RESOLVED, that the program in Applied Behavioral Analysis leading to the Master of Science at Hunter College be approved, effective November 23, 2015, subject to financial ability.

EXPLANATION: While Hunter has long provided education and training for individuals interested in working with individuals with autism spectrum disorder, a new licensing requirement for professionals in this field mandated additional and more focused educational preparation. Graduates of the program will be eligible to sit for the national Board Certified Behavior Analyst exam as well as be eligible for NYS licensure.
