

June 2, 2014

The City University of New York
230 West 41st Street
New York, New York 10036

Attention: Mr. Matthew Sapienza, *Vice Chancellor for Budget, Finance and Fiscal Policy*

This letter (the Engagement Letter) confirms our understanding of our engagement to provide professional services to The City University of New York (the University).

Objectives and Limitations of Services

Financial Statement Audit Services

You have requested that we audit the University's financial statements as set forth in Appendix I.

We have the responsibility to conduct and will conduct the audit of the financial statements in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, with the objective of expressing an opinion as to whether the presentation of the financial statements that have been prepared by management with the oversight of those charged with governance, conforms with U.S. generally accepted accounting principles.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. In conducting the audit, we will perform tests of the accounting records and such other procedures, as we consider necessary in the circumstances, based on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to error or fraud, to provide a reasonable basis for our opinion on the financial statements. We also will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, and evaluate the overall financial statement presentation.

Our audit of the financial statements will be planned and performed to obtain reasonable, but not absolute, assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. Absolute assurance is not attainable because of the nature of audit evidence and the characteristics of fraud. Because of the inherent limitations of an audit, together with the inherent limitations of internal control, there is an unavoidable risk that some material misstatements, fraud (including fraud that may be an illegal act), and other illegal acts may exist and not be detected by an audit of financial statements even though the audit is properly planned and performed in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*. Also, an audit is not designed to detect matters that are immaterial to the financial statements, and because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to detect abuse.

We will also perform certain limited procedures to the required supplementary information as required by auditing standards generally accepted in the United States of America. However, we will not express an

opinion or provide any assurance on the information. Our report relating to the financial statements will include our consideration of required supplementary information.

Subject to the remainder of this paragraph, we will issue a written report upon completion of our audit of the University's financial statements addressed to board of trustees of the University. We cannot provide assurance that an unmodified opinion will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion, add emphasis-of-matter or other-matter paragraphs or withdraw from the engagement. If, during the performance of our audit procedures, circumstances arise which make it necessary to modify our report or withdraw from the engagement, we will communicate to the audit committee our reasons for modification or withdrawal.

While our report may be sent to the University electronically for your convenience, only the hard copy report is to be relied upon as our work product.

Internal Control over Financial Reporting and Compliance and Other Matters

In making our risk assessments as part of planning and performing our audit of the financial statements, we will consider the University's internal control relevant to the preparation and fair presentation of the financial statements in order to determine the nature, timing, and extent of our audit procedures for the purpose of expressing an opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the University's internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the University's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, our objective is not to provide an opinion on compliance with such provisions.

In accordance with *Government Auditing Standards*, we will prepare a written report, *Report on Internal Control Over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards* (GAGAS report), on our consideration of internal control over financial reporting and tests of compliance made as part of our audit of the financial statements. While the objective of our audit of the financial statements is not to report on the University's internal control and we are not obligated to search for material weaknesses or significant deficiencies as part of our audit of the financial statements, this report will include any material weaknesses and significant deficiencies to the extent they come to our attention. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. This report will also include instances of:

- Fraud and noncompliance with provisions of laws or regulations that have a material effect on the financial statements or other financial data significant to the audit objectives and any other instances that warrant the attention of those charged with governance;

- Noncompliance with provisions of contracts or grant agreements that has a material effect on the determination of financial statement amounts or other financial data significant to the audit objectives; or
- Abuse that is material, either quantitatively or qualitatively.

The report will describe its purpose and will state that it is not suitable for any other purpose.

In accordance with *Government Auditing Standards*, we will also issue a management letter to communicate instances of noncompliance with provisions of contracts or grant agreements or abuse that have an effect on the financial statements that is less than material but warrant the attention of those charged with governance.

OMB Circular A-133 Audit Services

We will also perform audit procedures with respect to the University's major federal programs in accordance with the provisions of OMB Circular A-133 *Audits of States, Local Governments, and Non-Profit Organizations* (OMB Circular A-133). OMB Circular A-133 includes specific audit requirements, mainly in the areas of internal control and compliance with laws, regulations, contracts, and grant agreements that exceed those required by *Government Auditing Standards*.

As part of our audit procedures performed in accordance with the provisions of OMB Circular A-133, we will perform tests to evaluate the effectiveness of the design and operation of internal controls that we consider relevant to preventing or detecting material noncompliance with laws, regulations, contracts, and grant agreements applicable to each of the University's major programs. The tests of internal control performed in accordance with OMB Circular A-133 are less in scope than would be necessary to render an opinion on internal control.

In relation to compliance with the program requirements applicable to its federal programs, management acknowledges and understands its responsibility for:

- Identifying the University's government programs and understanding and complying with the compliance requirements.
- Establishing and maintaining effective controls that provide reasonable assurance that the University administers government programs in compliance with the compliance requirements.
- Evaluating and monitoring the University's compliance with the compliance requirements.
- Taking corrective action when instances of noncompliance are identified, including corrective action on audit findings of the compliance audit.

We will perform tests of the University's compliance with certain provisions of laws, regulations, contracts, and grant agreements we determine to be necessary based on the *OMB Circular A-133 Compliance Supplement (Compliance Supplement)*. The procedures outlined in the *Compliance Supplement* are those suggested by each federal agency and do not cover all areas of regulations governing each program. Program reviews by federal agencies may identify additional instances of noncompliance.

As required by OMB Circular A-133, we will prepare a written report which provides our opinion on the schedule of expenditures of federal awards in relation to the University's financial statements . In addition,

we will prepare a written report (A-133 report) which 1) provides our opinion on compliance with laws, regulations, contracts, and grant agreements that could have a direct and material effect on a major federal program and 2) communicates our consideration of internal control over major federal programs. The A-133 report will describe its purpose and will state that it is not suitable for any other purpose.

Offering Documents

Should the University wish to include or incorporate by reference these financial statements and our audit report thereon into an offering of exempt securities, prior to our consenting to include or incorporate by reference our report on such financial statements, we would consider our consent to the inclusion of our report and the terms thereof at that time. We will be required to perform procedures as required by the standards of the American Institute of Certified Public Accountants, including, but not limited to, reading other information incorporated by reference in the offering document and performing subsequent event procedures. Our reading of the other information included or incorporated by reference in the offering document will consider whether such information, or the manner of its presentation, is materially inconsistent with information, or the manner of its presentation, appearing in the financial statements. However, we will not perform procedures to corroborate such other information (including forward-looking statements). The specific terms of our future services with respect to future offering documents will be determined at the time the services are to be performed.

Should the University wish to include or incorporate by reference these financial statements and our audit report thereon into an offering of exempt securities without obtaining our consent to include or incorporate by reference our report on such financial statements, and we are not otherwise associated with the offering document, then the University agrees to include the following language in the offering document:

“KPMG LLP, our independent auditor, has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. KPMG LLP also has not performed any procedures relating to this official statement.”

Our Responsibility to Communicate with the Audit Committee

We will report to the audit committee or those charged with governance, in writing, the following matters:

- Material, corrected misstatements that were brought to the attention of management as a result of audit procedures.
- Uncorrected misstatements accumulated by us during the audit and the effect that they, individually or in the aggregate, may have on our opinion in the auditor’s report, and the effect of uncorrected misstatements related to prior periods.
- Significant difficulties and disagreements with management, if any, encountered during our audit.
- Other matters required to be communicated by auditing standards generally accepted in the United States of America.

We will also read minutes, if any, of relevant committee meetings for consistency with our understanding of the communications made to the audit committee and determine that the audit committee has received copies of all material written communications between ourselves and management. We will also determine that the audit committee has been informed of i) the initial selection of, or the reasons for any change in, significant accounting policies or their application during the period under audit, ii) the methods used by

management to account for significant unusual transactions, and iii) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

To the extent that they come to our attention, we will inform the appropriate level of management about any illegal acts, unless they are clearly inconsequential, material errors in the financial statements and any instances of fraud. Further, to the extent they come to our attention, we also will communicate directly to the audit committee illegal acts that come to our attention, unless they are clearly inconsequential, material errors in the financial statements and any instances of fraud that involve senior management or that, in our judgment, cause a material misstatement of the financial statements.

In accordance with *Government Auditing Standards*, we are also required in certain circumstances to report fraud, noncompliance with provisions of laws, regulations, contracts, or grant agreements, or abuse directly to parties outside the auditee.

Management Responsibilities

The management of the University acknowledges and understands that they have responsibility for the preparation and fair presentation, in accordance with U.S generally accepted accounting principles, of the financial statements and all representations contained therein. Management also is responsible for identifying and ensuring that the University complies with laws, regulations, contracts, and grant agreements applicable to its activities, and for informing us of any known material violations of such laws and regulations and provisions of contracts and grant agreements. Management also is responsible for preventing and detecting fraud, including the design and implementation of programs and controls to prevent and detect fraud, for adopting sound accounting policies, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements and to provide reasonable assurance against the possibility of misstatements that are material to the financial statements whether due to error or fraud. Management is also responsible for informing us, of which it has knowledge, of all material weaknesses and significant deficiencies in the design or operation of such controls. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities.

Management of the University also acknowledges and understands that it is their responsibility to provide us with: i) access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements and the compliance requirements applicable to its federal programs such as records, documentation, and other matters; ii) additional information that we may request from management for purposes of the audits; and iii) unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence. As required by auditing standards generally accepted in the United States of America, we will make specific inquiries of management about the representations embodied in the financial statements and the effectiveness of internal control, and obtain a representation letter from management about these matters. The responses to our inquiries, the written representations, and the results of audit tests, among other things, comprise the evidential matter we will rely upon in forming an opinion on the financial statements.

In addition to the OMB Circular A-133 requirements to maintain internal control and comply with the compliance requirements applicable to federal programs as discussed above, OMB Circular A-133 also requires the University to prepare a:

- Schedule of expenditures of federal awards;

- Summary schedule of prior audit findings;
- Corrective action plan; and
- Data collection form (Part I).

While we may be separately engaged to assist you in the preparation of these items, preparation is the responsibility of the University.

Certain provisions of OMB Circular A-133 allow a granting agency to request that a specific program be selected as a major program provided that the federal granting agency is willing to pay the incremental audit cost arising from such selection. The University agrees to notify KPMG LLP (KPMG) of any such request by a granting agency and to work with KPMG to modify the terms of this letter as necessary to accommodate such a request.

To facilitate our audit planning, in accordance with *Government Auditing Standards*, management agrees to identify and provide copies of reports, if applicable, of previous audits, attestation engagements, or other studies that directly relate to the objectives of the audit, including whether related recommendations have been implemented, prior to June 6, 2014.

Management is responsible for adjusting the financial statements to correct material misstatements and for affirming to us in the representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements being reported upon, taken as a whole. Because of the importance of management's representations to the effective performance of our services, the University will release KPMG and its personnel from any claims, liabilities, costs and expenses relating to our services under this letter attributable to any misrepresentations in the representation letter referred to above. The provisions of this paragraph shall apply regardless of the form of action, damage, claim, liability, cost, expense, or loss asserted, whether in contract, statute, tort (including but not limited to negligence) or otherwise.

Management is also responsible for providing us with written responses in accordance with *Government Auditing Standards* to the findings included in the GAGAS or A-133 report within 10 days of being provided with draft findings. If such information is not provided on a timely basis prior to release of the reports, the reports will indicate the status of management's responses.

Management is responsible for the distribution of the reports issued by KPMG.

Dispute Resolution

Any dispute or claim arising out of or relating to this Engagement Letter or the services provided hereunder, or any other audit or attest services provided by or on behalf of KPMG or any of its subcontractors or agents to the University or at its request, shall be submitted first to non-binding mediation (unless either party elects to forego mediation by initiating a written request for arbitration) and if mediation is not successful within 90 days after the issuance by one of the parties of a request for mediation then to binding arbitration in accordance with the Rules for Non-Administered Arbitration of the International Institute for Conflict Prevention and Resolution ("CPR Arbitration Rules"). Any issue concerning the extent to which any dispute is subject to arbitration, or any dispute concerning the applicability, interpretation, or enforceability of these dispute resolution procedures, including any

contention that all or part of these procedures is invalid or unenforceable, shall be governed by the Federal Arbitration Act and resolved by the arbitrators. By operation of this provision, the parties agree to forego litigation over such disputes in any court of competent jurisdiction.

Mediation, if selected, may take place at a location to be designated by the parties using Mediation Procedures of the International Institute for Conflict Prevention and Resolution, with the exception of paragraph 2 (Selecting the Mediator). Arbitration shall take place in New York, New York. The arbitration panel shall have no power to award non-monetary or equitable relief of any sort except as provided in CPR Rule 13 (Interim Measures of Protection). Damages that are inconsistent with any applicable agreement between the parties, that are punitive in nature, or that are not measured by the prevailing party's actual damages shall be unavailable in arbitration or any other forum. In no event, even if any other portion of these provisions is held to be invalid or unenforceable, shall the arbitration panel have power to make an award or impose a remedy that could not be made or imposed by a court deciding the matter in the same jurisdiction.

Either party may seek to enforce any written agreement reached by the parties during mediation, or to confirm and enforce any final award entered in arbitration, in any court of competent jurisdiction. Notwithstanding the agreement to such procedures, either party may seek equitable relief to enforce its rights in any court of competent jurisdiction.

Other Matters

This letter shall serve as the University's authorization for the use of e-mail and other electronic methods to transmit and receive information, including confidential information, between KPMG and the University and between KPMG and outside specialists or other entities engaged by either KPMG or the University. The University acknowledges that e-mail travels over the public Internet, which is not a secure means of communication and, thus, confidentiality of the transmitted information could be compromised through no fault of KPMG. KPMG will employ commercially reasonable efforts and take appropriate precautions to protect the privacy and confidentiality of transmitted information.

Further, for purposes of the services described in this letter only, the University hereby grants to KPMG a limited, revocable, non-exclusive, non-transferable, paid up and royalty-free license, without right of sublicense, to use all logos, trademarks and service marks of the University solely for presentations or reports to the University or for internal KPMG presentations and intranet sites.

KPMG is a limited liability partnership comprising both certified public accountants and certain principals who are not licensed as certified public accountants. Such principals may participate in the engagements to provide the services described in this letter.

KPMG uses the services of KPMG controlled entities, KPMG member firms and/or third party service providers to provide professional services and administrative, analytical and clerical support. These parties may have access to certain of your information with the understanding that the confidential information will be maintained under information controls providing equivalent protection as our own. You also understand and agree that KPMG aggregates your information with information from other sources for the purpose of improving audit quality and service, and for use in presentations to clients and non-clients in a form where it is sufficiently de-identified so as not to be attributable to the University or where the University could be identified as a source of the information.

The audit documentation for this engagement is the property of KPMG. Pursuant to *Government Auditing Standards*, we are required to make certain audit documentation available in a full and timely manner to regulators upon request for their reviews of audit quality and for use by their auditors. In addition, we may also be requested to make certain audit documentation available to regulators pursuant to authority provided by law or regulation. If so requested, access to such audit documentation will be provided. Furthermore, regulators may obtain copies of selected audit documentation. Such regulators may intend, or decide, to distribute the copies or information contained therein to others, including other government agencies.

In the event KPMG is requested pursuant to subpoena or other legal process to produce its documents and/or testimony relating to this engagement for the University in judicial or administrative proceedings to which KPMG is not a party, the University shall reimburse KPMG at standard billing rates for its professional time and expenses, including reasonable attorney's fees, incurred in responding to such requests.

Other Government Auditing Standards Matters

As required by *Government Auditing Standards*, we have attached a copy of KPMG's most recent peer review report.

Additional Reports and Fees for Services

Appendix I to this letter lists the additional reports we will issue as part of this engagement and our fees for professional services to be performed under this letter.

In addition, fees for any special audit-related projects, such as research and/or consultation on special business or financial issues, will be billed separately from the audit fees for professional services set forth in Appendix I and may be subject to written arrangements supplemental to those in this letter.

* * * * *

Our engagement herein is for the provision of annual audit services for the financial statements and OMB Circular A-133 and for the periods described in Appendix I, and it is understood that such services are provided as a single annual engagement. Pursuant to our arrangement as reflected in this letter we will provide the services set forth in Appendix I as a single engagement for each of the University's subsequent fiscal years until either those charged with governance or we terminate this agreement, or mutually agree to the modification of its terms. The fees for each subsequent year will be annually subject to negotiation and approval by those charged with governance.

Please forward a copy of this letter to the members of the audit committee.

The City University of New York

We shall be pleased to discuss this letter with you at any time. For your convenience in confirming these arrangements, we enclose a copy of this letter. Please sign and return it to us to indicate your acknowledgement of, and agreement with, the arrangements for our audit of the financial statements including our respective responsibilities.

Very truly yours,

KPMG LLP

Shelly R. Masi
Partner

ACCEPTED:

The City University of New York

Authorized Signature

Title

Date

Fees for Services

Based upon our discussions with and representations of management and contract # C141701, our fees for services we will perform are estimated as follows:

Audit of financial statements of The City University of New York as of and for the year ending June 30, 2014	\$625,000
--	-----------

Other Reports:

Report	Fee each year
Reports issued in connection with OMB Circular A-133	Included in fee above
Audit of financial statements of The City University of New York Senior Colleges	Included in fee above

The above estimates are based on the level of experience of the individuals who will perform the services and include expenses for items such as travel, telephone, postage, and typing, printing, and reproduction of financial statements. Circumstances encountered during the performance of these services that warrant additional time or expense could cause us to be unable to deliver them within the above estimates. We will endeavor to notify you of any such circumstances as they are assessed.

Where KPMG is reimbursed for expenses, it is KPMG's policy to bill clients the amount incurred at the time the good or service is purchased. If KPMG subsequently receives a volume rebate or other incentive payment from a vendor relating to such expenses, KPMG does not credit such payment to the client. Instead, KPMG applies such payments to reduce its overhead costs, which costs are taken into account in determining KPMG's standard billing rates and certain transaction charges which may be charged to clients.
