

Policy 7.06 Health Services

The Board of Trustees of the City University of New York requires all colleges to adopt the minimal standards set forth in the document A Model for Health Services Provision at the University: The Minimal Standards. Colleges will provide health and wellness awareness education, administer and manage the immunization program, maintain referral resources, provide a resting area, and administer first aid treatment that includes over-the-counter medication. (BTM,2000,05-22,009,_B)

The use of student activity fees to support health services shall be limited to the establishment of more comprehensive services. (BTM,2000,05-22,009,_B)
