public Session of this afternoon’s meeting of the Board of Trustees live on cable Channel 75. The meeting is also being webcast live at www.cuny.edu/livestream providing service worldwide through personal computers and mobile devices. The Public Session of this afternoon’s Board meeting will be available as a podcast within 24 hours and can be accessed through the CUNY website.

Chairperson Schmidt stated that he would like everyone to join him in congratulating Trustee Terrence Martell who was elected to a new two-year term as Chair of the University Faculty Senate (UFS) on May 13th.

Chairperson Schmidt stated that he would like to congratulate Trustee Carol Robles-Roman for receiving an exemplary community service award from the Puerto Rican Bar Association Scholarship Fund, Inc. at its 57th Anniversary Gala held on May 14th.

Chairperson Schmidt stated that he would also like to congratulate Hostos Community College Public Safety Chief Arnaldo Barnabe who is one of six New York public servants to receive a 2014 Sloan Public Service Award from the fund for the City of New York. He is the first-ever CUNY classified civil service employee to receive this great honor. Chief Barnabe is sitting in the audience as are a number of his colleagues who are here to join in on this recognition.

Chairperson Schmidt stated that he would like to thank his fellow Trustees who delivered greetings from the Board at the May and the June 2014 CUNY commencements that took place over the past several weeks. They represented the University with great dedication, which is deeply appreciated.
Chairperson Schmidt stated that the Board held its Bronx Borough Hearing together with its Public Hearing on the Board's June 2014 calendar on Monday, June 23rd. Trustee Robles-Roman chaired the hearing, which was also attended by Trustees Hugo Morales, Rita DiMartino and Muhammad Arshad, members of the Chancellery and the Bronx College Presidents. A summary of the proceedings has been circulated to the Trustees and the Chancellor's cabinet, and a transcript is available in the Office of the Secretary.

Chairperson Schmidt stated that the Board would like to extend their deepest sympathies to the family of Medgar Evers College student Steven Middleton on the tragic loss of their son last week. He was scheduled to graduate from Medgar Evers College next year and he celebrated his twenty-first birthday this past month.

Chairperson Schmidt stated that on behalf of the Board, he would also like to extend his deepest condolences to the family of longtime New York State Senator Roy Goodman who passed away on June 3rd. His many accomplishments over three decades of public service included his successful sponsorship of legislation in the New York State Senate that helped the University relocate the CUNY Graduate School and University Center from 33 West 42nd Street to its current great location at 365 Fifth Avenue.

Chairperson Schmidt stated that on behalf the Board, he also deeply mourns the passing of a rare gem of a lady, Ms. Ruby Dee, who passed away on June 11th. As one of New York City's adopted daughters, Ms. Dee was a Hunter College High School graduate and Hunter College alum, Class of 1945. E. ORAL REPORT OF THE INTERIM CHANCELLOR:  Chancellor James B. Milliken presented the following report:

I would like to once again thank the members of this Board for the exceptional honor and opportunity to serve as Chancellor of The City University of New York, and for the very generous welcome that they provided both Nana and I on our return to New York City. I am especially grateful for the wonderful reception held on June 16th where Nana and I met so many of CUNY's valedictorians. As is the case with so many of the students I have met over this past month, their extraordinary stories and achievements are inspiring. I thank my colleagues, the presidents and deans, members of the Chancellery, and the faculty, staff, students and alumni who greeted me with so much encouragement and commitment.

I would like to join the Chairperson Schmidt in congratulating UFS Chair and Trustee Terrence Martell on his election to a new two-year term. He has already provided me with much valuable perspective and advice.

I am delighted that former Executive Vice Chancellor and University Provost Alexandra Logue could be with us at this meeting, and at the reception to follow. Her service to CUNY has been marked by academic distinction, distinguished leadership, and exemplary dedication. The University is a much better institution today thanks to her extraordinary commitment and hard work.

Today marks the end of my first month at The City University of New York. I began my first day meeting with the Council of Presidents and later the members of the Board at Committee meetings, so it is a fitting close to the month to again be meeting with the Trustees and the presidents.

It has been a great month—a month filled with the joy of graduations. I join with Chairperson Schmidt in thanking all the Trustees who brought greetings to the 48,000 CUNY graduates who fulfilled degree requirements this academic year. It was a special privilege for me to participate in four commencement ceremonies: Hostos Community College, the CUNY Graduate Center, LaGuardia Community College, and Macaulay Honors College. I also participated in the Peter Jennings Laurel Award Scholarship program which awarded scholarships to eleven CUNY High School Equivalency (GED) graduates who are now enrolled in CUNY as freshmen—an amazing group of motivated and talented students of all ages.

Last Thursday, I had the opportunity to speak at the 1199 SEIU graduation ceremony. SEIU developed a unique partnership with CUNY leading to major initiatives to address the educational needs of healthcare workers in the industry, including educating 6,000 of their members this year who attended CUNY.
schools. I am also looking forward to addressing the graduates at the Stella and Guttman Community College’s inaugural commencement ceremony in late August.

During my first month on the job, I have been fortunate to experience the amazing breadth and depth of CUNY, and to have come into contact with its broad and diverse student population. There are few places in the country where you could start with a GED and finish with a Ph.D. at the same institution. That is CUNY.

I have also had the opportunity to meet scores of talented and dedicated faculty—including retired faculty—who I met when I spoke at the annual Professional Staff Congress (PSC) retiree spring luncheon. I am told that it is the first time a Chancellor has done so. I am honored to join this distinguished group of scholars, and I intend to do everything I can to help them be successful.

It has been an incredible introduction, and my education continues this summer with visits to each CUNY campus. Over the last two weeks, I visited Bronx Community College, Lehman College and Brooklyn College, meeting with the presidents, faculty, students and staff, and taking tours of their beautiful campuses. Next week, I will visit LaGuardia Community College, Kingsborough Community College and Baruch College. I will spend time on the remaining campuses during the months of July and August concluding with Borough of Manhattan Community College on August 28th—after which I intend to file a paper called, “How I Spent My Summer Vacation”.

On June 19th, an agreement on the City budget for the Fiscal Year 2015 was announced. The University is very grateful to both Mayor de Blasio and Speaker Mark-Viverito and the other members of the City Council for their strong support of CUNY in this year's budget. On the Operating Budget side, $11 million was provided for the New York City Merit Scholarship program that will be available to students. This initiative was crafted by the elected student government leaders, who were well-organized by the University Student Senate (USS). Students worked collaboratively and effectively with the University and the City Council Higher Education Committee to ensure the inclusion of this funding in the final budget. Special thanks and congratulations go to Trustee Muhammad Arshad, Chairperson of USS and the student member of CUNY's Board, for his leadership of this student-driven effort, one of many that he has led to ensure that CUNY remains accessible and affordable to talented New York students.

In addition, the Fiscal Year 2015 budget includes restorations for CUNY Prep, Citizenship NOW!, and various centers and institutes. An additional $1.5 million has been provided to the University's Professional Development Institute, which has been contracted by the City to train hundreds of new Pre-Kindergarten teachers, as part of Mayor de Blasio's commitment to early childhood education. In all, a total of $18 million was added to CUNY's operating budget which is a significant achievement. These funds are in addition to the increase that was provided to CUNY in the Mayor's Executive budget, where $18.9 million was allocated for the “STEM Support Expansion” initiative, covering the expansion of the successful ASAP program, research fellowships, cooperative education programs, summer tuition subsidies, and additional academic advisors. The Mayor's multi-year agreement will grow to $51 million in Fiscal Year 2017. The unprecedented level of support from the Mayor and City Council will continue to help strengthen the community colleges and enhance services to students.

On the Capital Budget side, the Fiscal Year 2015 Executive budget provides CUNY with $429 million over five years, which includes Mayoral, City Council and Borough President funding. After two years of negotiations, the City Office of Management and Budget and CUNY came to a final agreement on matching the balance of existing funding for community college critical maintenance projects. The City budget will include $35.5 million in additional Mayoral funds. These additions will allow several large critical maintenance projects to advance the community colleges, including the next phases of the Bronx Community College campus-wide utilities project, ongoing renovations of floors at Hostos Community College’s 500 Grand Concourse building, and roof and building envelope projects.
Moving on to the State, it gives me great pleasure to repeat something that was previously announced, to recognize that **Trustee Barry Schwartz** was confirmed unanimously by the New York State Senate. Congratulations!

The Legislative session ended ten days ago. Both houses passed the in-state tuition rate bill for veterans, which **CUNY** supported. This bill waives the residency/time requirements to be eligible for the in-state tuition rate. The **Board of Trustees** had previously established this change at its meeting on June 24, 2013.

On the Capital side, the Fiscal Year 2014-15 State budget included $67 million in new appropriations which includes: $37.5 million for a new College Science Facility at **Brooklyn College**; $22.5 million for the Computational Center Building at the **College of Staten Island**; $2 million for science labs at **Queens College**; and $5 million for the Steiner Studio Film Studio at **Brooklyn College**. New State capital funding for Fiscal Year 2014-15 totals $512 million. Total State capital funding available—new and re-appropriated—is $3.2 billion for senior and community colleges.

On the federal side, **CUNY** has been playing close attention to federal support for major awards and scholarship programs including the Fulbright program, which is an important and necessary opportunity for global exchange and understanding. This year, twenty-two **CUNY** students and fourteen faculty members were awarded Fulbrights to research, study, educate and work abroad. I shared a letter I sent two weeks ago to Congresswoman Nita Lowey expressing my strong support of efforts to preserve current funding levels for the Fulbright program, as well as my concern that this important program would be sharply constrained if proposed reductions were allowed to stand. Since foreign travel and semesters abroad are out of reach for many of **CUNY** students, and since the majority of the graduates remain in New York State after graduation, the Fulbright opportunity is a significant one for **CUNY** and for the region. I am pleased to report that the relevant committees in both Houses of Congress have acted to include the complete restoration of funds for the Fulbright program, signifying a successful advocacy campaign on behalf of this program.

I would also like to report on **CUNY**’s response to the new federal legal requirements (Violence Against Women Reauthorization Act of 2013) for educating incoming students and new employees on sexual harassment and sexual assault, which must be fully implemented by the fall 2014 academic semester. To ensure compliance with both federal and state law, all **CUNY** campuses are required to implement education programs on sexual harassment/sexual assault that address all topics covered under the law. In addition, **CUNY** campuses must maintain records that reflect the nature of the educational programs offered, the materials used or distributed, the manner in which the programs are publicized, and the venues they are on. This work is now underway.

I am also pleased to report that starting this summer, **CUNY** will be joining the national Student Achievement Measure (SAM) project. It is a joint effort of six major national higher education organizations that represent the vast majority of U.S. colleges and universities united to develop a better system of data to provide a comprehensive picture about student success rates that are better than those currently provided by the Integrated Postsecondary Education Data System (IPEDS) graduation reports. About 400 two- and four-year colleges are contributing data to the SAM database and the **CUNY Central Office** will report the information for all of its colleges. Under SAM, in addition to standard data on retention and graduation, **CUNY** will report the number of students who transfer out of **CUNY** as well as their enrollment and graduation status. IPEDS, currently does not take into account these positive outcomes.

I also signed on to a nation-wide presidents’ and chancellors’ “Call to Action in Support of the Common Core State Standards,” joining many of my colleagues in higher education including SUNY Chancellor Nancy Zimpher and New York State Commissioner of Education John King. This is an effort from leaders in higher education to support high academic standards for K-12 students to improve college readiness and, ultimately, college access and success. The Common Core standards are among the most
promising and prominent efforts today.

As of the end of June 2014, CUNY expects a slight decrease in the number of new students. The University does appear, however, to be on target to enroll almost as many new students as in fall 2013. CUNY continues to have challenges with some graduate programs that will be reviewed.

I am pleased to announce the following grants: the Pinkerton Foundation has awarded $1.5 million over two years for a program that will link campus staff, and college and community resources to help more students earn a college degree. The program will be coordinated by Senior University Dean John Mogulescu's office and Graduate NYC. Dean Mogulescu also received a six-year grant of approximately $1 million from the Michael and Susan Dell Foundation for the Graduate NYC! project to support the establishment and launch of a college completion innovation fund; and, the Sloan Foundation has awarded over $1.1 million over three years to provide renewed support to encourage promising early career scientists at both student and faculty levels. This grant will be administered by Vice Chancellor Gillian Small.

Congratulations to: Dean Michelle Anderson on receiving the Diversity and Inclusion Champion Award from the New York City Bar Association on June 18, 2014; President Marcia Keizs on receiving the “Caribbean Achievers Award for Education” at the fourth Annual Caribbean Heritage Month Celebration on June 18, 2014; President Jeremy Travis on receiving the Achievement Award from the Center for Evidence-Based Crime Policy at George Mason University in recognition of his contributions to the movement to ensure that CUNY’s criminal justice policies reflect strong research. He also chaired the Committee of the National Academy of Sciences that just produced and released a report on the causes and consequences of high incarceration rates in the United States; Senior Vice Chancellor and Secretary Jay Hershenson was presented with the Education Leadership Award naming him Educator of the Year by the Board of the National Puerto Rican Day Parade on May 21, 2014. He also accepted the "Friend of National Organization of Italian American Women Award" on behalf of CUNY; Vice Chancellor Iris Weinshall on being named chair of the Board of the Prospect Park Alliance. She was recently named to the Board of the Metropolitan Transportation Authority (MTA), and also received the New York Excellence in Academic Facilities and Planning Award by the Society of American Registered Architects' New York Council on June 24, 2014.

Upon motions duly made, seconded and carried, the following resolutions were adopted: (Calendar Nos. 1 through 8)

NO. 1. CHANCELLOR’S UNIVERSITY REPORT: RESOLVED, That the Chancellor’s University Report for June 30, 2014 (including Addendum and Errata Items) be approved:

NO. 2. APPROVAL OF MINUTES: RESOLVED, That the minutes of the regular Board meetings and Executive Session of May 5, 2014 be approved.

NO. 3. COMMITTEE ON FISCAL AFFAIRS: RESOLVED, That the following items be approved:

A. LAGUARDIA COMMUNITY COLLEGE - BUILDING MAINTENANCE SERVICES:

RESOLVED, That the Board of Trustees of The City University of New York authorize the General Counsel to execute a contract on behalf of LaGuardia Community College to purchase building maintenance services. The contract shall be awarded to the lowest responsive and responsible bidder after public advertisement and sealed bidding by the College pursuant to law and University regulations. Such purchase shall not exceed a total estimated cost of $3,200,000 for the first year of the five-year term, chargeable to CUNYfirst Code 53104, during fiscal years 2014-15 and 2015-16. The contract shall include the right for the University to terminate the contract in its best interest. The contract shall be subject to approval as to form by the University Office of General Counsel.
EXPLANATION: College will use these services to provide maintenance to its building and grounds.

B. BARUCH COLLEGE - MPA PROGRAM EXCELLENCE FEE:

RESOLVED, That The City University of New York adopt an academic excellence fee of $500 per semester for students in the MPA Program at the Baruch College School of Public Affairs, effective with the Fall 2014 semester.

EXPLANATION: The Baruch College School of Public Affairs (SPA) operates a large and distinguished MPA program that produces each year more graduates than any other MPA program in the United States. It is academically selective, admitting a talented and demanding student body. It is accredited by the Network of Schools of Public Policy, Affairs and Administration (NASPAA), which requires investment in career services and other forms of student support at a level inconsistent with the current resource base. The other two graduate degree programs in SPA already implement an Academic Excellence Fee (AEF). Implementing this fee on MPA students will create consistent fees across all of SPA’s graduate programs and thereby improve equity. In addition:

- The AEF will permit greater support for career services.
- The AEF will permit more scholarship and graduate assistantship support.
- AEF revenue will support greater academic capacity overall.
- As with current AEF spending in SPA, the large majority will go to direct student services.

University Student Senate (USS) Chair and Trustee Muhammad Arshad ABSTAINED.

USS Chair and Trustee Arshad stated that the USS did not have enough time to reach the elected representatives of Baruch College’s student government to actually comment on, or support this resolution.

C. THE CITY UNIVERSITY OF NEW YORK - SHORT-TERM INVESTMENT POLICY:

RESOLVED, That the Board of Trustees approve the Short-Term Investment Policy hereto and approve the creation of the Short-Term Investment Pool contemplated therein.

EXPLANATION: This Short-Term Investment Policy was drafted in consultation with the University's Office of General Counsel and the University's investment consultant, Cambridge Associates, and governs the University's short-term investment of available cash, if any, and the proposed Short-Term Investment Pool (STIP). In order to provide the colleges and related entities with a centralized alternative to money market funds and other low-yielding investment vehicles currently being used for non-day-to-day operating cash balances, the University is proposing the creation of the STIP. The STIP will be a pooled investment vehicle with separate maturity tiers (short, intermediate and long), the allocation of which is intended to increase diversification and expected return, while maintaining a stipulated liquidity profile.

The following is a summary of the principle provisions of the Short-Term Investment Policy.

With respect to governance, the Short-Term Investment Policy provides that except for the adoption and amendments thereto, the Board of Trustees delegates to the Vice Chancellor for Budget and Finance the responsibilities for providing broad oversight of the investments of cash in the Short-Term Investment Pool. Those responsibilities will be primarily carried out by the University Controller and his Investment Staff, which shall report at least annually to the Subcommittee on Investments, which shall in turn report at least annually to the Board of Trustees. The Controller has broad authority, within the guidelines set forth in the Short-Term Investment Policy, to make decisions, with the advice of the Investment
Consultant(s), in such areas as asset allocation, choice of investment managers and other external agents, rebalancing and reporting of investment results.

The Short-Term Investment Policy stipulates that the investment objectives of the STIP are to provide a return greater than that achievable through investment in common money market funds at a standard deviation that does not exceed 3%. Such objectives will be evaluated over rolling three-year periods. It further stipulates that the liquidity profile of the STIP must be high, with at least 50% of the STIP having daily liquidity and no more than 10% having liquidity beyond a quarter.

CITY UNIVERSITY OF NEW YORK
SHORT-TERM INVESTMENT POLICY

1. Purpose of the Short-Term Investment Policy

This Short-Term Investment Policy governs The City University of New York’s (“CUNY”) short-term investment of available cash, if any, and CUNY’s Short-Term Investment Pool (the “STIP”).

2. Background

The STIP was created to serve the short- to intermediate-term financial needs of CUNY and its Colleges and related entities, including Alumni Associations and Foundations, that choose to invest in the STIP. The STIP is a pooled investment vehicle for multiple individual accounts that includes non-tax levy funds with a short to intermediate timeframe but excludes dedicated operational cash.

Currently, CUNY and its Colleges and related entities independently invest their short- to intermediate-term funds mainly in various money market and certificate of deposit accounts at low yields without any coordination among them. Given the large aggregate size of these accounts and the scale advantages that are achievable, it is prudent to seek a higher-yielding alternative that offers an acceptable risk/return tradeoff with operational ease and a high level of transparency. It is understood that achieving higher returns requires increasing investment risk and/or reducing liquidity; however by combining multiple accounts and with proper cash flow forecasting, an acceptable balance between good returns, adequate liquidity and acceptable investment risk should be achievable.

It is the aim of the STIP to become the preferred choice for placement of the short- to intermediate-term assets.

This policy adheres to the standards of prudent management of investment assets set forth in the New York Prudent Management of Institutional Funds Act (“NYPMIFA”).

3. Responsibilities

A. CUNY’s Vice Chancellor for Budget and Finance serves as steward and is responsible for providing broad oversight of the STIP investment program, including developing objectives and strategies for the STIP consistent with the Short-Term Investment Policy and setting an optimal asset allocation. The University Controller and his Investment Staff shall perform all other responsibilities relating to the STIP.

B. The University Controller and his Investment Staff shall be responsible for the total investment program and will provide prudent oversight of the STIP in order to further the goals and mission of CUNY and the College and related entity participants. The University Controller and his Investment Staff shall be responsible for implementing the Vice Chancellor for Budget and Finance’s decisions relating to the STIP; ensuring the STIP is invested according to the Short-Term Investment Policy; administering the STIP; selecting and terminating Investment Managers; determining whether or not to engage external agents such as Investment Consultants and Custodians, and selecting and terminating any such external agents; rebalancing the STIP; presenting investment results; coordinating with any selected Investment
Managers, Investment Consultant(s) and Custodian; and ensuring that CUNY’s investment and management of STIP assets comply with NYPMIFA.

In addition, the University Controller and his Investment Staff shall report at least annually to the Subcommittee on Investments of the Board of Trustees on investment policy, asset allocation and performance of the STIP as well as other substantive matters. The Subcommittee on Investments shall in turn report at least annually to the Board of Trustees on the same matters relating to the STIP.

The University Controller and his Investment Staff may delegate certain investment responsibilities to external agents such as consultants and investment managers. Such delegation must be conducted in a prudent manner and in good faith and requires at a minimum:

a) Clear definition of the scope and terms of the delegation and assessment of the reasonableness of the compensation charged by the agent;
b) Proper due diligence including assessment of the agents’ independence and potential conflicts of interest;
c) Subsequent monitoring of the delegated areas including reasonable efforts to verify accuracy of information provided by the agents; and
d) Contracts with external agents must specify that (i) they can be terminated without penalty by CUNY upon no more than 60 days’ notice and (ii) the external agent owes a duty to CUNY to exercise reasonable care, skill and caution to comply with the scope and terms of the delegation.

C. The Vice Chancellor for Budget and Finance and the University Controller and his Investment Staff must adhere to New York State ethics provisions under Public Officer Law, Sections 73 and 74.

D. Each Investment Consultant shall provide assistance to the University Controller and his Investment Staff, as requested, on the development, implementation, and ongoing practice of specific Investment Manager guidelines and practices consistent with the mandate to provide prudent oversight of the STIP. Each Investment Consultant shall also assist the University Controller and his Investment Staff with the selection of Investment Managers and provide periodic investment ideas tailored to CUNY’s specific needs as well as provide investment performance measurement and advice concerning risk management strategies, primarily through asset allocation studies and diversification strategies. Each Investment Consultant shall act as a fiduciary of the STIP.

E. Each Investment Manager shall be responsible for investing as a fiduciary with discretion the assets under its management and in reporting and communicating with the University Controller and his Investment Staff in accordance with the Short-Term Investment Policy and the applicable Investment Manager guidelines.

F. Each Custodian shall be responsible for all needs relating to the custody and accounting of the STIP assets, including processing all Investment Manager transactions, related additions or withdrawals, and securities lending (if agreed to), and reporting and communicating with University Controller and his Investment Staff, Investment Managers and Investment Consultant(s), in accordance with the Short-Term Investment Policy and with the applicable Investment Manager guidelines.

G. In carrying out their responsibilities, the Vice Chancellor for Budget and Finance, University Controller and his Investment Staff, and external agents shall comply with the duties of loyalty and care, which require each such person to act in what he or she believes is the best interest of CUNY and in good faith and with the care an ordinarily prudent person in a like position would exercise under similar circumstances.
4. Investment Objectives and Liquidity

The Investment Objective of the STIP is to provide a return greater than the return achievable through investment in common money market funds at a standard deviation that does not exceed 3%.

It is recognized that these objectives may not be achieved over shorter time periods, but should be achievable over longer periods and the objectives shall therefore be evaluated over rolling three-year periods.

The liquidity profile of the STIP must be high with at least 50% of it having daily liquidity and no more than 10% having liquidity beyond a quarter.

5. Additions and Withdrawals

Investments in the STIP are subject in all respects to the Short-Term Investment Policy and the STIP Rules attached hereto as Appendix A (the “Rules”) and as updated from time to time by the University Controller. Participants can withdraw funds from the STIP as needed in accordance with the requirements of the Rules.

Among other things, the Rules address reporting to participants, stress the need for proper cash flow forecasting of additions and withdrawals to the STIP, and require Participants to communicate requests for withdrawals in advance to facilitate rebalancing and planning, especially for larger transactions.

6. Asset Allocation and Composition of the STIP

The STIP is a commingled pool consisting of at least three separate Tiers as described below:

A. **Short-Term Tier:** The purpose of the Short-Term Tier is to ensure capital preservation and daily liquidity and this Tier will be invested conservatively in fixed income and cash securities with daily liquidity and shorter maturities.

B. **Intermediate-Term Tier:** The purpose of the Intermediate-Term Tier is to ensure capital preservation over time but with some excess return potential using predominantly daily liquidity and fixed income investments at short to intermediate maturities.

C. **Long-Term Tier:** The purpose of the Long-Term Tier is to provide excess return potential through a variety of investments including both equity and fixed income with varying liquidity terms and at significantly higher levels of risk than normally used in short-term cash pools, with the potential for significant gains as well as the potential for loss of capital. Specific investment guidelines for the Long-Term Tier are contained in CUNY’s Investment Policy related to the Long-Term Investment Pool, where this Tier will be co-invested.

The asset allocation among the Tiers shall be the following:

<table>
<thead>
<tr>
<th>Tier</th>
<th>Target Allocation</th>
<th>Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>Short-Term</td>
<td>20%</td>
<td>15%-25%</td>
</tr>
<tr>
<td>Intermediate-Term</td>
<td>70%</td>
<td>60% - 80%</td>
</tr>
<tr>
<td>Long-Term</td>
<td>10%</td>
<td>5% - 15%</td>
</tr>
</tbody>
</table>

In establishing the asset allocation and in its implementation, the following factors shall be taken into consideration, if relevant:

- General economic conditions;
- The potential impact of inflation/deflation;
- The expected tax consequences, if any, of investment decisions or strategies;
- The role of individual investments in context of the overall STIP;
- The expected total return from income and the appreciation of investments;
The overall resources of CUNY and College and related entity participants;

- The needs of CUNY and College and related entity participants to make distributions and
  preserve capital; and

- The relationship of any given investment asset to the mission/purpose of CUNY and College and
  related entity participants.

Also, any investment decision shall always take into account the purposes of CUNY and College and
related entity participants and the funds that comprise the STIP. Investment decisions shall,
furthermore, not be considered in isolation but on the basis of the total STIP. Also, as specified below,
the STIP shall be diversified and implemented in a cost-effective way.

The asset allocation of the STIP shall reflect a proper balance of its investment objectives, risk
tolerance and need for liquidity.

7. **Rebalancing**

The Tiers shall be rebalanced back to their respective targets to ensure that the asset allocation
remains an accurate reflection of CUNY’s desired risk profile. The following methods shall be used: 1) rebalancing using cash inflows and outflows on a monthly basis, 2) rebalancing semi-annually in
October and April and 3) rebalancing back to the target allocations should actual allocations move
outside allowable ranges.

8. **Investment Management**

The Short- and Intermediate-Term Tiers shall be invested with one or more managers with fixed income
and cash management expertise. Given the liquidity and capital preservation needs, the assumption is
that these Tiers will be invested through separate account vehicles. On an exception basis, limited use
of commingled vehicles is permitted if sufficient diversification cannot be achieved otherwise or
significant cost savings can be achieved at an acceptable level of risk.

The Long-Term Tier will be co-invested with the CUNY Long-Term Investment Pool and therefore
subject to the safeguards, manager diversification, and other requirements of CUNY’s Investment Policy
related to the Long-Term Investment Pool.

9. **Performance Monitoring**

With the assistance of the Investment Consultant(s) and the Custodian, the University Controller and his
Investment Staff shall regularly review the STIP assets, the status of its investment Tiers, and shall
make such adjustments as deemed necessary to achieve stated investment objectives. In addition, the
University Controller and his Investment Staff shall receive monthly performance reports primarily for
administrative purposes.

A. The STIP shall be evaluated against (a) the investment objectives set forth in Section 4 above and
(b) a custom benchmark consisting of a weighted mix of appropriate benchmarks for each
Tier.

B. The performance of each Tier of the STIP shall be measured against Tier-specific benchmarks,
which will enable evaluation of the effectiveness of the implementation strategy used for that Tier.
For the Long-Term Tier the benchmark is the CUNY Long-Term Investment Pool benchmark, as it
may be updated from time to time.

C. Performance reporting shall be carried out in a manner and form that enables a clear evaluation
of the STIP and Investment Manager performance, both on an absolute and on a risk-adjusted
basis, as described above.
10. Investment Manager Guidelines

With the assistance of the Investment Consultant(s), the University Controller and his Investment Staff shall work with the Investment Manager(s) to create specific guidelines for each Investment Manager when it is hired and shall review and recommend changes to those guidelines as necessary.

In the exceptional event that the STIP (Short- and Intermediate-Term Tiers) invests in mutual funds and/or commingled vehicles, the Investment Manager guidelines will be contained in the offering documents. Since, in these cases, CUNY cannot impose any changes, the University Controller and his Investment Staff, assisted by the Investment Consultant(s), shall determine beforehand whether the Investment Manager guidelines contained in the offering document are acceptable and suitable for the given mandate.

Each Investment Manager shall be required to monitor compliance with its specific guidelines quarterly (or more frequently if market conditions warrant) and based on the then-current market values. Each Investment Manager shall be required to promptly communicate in writing to the University Controller and his Investment Staff any violations of the guidelines stating the nature of the violation, potential remedies, or a petition that a compliance waiver be granted setting forth the reasons therefore. The University Controller and his Investment Staff, assisted by the Investment Consultant(s) shall be responsible for enforcing this requirement.

All such Investment Manager guidelines shall incorporate the following basic principles:

A. Manager Autonomy

Decisions as to individual security selection, security size and quality, number of industries and holdings, current income level, turnover, and the other tools employed by active managers, shall be left to broad manager discretion, within the limits of any specific guidelines.

B. Leverage and Derivatives

Unless explicitly authorized, the use of leverage or speculative use of derivatives shall be prohibited unless as a means for investment managers to hedge investment risk, to hedge currency risk or replicate investment positions at a lower cost than would otherwise be created in a cash market.

C. Diversification

Each Investment Manager shall be required to diversify holdings so that the STIP is not exposed unduly to any single security issuer or sector. The Investment Manager guidelines shall set forth holding limits applicable to that Investment Manager.

D. Duty to Inform

Each Investment Manager shall be required to inform the University Controller and his Investment Staff as soon as possible if a deviation from its guidelines is anticipated and seek approval. In addition, each Investment Manager shall be required to inform the University Controller and his Investment Staff as soon as practicable of any significant change in firm ownership; acquisitions of other investment managers; changes to organizational structure; investigations or proceedings commenced by or subpoenas received from the Securities and Exchange Commission or any other regulatory or law enforcement agency; official notice of any disciplinary proceeding or litigation against the manager or any of its employees; departures of key professional personnel; changes of account structure or changes in the manager’s fundamental investment philosophy.

Each Investment Manager shall be required to propose revisions to its guidelines at any time the existing guidelines would impede meeting the investment objectives established for the Investment Manager.
E. **Best Execution**

Except under unusual circumstances (in which case the University Controller and his Investment Staff shall be promptly notified), each Investment Manager shall be required to enter into all transactions on the basis of best execution, which means best realized net price. Turnover should be minimized consistent with the effective implementation of the strategy.

11. **Changes to the Short-Term Investment Policy**

The Short-Term Investment Policy shall be in force until modified in writing and approved by the Board of Trustees. The Vice Chancellor for Budget and Finance may propose revisions to the Short-Term Investment Policy to the Board of Trustees at any time.

**CUNY Short-Term Investment Pool (“STIP”) Participant Rules**

1. **Purpose**

These Participant Guidelines govern the relationship between CUNY and any Short-Term Investment Pool investing entity (“Participants”)

2. **Deposits**

Upon deposit of a Participant's assets in the Account, the assets will be invested pro-rata on a commingled basis in the STIP and the Participant will be assigned a pro-rata share of the STIP's total invested amount. Any Participant, with CUNY's approval, may invest additional assets in the STIP at any time.

Even though the STIP is for non-tax levy funds and, therefore, not subject to spending rules, for each Individual Fund in a Participant’s Account, the Participant shall provide CUNY with (i) information regarding the name and purpose of the fund and any restrictions imposed on the fund; (ii) all available underlying documentation for the fund including, but not limited to, any gift instrument associated with the fund and any amendments thereto (iii) a statement of the book and market value of the fund as of the date the fund is delivered to CUNY for investment in the STIP; and (iv) a statement of anticipated cash flows (anticipated contributions and withdrawals) forecasted over the next 3 years. Especially for larger anticipated withdrawals and/or for longer-dated capital project needs, accuracy of the forecast is very important as it guides the rebalancing of tiers and helps avoid a potential liquidity mismatch.

Participants acknowledge that CUNY relies on the information and underlying documentation provided by the Participants and shall not hold CUNY liable for actions taken in reliance of such information to the extent that the information proves inaccurate or incorrect.

3. **Governance, Objectives and Investment Implementation**

The assets that the Participant invests in the STIP will be invested and managed pursuant to CUNY's Investment Policy as it relates to the STIP. The Investment Policy sets out the STIP investment objectives, risks, investment implementation guidelines etc. All Participants shall be given and required to read a copy of the Investment Policy before the first deposit to the Pool. CUNY will inform the Participant of any substantive amendments to the Investment Policy.

4. **Reporting to Participants and Valuation Methodology**

CUNY will provide the Participant with regular performance reports for the STIP that will include a calculation of the Participant's share of the STIP. This information will be available on the STIP's website, which is updated on a monthly basis.

CUNY will maintain records of the individual funds (the "Individual Funds") that comprise the Participant's Account. Such records for each Individual Fund will reflect actual additions to and withdrawals from each
such fund, transfers to and from the fund, income earned by the fund, the fund's realized gains and losses and the fund's book and market value.

In determining the value of securities in the STIP, CUNY will rely on the STIP's investment managers and custodian. Readily marketable securities held by the STIP shall be valued using sources of information and pricing methods that are generally accepted by the industry.

A minor portion of the assets in the STIP will be invested in alternative investments (through the long-term tier co-invested in the CUNY long-term pool). Because these alternative investments, and the assets backing them, may not be readily marketable, valuations of these security interests may be subjective in nature. The valuation of these interests may marginally affect the value of the units it is assigned or receives when it elects to participate in or withdraw from the STIP.

5. Fee, Expense and Management Cost Sharing

The Participant's pro-rata share of the costs and expenses of managing and administering the STIP will be allocated to the Participant's Account. Such costs and expenses include, but are not limited to, all investment manager fees, related incentive fees; consultant fees; custodial and participant record-keeping fees; administrative fees; fees, such as legal or specialist fees when deemed necessary for compliance purposes; any other STIP-related costs and expenses. Currently, CUNY does not charge a fee for administering the STIP. CUNY will notify the Participant before initiating an administrative fee.

6. Withdrawals and Pool Participation Termination

Participants may withdraw funds from its Account by submitting to the CUNY Investment Office properly completed Withdrawal Requisition Forms, signed by two Authorized Representatives. Withdrawal Requisition Forms may be submitted by email, facsimile or overnight courier service to the CUNY Investment Office.

CUNY will endeavor to process withdrawal requests as promptly as is possible while maintaining the integrity of the STIP.

In order to ensure against a liquidity mismatch, advance notice is required for any withdrawal from the STIP as follows:

- For withdrawals less than $500,000, 2 business days.
- For withdrawal requests of $500,000 and up to $1 million, 5 business days
- For withdrawal requests for amounts above $1 million - 7 business days.

In order to advance the Financial Objectives of the STIP, Participants are encouraged to keep the total number of withdrawal requests per quarter to a minimum. Further, to be efficient and cost-effective, participants are encouraged to consolidate requests so to avoid de minimus withdrawal requests.

CUNY reserves the right to delay withdrawals partially or fully in extraordinary circumstances if such a transfer would have an adverse impact on the Participant itself or other STIP participants, such as during a financial crisis, an investment manager lockdown/gating situation or in the event of concurring extraordinarily large withdrawals from several STIP participants in a given period. At such times, CUNY will act prudently and in the best interests of all participants in the STIP in determining the time period necessary for the transfer of the Participant's funds and will inform the Participant of the circumstances and its decision in a timely manner.

A full termination of STIP participation or one or more withdrawal requests that constitute a withdrawal of all of the Participant's funds in its Account requires 30 days' notice. On the last day of the notice period, CUNY will transfer the funds in the Participant's Account, net of any applicable costs and expenses and net of the holdback described below to the Participant or a third party designated in writing by the Participant to receive such funds. CUNY may waive this and other notice periods at its discretion if it
deems that doing so does not adversely impact other STIP participants. CUNY reserves the right to delay termination transfers partially or fully under the extraordinary circumstances described above.

In order to provide for equitable treatment of all participants in the STIP and given that some costs are incurred with a lag, in the case of a complete withdrawal, the STIP will retain 3 percent of the Participant’s market value for unanticipated liquidity events—whether or not due to market conditions or inaccurate/incorrect information provided—as well as costs and expenses under Section 8 of this Agreement, which will be applied to such costs, with any difference between the amount retained and the actual costs incurred by the Participant’s account, paid or billed to the Participant within 90 days of the end of the applicable fiscal year. CUNY has the right to waive the holdback at its discretion.

Report of Fiscal Affairs Committee Chair Joseph J. Lhota: The Committee on Fiscal Affairs, the Subcommittee on Audit and the Subcommittee on Investment met in a joint session on June 2nd. After approval of the minutes and the action items of the April 7th meeting of the Committee on Fiscal Affairs, Vice Chancellor Matthew Sapienza gave a report on the Fiscal Year 2015 City Executive Budget. NO. 4. COMMITTEE ON FACULTY, STAFF, AND ADMINISTRATION: RESOLVED, That the following items be approved:

A. THE CITY UNIVERSITY OF NEW YORK - POLICY ON THE REPORTING OF ALLEGED MISCONDUCT:

RESOLVED, That the Board of Trustees of The City University of New York adopt the Policy on the Reporting of Alleged Misconduct.

EXPLANATION: Recent amendments to the New York State Not-for-Profit Law require education corporations to adopt a policy providing for the reporting of various types of misconduct, and prohibiting retaliation against those who do so. This policy implements that requirement.

POLICY ON REPORTING OF ALLEGED MISCONDUCT

The City University of New York is committed to conducting its affairs in compliance with federal, state and local laws and University policy. CUNY encourages all persons to report conduct or suspected conduct that they in good faith believe may violate the law or CUNY policy so that CUNY may investigate and take appropriate action. CUNY will not retaliate against anyone who makes such a report.

Persons with knowledge of conduct or conditions that pose an imminent threat to the health or safety of any member of the CUNY community or the public should immediately call 911 or Public Safety.

1.0 Reporting Suspected Violations of Law or CUNY Policy

1.1 Who should report
The following persons may report conduct or suspected conduct that relates to CUNY and that they in good faith believe may violate federal, state or local law or CUNY policy (“violations”):

- Individuals who are paid by CUNY, including faculty and staff;
Consultants, vendors and contractors doing business with CUNY;
Individuals who perform services for CUNY as volunteers or who otherwise assert an
association with CUNY; and
Students.

1.2 What Should Be Reported
The suspected misconduct that should be reported includes, but is not limited to, that which
involves or relates to the following:
• Fraud, theft, embezzlement or misuse of CUNY resources
• Conflict of interest or ethics
• Computer fraud or data security
• Child abuse or misconduct involving minors
• Sexual assault, assault and hazing
• Athletics (NCAA or NJCAA)
• Environmental, health and safety violations
• Discrimination and harassment, including age, disability, sex and race
• Research or academic misconduct by faculty or staff
• Retaliation for reporting misconduct under this Policy

1.3 How to Report
Employees are encouraged to use the reporting procedures set forth in CUNY policies dealing
with specific issues. Where there is no such procedure, employees may resolve their concerns at
the most local level, by reporting suspected violations through standard management channels,
beginning with their immediate supervisor. If an employee does not wish to report a suspected
violation to an immediate supervisor, employees may go to a higher level of management or file a
Report of Alleged Misconduct on a form to be drafted by the Office of the Counsel. That form
shall contain instructions on where it should be submitted and shall be posted on the web page of
the Office of the General Counsel at http://www.cuny.edu/about/administration/offices/la.html.
Non-employees should also file a Report of Alleged Misconduct, following the submission
instructions on the form.

1.4 Confidentiality
Reports may be submitted anonymously, although doing so may hinder the investigation and
resolution of a complaint. Reports of violations will be kept confidential to the extent possible,
consistent with the need to conduct an adequate investigation, to comply with all applicable laws,
and to cooperate with law enforcement authorities.

1.5 Investigation of Allegations
Reports will typically be directed to responsible persons for investigation and resolution,
consistent with applicable CUNY policies and procedures. Confirmed violations will result in
appropriate disciplinary action up to and including termination from employment, following
applicable procedures under University Bylaws, policies or collective bargaining agreements, or
severance of the relationship with CUNY. In some circumstances, civil and criminal charges and
penalties may apply.

2.0 Protection from Retaliation
No one at CUNY shall engage in any retaliatory behavior, including intimidation, harassment,
discrimination, or, in the case of an employee, the imposition of an adverse employment consequence,
against anyone who files a report under this policy.

Any individual who engages in retaliatory behavior against another individual who has reported a
suspected violation or cooperated in the investigation of a violation will be subject to discipline, up to and
including termination of employment, following applicable procedures under University Bylaws, policies or
collective bargaining agreements, or severance of the relationship with CUNY.
Any employee who believes that s/he or another individual who reported a suspected violation is being retaliated against should complete a Report of Alleged Misconduct or contact the University’s Director of Human Resource Investigations.

3. Filing a False Report
Making a false report or providing false information during the course of an investigation may be grounds for discipline in the absence of a good faith belief that the report or information is true.

4.0 Cooperation
All employees are expected to cooperate fully in the investigation of any suspected violation.

5.0 Distribution of Policy
This policy shall be posted on CUNY websites and distributed to new and current employees, students and volunteers who provide substantial services to CUNY through electronic notifications and other means.

6.0 Administration of Policy
The University’s General Counsel or his/her designee is responsible for the administration of this policy and for making reports to the Board of Trustees, or a committee thereof, consistent with the Board’s Bylaws.

B. HOSTOS COMMUNITY COLLEGE - AMENDMENTS TO THE CHARTER OF GOVERNANCE:

RESOLVED, That the proposed amendments to the Charter of Governance of Hostos Community College be adopted, effective July 1, 2014.

EXPLANATION: The amendments to the Charter of Governance ("the Charter") of Hostos Community College ("Hostos" or "the College") primarily synchronize the Charter with CUNY policies, reflect current practices, and increase representation in the College Senate. The changes were approved by the College Senate on March 20, 2014 and are recommended by the College President.

As proposed, the Charter would eliminate the Senate’s power to formulate policy recommendations regarding the academic calendar and schedule, since that is decided by CUNY’s Central Office. It would directly reference the Open Meetings in sections on notice of meetings, attendance, and the recording of ballots, in order to ensure that the law's requirements are understood.

To increase representation, the Charter would add two adjunct faculty representatives to the Senate, as well as increase the number of non-teaching instructional staff (HEO series employees) on committees from one to two, unless otherwise specified in the description of each committee. It also would remove the requirement that student members of the Senate be “full-time.”

Further, the Charter would explicitly require the Senate Chair to have faculty rank or faculty status. It would add a provision that allows for the removal of the entire Senate Executive Committee, including the chair, and specifies that two-thirds of Senate members eligible to vote must sign a petition for such removal. There also are new provisions for amendment of the Charter; a motion to amend could be initiated by the entire Executive Committee or by written petition of at least ten Senators. The Charter would not permit amendment via referendum.

Finally, there are technical changes that would reflect the present names of departments at units at the College, eliminate certain job titles that do not exist at the College, and reformat or re-organize many of the provisions.

Statement of President Chase Robinson:
I could not be more pleased that Prof. Cathy Davidson joined The Graduate Center of The City University of New York. Prof. Davidson is an internationally recognized scholar of American Studies and widely acknowledged as one of the most brilliant innovators and visionaries in technology and education. She comes to CUNY from Duke University where she served as a Ruth F. DeVane Professor of English and John Hope Franklin Humanities Institute Professor. She is also co-founder of HASTAC (Humanities Arts Science Technology Advanced Collaboratory), a coalition of individuals and institutions dedicated to collaborative thinking about teaching and learning. Prof. Davidson's publication record is extraordinary. She has authored or co-authored some eighteen books, some 200 scholarly articles and numerous papers and has also been the recipient of major grants from the National Science Foundation and the John D. and Catherine T. MacArthur Foundation. In 2011, she was appointed by President Barak Obama to the National Council on Humanities. Prof Davidson is a scholar of exceptional range and breadth and her first major book, Revolution and the Word is widely acclaimed as a classic in American literary studies. She served as Vice Provost for Interdisciplinary Studies and created 70 new interdisciplinary programs at the Franklin Humanities Institute at Duke University. In the words of one of her many champions, she is a passionate and indefatigable visionary in education and learning. In the words of another, she is a scholar and a public intellectual of the highest order. In addition to her work at The Graduate Center as Distinguished Professor, she will direct the Future Initiative, a CUNY-wide program that will advance collaborative innovation in higher education involving both faculty and graduate students. I could not be more thrilled to welcome Prof. Cathy Davidson to The Graduate Center. Her presence will enhance the University's emergence as a national leader in technology and education, interdisciplinary scholarship and Ph.D. education.

Statement of Prof. Cathy Davidson:
After that beautiful introduction, I should mention that when the Chronicle of Higher Education wrote about me they quoted my most profound statement about The City University of New York, that it was my crush school. I believe that phrase is going to go down and be attached to me for a very long time. CUNY has had a forty year process nationwide of defending public education and The City University of New York has very proudly been an exemplar of the best kind of public urban education, something the rest of the nation needs to learn from. I have been hired by such distinguished colleagues with such a passionate understanding of the role of higher education and democracy and social justice that it leaves
me quite literally speechless. It is certainly the greatest honor I have ever had in my career, and I am humbled, delighted and thrilled to be starting tomorrow. Thank you so very much for welcoming me as a colleague.

Statement of President Karen Gould:
I am delighted to introduce Dr. Jeanne Theoharis, Professor of Political Science, as a Distinguished Professor. Widely recognized as a leading public intellectual on the history of race relations in American politics, Dr. Theoharis is a gifted, probing and authoritative scholar, who in the words of Prof. Peniel Joseph of Tufts University, is a leading voice of a generation of scholars studying the local, national and international contours of African American History. Author of a significant body of work on race relations and African American freedom movements, Prof. Theoharis' most recent study, The Rebellious Life of Mrs. Rosa Parks, is considered by many to be the definitive biography of this historic and in many ways previously unknown freedom fighter. Indeed this path-breaking work has rapidly become the benchmark study for all future research on Rosa Parks. Letters of recommendation from nationally and internationally recognized experts attest to the prominent position Prof. Theoharis now holds in her field. She has been described as a brilliant scholar by Prof. Imani Perry of Princeton University and at the top of a very stellar group of historians and social scientists according to Prof. Barbara Ransby of the University of Illinois at Chicago. In the words of Henry Louis Gates, Jr. of Harvard University, "Jeanne Theoharis' scholarship is uniquely far reaching and comprehensive and is really unmatched in the field. I can think of no one who meets and exceeds the criteria of a CUNY distinguished professorship more aptly than Dr. Jeanne Theoharis." In addition to these and other critical accolades, Dr. Theoharis has received numerous scholarly awards including the most recent 2014 NAACP Image Award in the Biography category. I note as well that Dr. Theoharis is viewed by her students and her colleagues as an exceptionally talented and thoughtful teacher as well as a dedicated mentor to students at all levels of study. In view of her outstanding achievements as a scholar and teacher I am especially pleased to introduce Dr. Jeanne Theoharis.

Statement of Prof. Jeanne Theoharis:
I am grateful to the Board, to President Gould, to Chair of Political Science Paisley Currah and my colleagues at Brooklyn College for this incredible honor. I am also very honored to get to teach at Brooklyn College. I have been all over the country in the past eighteen months and have given more than a hundred talks at universities across the country and yet I always want to come back to my students at Brooklyn College, because of the conversations I have with them, of the grace with which they move through the city, and of the drive and motivation I am humbled by. This country is incredibly segregated, where much public debate is marked by meanness and bitterness from Twitter to Congress and yet on Tuesday evenings in the spring I taught a class on the politics of race (Russian Immigrant Jews, Pakistani Muslims, Haitians, Hispanics, African Americans, Caucasians, and gay and straight people) and students sat there and listened to each other, disagreed with each other and mostly learned from each other. It models what this nation can be. Thank you so much.

Statement of President Lisa Coico:
First of all, Dr. Theoharis, thank you for expressing so beautifully the sentiment of so many in the CUNY community. I am really thrilled to present this evening, Prof. Eric Weitz. He is the Dean of Humanities and Arts and also a Professor of history at The City College of New York. The College was very thrilled to recruit Prof. Weitz from the University of Minnesota where he was a Distinguished McKnight University Professor and Arsham and Charlotte Ohanesian Chair in the College of Liberal Arts. He is trained in modern European and German history, but his recent work has truly extended to the history and politics of international human rights and crimes against humanity. He has been a leading force both nationally and internationally in this area. All of his letters of recommendation uniformly lauded his brilliance, the fact that he is truly a visionary and a leader in the field. Prof. Weitz has really helped to transform the College’s view on human rights to bring it to the forefront. He has been a part of developing collaborations between the divisions and schools within City College to put its focus on human rights and bringing international scholars from everywhere with different viewpoints—as Dr. Theoharis mentioned—to come and to sit among City College’s colleagues and students, to be able to debate collegially, and to come
away much enriched and much greater for the experience. Prof. Weitz has been a leader in that area. His many major publications and works include *Weimar Germany: Promise and Tragedy*, *A Century of Genocide: Utopias of Race and Nation* and *Creating German Communism, 1890-1990*, all published by Princeton's University Press. Most recently he co-edited *Shatterzone of Empires: Coexistence and Violence in the German, Habsburg, Russian, and Ottoman Borderlands*, published by Indiana University Press, which was the result of a multi-year international study and interdisciplinary project. He has worked and developed a book series with Princeton University Press called *Human Rights and Crimes Against Humanities* and he is currently writing *A World Divided: Nations and Human Rights from the Age of Revolutions to the Present*. When Prof. Weitz joined City College, one of the things that was most impressive about coming as a dean is that he insisted that he needed to maintain his absolute presence and dedication to his scholarship. Prof. Weitz is a role model for the faculty and students, and a leader at City College.

**Statement of Prof. Eric Weitz:**

Thank you very much President Coico for that very nice introduction as I am thrilled to be named a Distinguished Professor. I would also like to thank the Board and Chancellor Milliken. I came to City College two years go and I have lived in Minnesota for over twenty-five years. The last run of my professional career was that of the University of Minnesota. I had very happy and productive years there, but I was overjoyed that City College made me an offer and brought me back to New York City where I had grown up. My father was a 1940 graduate of City College. Like so many other CCNY and CUNY students, he was the first in his generation to attend college and receive a degree. He was a proud CCNY alumnus his entire life. My only regret is that my parents died before I was afforded the opportunity to come to City College as dean. My oldest brother received an MA in History at City College and then a Ph.D. at The Graduate Center. My other brother went to the High School of Music and Art when it was on the campus at CCNY. I have a long and deep family connection to City College and CUNY; however, I skipped over it for a little while and went to SUNY. Binghamton was about as far as family circumstances would let me get away, but I came back, very happily. I like to think that there is a connection between my work as dean now and my scholarly work as an historian. All said in the last fifteen years, my scholarly research and writing, academic and public presentations have focused especially on human rights, on the opportunities that people in some settings get to exercise rights, to influence, and to shape the society around them at CCNY and CUNY where students with the most diverse backgrounds conceivable are given opportunities. I have also, in the last fifteen years, researched and written about the opposite—forms of discrimination and the worst cases of ethnic cleansings and genocides when distinct population groups are often minorities are utterly deprived of life chances. CCNY and CUNY stand at a complete opposite pole. The University opens the world to them. I am thrilled to be a part of the CUNY enterprise, to work as best as I can both as dean and as a historian to promote those goals that the University represents so vibrantly.

**Statement of President Chase Robinson:**

Prof. David Waldstreicher is an internationally acclaimed scholar of the early American Republic. He earned his Ph.D. in American Studies at Yale University and his research interests include political history, cultural history, slavery and anti-slavery. He comes to The Graduate Center from Temple University having previously taught at Yale University and the University of Notre Dame. In addition to authoring numerous articles and book reviews he has also written three widely acclaimed books and edited four volumes. His first book, *In the Midst of Perpetual Fetes: the Making of American Nationalism, 1776-1820*, won the prestigious Jamestown Foundation Prize for the best first book in early American history. Prof. Waldstreicher’s peers view him as a leader in their discipline, and a path-breaking, brilliant and innovative scholar whose work is rightly infused by concerns with contemporary culture and national politics. His most recent book, *Slavery's Constitution: From Revolution to Ratification*, tackles the subject of enduring significance, the constitution’s compromises with slavery. The University is truly fortunate to be joined by such an accomplished historian and intellectual.

**Statement of Interim President Evangelos Gizis:**

Dr. Anthony Tamburri of the Queens College Department of European Languages and Literature and Dean of the John D. Calandra Italian American Institute is regarded as a pioneer in the field of Italian
American Studies and a leading scholar of modern Italian literature and culture. Dr. Tamburri is the author or editor of thirty books, has published roughly ninety general articles or book chapters, and has presented close to 200 conference papers. The John D. Calandra Institute under his leadership supports a variety of well-organized publication venues, conferences, grant activities, counseling services and research programs. He is in sum an extraordinary researcher and an advocate for the course of Italian and Italian American studies. Dr. Tamburri had a teaching engagement out of the country so it is my pleasure to accept his wish to thank the Board for this honor bestowed upon him.

D. THE CITY UNIVERSITY OF NEW YORK - AMENDMENTS TO THE BOARD OF TRUSTEES STATEMENT OF POLICY ON MULTIPLE POSITIONS:

RESOLVED, That the Board of Trustees of The City University of New York approve the amendments to the attached Statement of Policy on Multiple Positions.

EXPLANATION: The Board of Trustees’ Statement of Policy on Multiple Positions (“the Policy”) sets forth the University’s policy on the holding of multiple positions by full-time faculty members, both within and outside the University. Section 2.d of the Policy is being revised to permit the President of a College or a Vice Chancellor, as appropriate, to authorize payment to a faculty member from tax-levy funds to perform research during his/her first three summers of employment at The City University of New York. This payment is subject to the same cumulative limit of three-ninths of the faculty member’s salary during the summer for all CUNY-related activities.

This revision will help the University be competitive in attracting and retaining faculty members who are productive researchers.

STATEMENT OF POLICY ON MULTIPLE POSITIONS

1. PREAMBLE

Each full-time faculty member is obligated to view his/her appointment to a college or university faculty position within The City University as his/her major professional commitment. This commitment obligates the faculty member in two ways: he/she is at once a member of the national and international world of learning and a member of The City University community. Though his/her first responsibility to The City University is that of teaching, he/she recognizes the important and essential obligation to be regularly accessible for conferences with his/her students, to participate in appropriate extracurricular undertakings, and to serve on various college and university committees and as a member of college and university councils and other assemblies.

The City University of New York is a major research university. A full-time faculty member is expected to create new knowledge in his/her discipline through scholarly research, writing, and creative works. He/she constantly makes all efforts to improve his/her professional standing through study and thought, and also through activities such as research, publication, attendance at professional conferences, and the giving of papers and lectures. Such professional involvements also enhance his/her abilities as a teacher and as a member of The City University community; such professional involvements support the value of his/her activities on campus and equip him/her to participate in significant educational innovations as well as furthering his/her professional stature.

2. MULTIPLE POSITIONS

a. OUTSIDE THE CITY UNIVERSITY

Full-time appointment to a college or university faculty position is a full-time assignment. Faculty members have a responsibility to observe professional standards of behavior in becoming involved in activities supplemental thereto. No employment, consultative, or other work outside The City University may be engaged in by a faculty member unless he/she receives prior approval from the P & B of his/her department after full disclosure of his/her total academic commitment, the proposed outside employment,
consultative, or other work, and other outside work theretofore approved. The P & B committee shall not approve any outside employment, consultative, or other work unless such employment or work relates to the professional interests, strengthens the professional competence, or enriches the professional performance, and does not interfere with the professional standing of the faculty member. No employment, consultative or other work, remunerative or otherwise, shall be approved by the P & B Committee or engaged in if the services of the faculty member to his/her college or the university or his/her ability to meet his/her commitments to his/her college or the University (including teaching, research, and service obligations) will be impaired thereby. If the departmental P & B approves such employment or work, the amount of time that the faculty member may expend thereon shall be determined by the departmental chairperson after consultation with the faculty member, and subject to the review of the college president. In no event shall the total amount of time to be expended on such outside employment or work be or be approved for more than an average of one day a week, or its equivalent over the course of the academic year.

In connection with any outside employment, consulting arrangement or other work, each faculty member shall abide by, make known to the other party and incorporate in any written agreement, the following principles:

   i. The faculty member is serving in an individual capacity, and not as an agent, employee or representative of The City University and that the name of The City University or any of its constituent units may not be used in connection with the faculty member’s services, other than to identify his/her employer, without the written permission of The City University.

   ii. The faculty member’s primary employment responsibility is to The City University, and he/she is bound by its policies, including those related to consulting and other outside work.

   iii. In rendering services to the outside party, the faculty member may not make substantial use of The City University’s resources, including but not limited to its facilities, equipment, employees, proprietary information, or clinical data bases, without written permission of The City University.

   iv. No relationship or agreement between the faculty member and another party may grant rights to intellectual property owned by The City University and/or the Research Foundation without their written authorization.

   v. The outside party may not (i) restrict or hinder the ability of the faculty member to conduct current or foreseeable research assignments as an employee of The City University, (ii) limit his/her ability to publish work generated at or on behalf of The City University or (iii) infringe on his/her academic freedom as a faculty member.

b. WITHIN THE CITY UNIVERSITY – TEACHING

1) Where the best interests of the college or the university make it desirable or necessary to draw upon full-time personnel in one unit or branch for service in another, requests for such service should originate with the principal academic or administrative officer of the requesting unit and have the approval of the principal academic or administrative officer of the other unit. It is the policy of the university and its colleges to achieve exchanges of services, wherever possible, by budgetary interchange or by the balancing of interchanged services, with no additional academic load or extra remuneration for the individuals concerned. Variations from this norm will be allowed only with the special permission of the Chancellor, or the appropriate President.

2) Within the framework noted in section 1, full-time non-tenure-track and tenured faculty will be eligible for consideration for an overload assignment when such assignment is determined to be in the best interest of the college and to serve a specific academic need. Permission to take on an overload teaching assignment will only be granted up to a maximum of eight classroom contact hours total over the fall and spring semesters.
3) In addition to the overload assignment permitted in paragraph 2, a full-time non-tenure-track or tenured faculty member will be eligible for consideration for additional overload assignments of no more than a total of six classroom contact hours during the academic year in courses offered during the Winter Session, in courses offered exclusively on Saturdays or Sundays, or in courses offered as part of on-line degree programs.

4) Overload teaching by full-time, non-tenured, tenure-track faculty is not permitted, but if a faculty member is not currently using the contractually-mandated research reassigned time, exceptions can be made on an individual basis with the special permission of the Chancellor, or the appropriate President.

c. **WITHIN THE CITY UNIVERSITY – RESEARCH, CONSULTING, EMPLOYMENT**

The City University regards scholarly activity and research as part of the normal activity and responsibility of the faculty. In fact such activities are part of the basis on which faculty members are evaluated, reappointed, or promoted. The public looks to the University as a source of new information, reinterpretations, and advancing intellectual activities. Also, the University is looked upon as a community of scholars. This carries the implication of joint scholarly effort and mutual support and availability amongst faculty and students. The faculty is given full-time annual paid employment to cover all the activities of teaching, research, consulting, curriculum development, counseling, committee work, etc.

When special funding in support of research is available, it is presumed to make possible, or easier, the scholarly activity that faculty and students wish to or are willing to pursue. Accordingly, it is the policy of the Board of Trustees that there may not be paid any extra compensation to full-time members of the faculty for work done during the academic work year. This limitation applies to research, consulting, or any other employment with The City University or any of its associated organizations, regardless of the source of funds. For the particular case of extra teaching, the policy is expressed in Section 2b above.

Under the special circumstances of an urgently needed short-term administrative and/or service assignment, a President or Vice Chancellor in the Central Office may authorize specific extra compensation for a faculty member whose services are required as an overload. This authorization must define both time and money limitations, and must state that it was not possible to relieve the faculty member of other duties to an equivalent extent. Such non-teaching overload assignments will be limited to 150 hours per semester at the nonteaching hourly rate, or a total of 300 hours for the entire academic year. Further adjustments may be authorized by the Chancellor or the Chancellor’s designee.

d. **WITHIN THE CITY UNIVERSITY – SUMMER ACTIVITIES**

Compensation for CUNY summer activities from the University and related entities, such as the Research Foundation and the college foundations, shall not exceed a total for all such activities of three-ninths of the faculty members’ full-time CUNY salary. This includes, but is not limited to, teaching in a summer session in The City University of New York, performing administrative duties (such as service as a department chairperson), and conducting research paid for using funds originating from the CUNY Research Foundation. **During the first three summers of a faculty member’s employment at The City University, the President of a College or a Vice Chancellor, as appropriate, may authorize payment to a faculty member to conduct his/her research during the summer from tax-levy funds, subject to the same total three-ninths limitation for all summer activities noted above.**

Notwithstanding the limitation in the preceding paragraph, a college foundation may pay faculty for research or additional work during the summer, in an amount that will cause the faculty member’s total compensation from the University and related entities to exceed three-ninths of his/her annual salary, under the following conditions: (i) such payment is consistent with the rules and regulations applicable to the college foundation; (ii) the circumstances surrounding such payment have been rigorously documented and justified; and (iii) such payment has been approved by the Chancellor or the appropriate President.
The faculty member shall report to the college at which he/she has a full-time appointment all such summer activities in advance of participating in them to ensure that they do not exceed contractual rules or University practices.

3. RESTRICTIONS ON MULTIPLE POSITIONS FOR FACULTY ON LEAVES FROM THE CITY UNIVERSITY OF NEW YORK

When faculty members are granted leaves of absences, they are expected to devote their time and energy to the purposes for which the leave is granted. As a general rule, employment within or outside of the University during leaves of absence is prohibited, unless such involvement is integral to the purpose for which the leave is granted. Employment either within or outside of the University during a leave of absence requires the approval of the President, pursuant to guidelines to be promulgated by the Chancellor. Notwithstanding the forgoing, faculty on Travia Leave may be employed outside of the University with prior notice to the President, but only if they have given an irrevocable commitment to retire.

For the purposes of this policy, Fellowship Leaves and Scholar Incentive Awards will cover periods within the boundaries of the academic year, and do not include the period of the annual summer leave.

4. MULTIPLE EXTRA INVOLVEMENT

From the beginning of the fall semester until the day after spring commencement, the total extra involvement shall not exceed 300 hours of extra consultation or non-teaching adjunct work (see section 2.c), or 14 classroom contact hours of extra teaching (that is, the combined extra teaching permitted under Paragraphs 2.b.2 and 2.b.3), or a proportional combination of these two types of activities.

5. MECHANISMS OF PAY

During the academic year, all work done for CUNY must conform to the rates of pay indicated in the collective bargaining agreement.

During the summer, faculty are paid at the hourly rate to do teaching or non-teaching CUNY work in conformity with the collective bargaining agreement. Further, the pay given to faculty during the summer for service as a department chair must conform to the contractual formula negotiated for that purpose. In addition, during the summer faculty paid with funds originating from the CUNY Research Foundation must be paid at the CUNY rates of pay.

6. ANNUAL REPORT

At the regular June meeting, the Chancellor shall report to the Board the steps taken by the Presidents to implement these regulations and the extent of compliance with the limitations set. The reports shall contain details from the Presidents about all excesses over any of the guidelines herein stated, including the names of all persons involved and the specific reasons for the excesses. The University will continue to monitor overload assignments. Overload assignments shall be reported to the Board of Trustees as part of the annual report.

UFS Chair and Trustee Martell stated that this policy is an excellent step in the right direction. It makes CUNY much more competitive in the academic marketplace. He added that in the future, the University could look at the extension of this beyond three years.

E. BOROUGH OF MANHATTAN COMMUNITY COLLEGE - NAMING OF THE DERFNER FOUNDATION COMMUNICATIONS CENTER:

RESOLVED, That the Board of Trustees of The City University of New York approve the naming of the "Derfner Foundation Communications Center," located in Room S635 on the sixth floor of 199 Chambers Street, at Borough of Manhattan Community College.
EXPLANATION: In December 2013, Mr. Jay Lieberman, a trustee of the Derfner Foundation, effectuated a gift from the Derfner Foundation to the BMCC Foundation in the amount of $250,000. The purpose of the gift is to create of a state-of-the-art Communications Center (the “Center”) at BMCC. The new Center will offer the latest communications software, and provide individual and group activities to enable students to refine their speaking and presentation skills so they will be better able to compete for professional positions, internships and other opportunities. Students from every department of BMCC will be able to use the Center. The concept for the Center was initiated by BMCC communication studies professor Lee Ritchey, together with Hollis Glaser, Chair of the Speech, Communications and Theatre Arts department at BMCC.

In recognition of the generosity of the Derfner Foundation, the College requests that the Board of Trustees approve the naming of the “Derfner Foundation Communications Center.”

F. BOROUGH OF MANHATTAN COMMUNITY COLLEGE - NAMING OF THE LEILA AND SIMON PESKOFF NURSING SKILLS LABORATORY:

RESOLVED, that the Board of Trustees of The City University of New York approve the naming of the “Leila and Simon Peskoff Nursing Skills Laboratory,” located in Room S747 on the seventh floor of 199 Chambers Street at Borough of Manhattan Community College.

EXPLANATION: Fred Peskoff is a longstanding and well-regarded Professor and former Chair of BMCC’s Mathematics Department who is very dedicated to the College and its students. Professor Peskoff previously established an endowed scholarship fund named in memory of his late parents, Leila and Simon Peskoff, to which he contributes additional monies annually. More recently he wished to further honor his parents by naming a physical facility for them on the BMCC campus. This spring Professor Peskoff pledged $50,000 to the BMCC Foundation over a ten-year period to name the Leila and Simon Peskoff Nursing Skills Laboratory. This is in addition to his planned gift, presently valued at $1 million, naming BMCC as the sole beneficiary of his TIAA-CREF annuity accounts. The funds from both the new pledge and, eventually, from the annuity accounts, will be added to the Leila and Simon Peskoff Endowment Scholarship Fund, which provides scholarships and graduation awards to outstanding BMCC students majoring in Mathematics or Nursing.

In recognition of Professor Peskoff’s service and his generosity, the College requests that the Board of Trustees approve the naming of the “Leila and Simon Peskoff Nursing Skills Laboratory.”

Report of Faculty, Staff, and Administration Committee Chair Valerie Beal:
I would like to report briefly on the status of the CUNY Defined Contribution Investment Oversight Task Force. In January, the Board adopted an Investment Policy Statement to guide the University's Optional Retirement Program and Tax Deferred Annuity plan. A task force was created to begin implementation of that policy which included initiation of an RFP process to seek an investment advisor with expertise in this area. I am pleased to report that the task force has conducted a comprehensive procurement activity and is very close to awarding a contract to an investment advisory services firm. The advisor would examine all of CUNY's defined contribution options to determine suitability and make recommendations about how the Committee on Faculty, Staff, and Administration should proceed. I would like to thank UFS Chair and Trustee Martell, Vice Chancellors Gloriana Waters and Sapienza, and General Counsel and Senior Vice Chancellor Frederick Schaffer as well as their staff for their dedicated support on this initiative. The task force will work diligently through the summer and into the fall to have an initial examination completed during the last quarter of 2014. It is anticipated that the Board will be informed of the task force findings and recommendations in the late fall or early first semester of 2015.

EXPLANATION: The addition of this BS program in Cellular and Molecular Biology will allow John Jay College to provide their students with the undergraduate academic preparation for graduate work in medical school, biomedical research and public health. The Department of Sciences currently has sufficient academic talent to launch this program with a minimal additional investment. Both the national and local STEM employment outlooks are excellent, and the college looks forward to assisting its students in launching successful careers in those areas. Because this is John Jay’s first degree program in the biological sciences, the college’s master plan will need to be amended by the New York State Board of Regents to allow for this degree authority.

C. QUEENS COLLEGE - RECONSTRUCTION OF STEAM LINE SYSTEM:

RESOLVED, That the Board of Trustees of The City University of New York authorize The City University Construction Fund to execute a construction contract on behalf of the Queens College to reconstruct the steam line system. The contract cost shall be chargeable to New York State Capital Construction Funds, Project No. 2881309999, for an amount not to exceed $3,500,000. The contract shall be subject to approval as to form by the University Office of the General Counsel; and be it further

RESOLVED, That City University Construction Fund be and hereby is authorized to enter into a contract to reconstruct the Queens College steam line system.

The goal of this project is to implement recommendations for corrective actions outlined in the steam tunnel study. This includes replacement of the steam lines, condensate return lines, valves, steam traps, flash tanks, condensate pumps, expansion joints, pipe anchors and insulation. PRV stations for Fitzgerald Gym, Dinner Hall, Klapper Hall, Rathaus Hall, Kiely Hall and buried sections of piping from the central plant to Fitzgerald Gym will also be replaced.

Note: No previous Board approval was required for the design consultant since the contract amount for the consultant was under $500,000.

D. QUEENS COLLEGE - CONTINUATION OF SUPPORT AGREEMENT FOR FINANCING OF THE SUMMIT, THE QUEENS COLLEGE RESIDENCE HALL:

RESOLVED, That the Board of Trustees of the City University of New York agrees to continue to provide credit support for the Queens College Residence Hall, known as The Summit (the “Project”), in the form of a Support Agreement covering shortfalls in debt service and certain other guarantees and indemnities (collectively, the “Guarantees”) and authorizes the General Counsel to execute any documents necessary or related or which may be required in connection with the Guarantees, the Project and the Project refinancing; and be it further
RESOLVED, That the Board of Trustees of the City University of New York authorizes the General Counsel to negotiate, approve as to form, and execute agreements with Queens College, the Queens College Special Projects Fund and Q Student Residences LLC and any other necessary parties related to CUNY’s support.

EXPLANATION: On January 28, 2008 (Cal.No.6.C), the Board authorized the execution of documents that provided for the development of a student residence to be constructed on the Queens College Campus. The project was financed pursuant to a variable rate bond issue issued by the NYC Housing Development Corporation (HDC) and secured by a Letter of Credit issued by Citizens Bank. The transaction included a ten year swap agreement which created a synthetic fixed interest rate transaction. The Summit Residence Hall was opened in Fall 2009 with full occupancy. Subsequently, Citizens Bank was downgraded by the rating agencies and was required to accept a tender of the bonds which were then resold in a distressed market. Since that time, the Letter of Credit has been reissued for varying terms, the most recent running until May 2015. As part of a variable rate refinancing in 2009, $2.0 million of the development fee for the project was deferred, accruing interest at 7.5%. In order to secure the renewal of the Letter of Credit, the Board, at its November 28, 2011 meeting, authorized CUNY to enter into a Support Agreement, which was executed on May 10, 2012. The support Agreement requires CUNY to reimburse the bank for any amount drawn under the Letter of Credit. Simultaneously, CUNY entered into a payment agreement with the Queens College Special Projects Fund and Q Student Residences Corp, LLC to provide for the payment of CUNY’s obligations under the Support Agreement.

In November 2013, Citizens Bank was downgraded further by the rating agencies. This downgrade has resulted in higher interest rates on the Bonds. Further, the additional costs incurred in connection with the 2009 refinancing has resulted in deferred principal payments and significant interest accrual due on the developer note.

Lamont Financial Services has been retained to advise the College and CUNY on the most economical way to stabilize the financing of the project debt obligation. After soliciting proposals from four financial institutions as well as the current Letter of Credit provider, Lamont, the College and the Office of Facilities, Construction and Management have determined that Morgan Stanley & Co. LLC should be retained to be lead underwriter for the issuance and sale of a long term fixed rate bond issue for the project. The principal amount of such bonds would include funding for the legal defeasance and refunding of the outstanding 2009 Series A variable rate demand bonds, payment of a swap termination fee and for the full repayment of the deferred development fee note, including accrued interest.

It is anticipated that lease payments by students and other revenue generated by the Summit will cover the cost of servicing the bonds and operating the facility. Only in the event that all of these sources of funds are insufficient will CUNY be liable for the debt service under the Support Agreement.

Approval of this resolution will provide for continued CUNY credit support and will secure low cost long term financing for the project.

E. QUEENS COLLEGE - UPGRADE OF BATHROOMS TO MEET ADA REQUIREMENTS:

RESOLVED, That the Board of Trustees of The City University of New York authorize The City University Construction Fund to execute a construction contract on behalf of Queens College to upgrade existing bathrooms to meet ADA accessibility requirements. The contract shall be awarded to the lowest responsive and responsible bidder after public advertisement and sealed bidding pursuant to law and University Regulations. The total cost of the contract shall be chargeable to New York State Capital Construction Funds, Project No. 3131709999, for an amount not to exceed $1,235,800. The contract shall be subject to approval as to form by the University Office of the General Counsel; and be it further
RESOLVED, That City University Construction Fund be and hereby is authorized to enter into a contract to upgrade existing bathrooms to meet ADA accessibility requirements.

EXPLANATION: The existing bathrooms in Fitzgerald Gymnasium, Dining Hall 1, Dining Hall 2, King Hall, and Rathaus Hall do not allow for handicapped accessibility. It is necessary to upgrade the bathrooms to meet the current code. This project will upgrade and modernize existing bathrooms so that in each of the selected buildings at least one male and female bathroom meets ADA accessibility requirements.

Note: No previous Board approval was required for the design consultant since the contract amount for the consultant was under $500,000.

F. YORK COLLEGE - RETRO-COMMISSIONING, DESIGN, PURCHASE AND INSTALLATION OF HVAC AND CONTROL SYSTEMS AT THE PERFORMING ARTS CENTER, HEALTH AND PHYSICAL EDUCATION COMPLEX, AND A PORTION OF THE ACADEMIC CORE BUILDING:

RESOLVED, That the Board of Trustees of The City University of New York authorize The City University Construction Fund to execute a purchase order on behalf of York College, with the firm of Siemens Industry, Inc., for services to retro-commission, design, purchase and install required HVAC systems and controls in the Performing Arts Center, Health and Physical Education Complex and a portion of the Academic Core Building under the existing New York State Office of General Services Contract. The total cost of the Purchase Order shall be chargeable to New York State Capital Construction Funds, Project No. 3059509999 for an amount not to exceed $1,000,000. The contract shall be subject to approval as to form by the University Office of the General Counsel; and be it further

RESOLVED, That City University Construction Fund be and hereby is authorized to enter into a contract to retro-commission, design, purchase and install required HVAC systems and controls.

EXPLANATION: York College will utilize these services and this equipment to provide a functioning HVAC System in the Performing Arts Center, Health and Physical Education Complex and a portion of the Academic Core Building. Retro-Commissioning of the existing HVAC system is required to provide adequate heating and cooling for the buildings occupants.

**EXPLANATION:**

The above schedules for the Fall and Spring semesters represent an increase of $40 for the Shuttle Bus Service that will be allocated by the College Association. This will establish a shuttle bus service for Queens College students from the subway (Main Street Flushing) and the Long Island Railroad (Jamaica Station) to the Queens College campus, making two stops on campus,(one on Kissena Boulevard near the Student Union and another on Main Street at Queens Hall). Queens College is extremely difficult to reach via public transportation. Commuting to the campus from these transit points adds an additional 45 minutes to student commutes to campus. The Shuttle bus will cut the average student commute in half by eliminating all the stops on the public bus route and taking a more direct route to campus. This will be
particularly welcome during the cold winters and hot summer months. The Shuttle will operate every 15 minutes between the hours of 7:00am and 11:00pm. The Shuttle Bus will entice more students to consider attending Queens College, particularly those from throughout the City and Long Island and will improve retention and student satisfaction. Faculty and staff who wish to avail themselves of the Shuttle Bus will be charged $40.00 per semester. The College President strongly supports this initiative.

A referendum was held in accordance with University Bylaw Section 16.12, in conjunction with Student Government elections held on April 6-10, 2014. The vote on the referendum was 3220 in favor and 2907 opposed, with 33% of the eligible students voting.

The earmarkings to the allocating bodies as set forth in the resolution may only be changed by further Board action.

The student activity fees allocated by the Sports Allocation Board, the Child Care Board, and NYPIRG are refundable, in accordance with procedures subject to the approval of the College President.

USS Chair and Trustee Arshad stated that he would like to thank Queens College and the student government there for their patience at all the meetings that they had to go through to discuss this matter. He added that he speaks in favor of the fee increase as does the elected student government at Queens College.

D. THE CITY UNIVERSITY OF NEW YORK - MEDICAL AMNESTY/GOOD SAMARITAN POLICY:

RESOLVED, That the Board of Trustees of The City University of New York approves The City University of New York Medical Amnesty/Good Samaritan Policy, effective July 1, 2014.

EXPLANATION: The City University of New York’s (“CUNY’s”) Medical Amnesty/Good Samaritan Policy is intended to encourage students to seek medical assistance related to drug and/or alcohol use without fear of being disciplined solely for such use. Because the use of these substances may be life-threatening, CUNY wishes to reduce barriers to students’ seeking and receiving medical help in those situations. This Policy is intended to complement New York State’s Good Samaritan Law, which is designed to encourage individuals to call 911 in the event of an alcohol or drug-related emergency by shielding from arrest or prosecution for drug possession or underage alcohol use those persons who witness or suffer from a medical emergency involving drugs or alcohol.

Under the Policy, students who call for medical assistance for themselves or others will not be disciplined for the consumption of alcohol or drugs if they meet two basic conditions. First, the students involved must complete assigned alcohol and/or drug education, assessment, and/or treatment. Second, the students must not have engaged in any other conduct that would trigger disciplinary action, including, for example, unlawful distribution of alcohol or drugs, sexual assault, sexual harassment, causing or threatening physical harm, causing damage to property, or hazing.

Finally, if repeated incidents are involved, the availability of medical amnesty to the affected students will be left to the discretion of the campus or unit with which the students are affiliated.

THE CITY UNIVERSITY OF NEW YORK MEDICAL AMNESTY/GOOD SAMARITAN POLICY

I. The City University of New York’s (“CUNY’s”) Medical Amnesty/Good Samaritan Policy’s purpose is to encourage students to seek medical assistance related to drug and alcohol use without fear of being disciplined for such use. Because the use of drugs or alcohol may be life-threatening, CUNY wishes to reduce barriers to seeking and receiving medical help in those situations. In addition, CUNY wishes to encourage students who may be the victims of or witnesses to sexual harassment or sexual violence while under the influence of drugs or alcohol to seek medical assistance and to report that sexual assault. Toward that end, CUNY’s Policy is that students
who seek medical assistance either for themselves or others will not be subject to discipline under the circumstances described below.

II. Students who call for medical assistance for themselves or others and/or who receive medical assistance as a result of a call will not be disciplined for the consumption of alcohol (either if underage or if consumed in a CUNY-owned or operated building/facility where alcohol consumption is prohibited) or drugs under certain conditions. First, the students involved must agree to timely completion of assigned alcohol and/or drug education activities, assessment, and/or treatment, to be determined by the individual campuses or units of CUNY with which the students are affiliated. Second, there must be no other violations that ordinarily would subject the student to disciplinary action. Other violations that would invoke discipline include but are not limited to (i) unlawful distribution of alcohol or drugs; (ii) sexual assault; (iii) sexual harassment; (iv) causing or threatening physical harm; (v) causing damage to property; (vi) hazing.

III. If students are involved in repeated incidents, the availability of medical amnesty to those students is at the discretion of the campus or unit with which the students are affiliated. Even if medical amnesty is granted to those students, repeated incidents raise issues of medical concern and may result in parental notification, medical withdrawal, and/or other non-disciplinary responses.

IV. Failure to complete required alcohol and/or drug education activities, assessment and/or treatment by the deadline may result in a revocation of medical amnesty.

V. CUNY’s Policy is intended to complement New York State’s Good Samaritan Law, which is designed to encourage individuals to call 911 in the event of an alcohol or drug-related emergency. Generally, this law protects persons who witness or suffer from a medical emergency involving drugs or alcohol from being arrested or prosecuted for drug or underage alcohol possession after they call 911. It does not protect against arrest or prosecution for other offenses, such as the sale of drugs. For more information on New York’s Good Samaritan Law, see N.Y. Public Health L. §§ 3000-a, 3000-b, 3013 (McKinney 2000); see also NY State Assembly website database of law.

I would like to start off by thanking the Board of Trustees, Chancellor Milliken, the Chancellor's senior staff, the Kingsborough Community College Search Committee and its chair, Trustee Chen. I cannot thank you enough for this privilege to serve the college family, it is truly an honor. I am a first generation American and first in my family to graduate college. I am a product of the CUNY system as I went to Brooklyn College and City College. I certainly would not be sitting here in a suit and tie this evening if it was not for what CUNY afforded me—open access, low cost quality education and to live the American dream. I assure you that the students' best interest will always be first and that there will be tremendous collaborative spirit on campus, all input valued and moved, even though Kingsborough Community College is number four in the nation, as that is a tough act to follow, but there is still room for the college to be number one in the nation.
