I.B.8 -YORK COLLEGE -MS in CLINICAL TRIAL MANAGEMENT

RESOLVED, that the program in Clinical Trial Management offered at York College and leading to the Master of Science, be approved effective June 26, 2017, subject to financial ability.

EXPLANATION: Most individuals who oversee scientific and medical clinical trials learn the protocols, methods, regulations and best practices while working in support positions. Hence, it is very difficult to find a sufficient number of qualified professionals to fill the growing number of leadership positions in this field. York College will leverage its expertise in allied health, pharmaceuticals, and its long established relationship with the Food and Drug Administration to launch this innovative program successfully.
