RESOLVED, That the Board of Trustees of The City University of New York appoint Dr. Jeremy Kahn as Distinguished Professor of Mathematics at The Graduate Center effective September 1, 2013, with compensation of $28,594 per annum in addition to his regular academic salary, subject to financial ability.

EXPLANATION: Professor Kahn is a leading mathematician and a scholar of great distinction. Currently a Professor of Mathematics at Brown University, he earned his bachelor’s degree from Harvard University and a doctorate from the University of California, Berkeley.

Professor Kahn’s path-breaking research focuses on complex dynamics, complex analysis, and hyperbolic geometry. In recent years, he has produced an impressive number of papers in the most prestigious journals in his field, with four papers published in the *Annals of Mathematics*. In collaboration with Professor Vladimir Markov (California Institute of Technology), he won the coveted 2012 Clay Research Award from the Clay Mathematics Institute for groundbreaking research.

The Graduate Center and The City University of New York will be well-served by Dr. Kahn’s appointment as Distinguished Professor.
