QUEENS COLLEGE

Appointment of Elizabeth Hendrey as Interim Vice President for Strategic Planning, Enrollment Management and Administrative Operations

RESOLVED, That the Board of Trustees of The City University of New York approve the appointment of Dr. Elizabeth Hendrey as Interim Vice President for Strategic Planning, Enrollment Management and Administrative Operations, effective September 7, 2012.

EXPLANATION: Dr. Hendrey has served as Dean of Social Sciences at Queens College since 2005. In that role, she has managed a $21.7 million budget and supervised 10 departments with 185 full-time faculty and approximately 200 adjunct faculty. She has been instrumental in the development and execution of divisional budget plans, strategic goals, and assessment and accreditation activities. She has been responsible for the development, standardization and implementation of policies and procedures that reflect the broader mission of the Division of Social Sciences.

Dr. Hendrey has more than 25 years of progressively responsible experience in the field of higher education and demonstrates sound leadership, exemplary management skills and creative team-building approaches to developing solutions. Since joining Queens College in 1995, she has assumed increasingly complex responsibilities, including taking a leadership role in the formulation and implementation of the College’s strategic plan.

Prior to assuming her role as Dean of Social Sciences, Dr. Hendrey served four years as Chair of the Department of Economics at Queens College, while simultaneously carrying out the responsibilities of Director of the Queens College Bachelors of Business Administration Program. From 1999 through 2001, Dr. Hendrey was Deputy Chair of the Department of Economics. Prior to joining Queens College, she had teaching positions at the University of North Florida, Florida State University, Duke University, Hamilton College, the University of North Carolina and the University of Essex Colchester, UK.

Dr. Hendrey holds Ph.D. and Master’s degrees in Economics from Duke University, and an A.B. in Economics from Princeton University.
