RESOLVED: That the Board of Trustees of The City University of New York (CUNY) requests the City University Construction Fund (CUCF) to execute a construction contract on behalf of Baruch College for the renovation of the Student Computer Lab on the 6th Floor of the Library and Technology Building. The Contract will be awarded by competitive sealed bid consistent with the CUCF Guidelines for Procurement Contracts. The contract cost shall be chargeable to New York State Capital Construction Fund, Project No. 3153809999, at an amount not to exceed $1,700,000. The contract has been approved as to form by the University Office of the General Counsel.

EXPLANATION: The current student computer lab no longer meets the needs of Baruch College. Expanding the lab by approximately 3,200 square feet will allow the Lab to accommodate at least 50 additional seats. The renovation will also address recent changes in the way that students study: the new desks that will replace the existing carrels are more flexible, allowing students to work either individually or in small groups. The relocation of the Help Desk within the computer lab will maximize use of the space to service as many users as possible, while improving functionality, security, circulation, and staff productivity.

This project will be a CUNY managed project, and the contract will be held by the CUCF.
